Your Excellency and Members of the Council:

REQUESTED ACTION

Authorize the New Hampshire Department of Justice (DOJ) to amend an existing subgrant with the Belmont Police Department, Belmont, NH, (Vendor #177361-B001), for the Comprehensive, Opioid, Stimulant, Substance Abuse Site-based Program (COSSAP), from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, by increasing the price limitation amount by \$23,946.26 from \$357,376.86 to \$381,323.12 and extending the end date, from September 30, 2025 to September 30, 2026, effective upon Governor and Executive Council approval. The original agreement was approved by Governor and Executive Council on June 1, 2022, Item #123, and amended on May 29, 2024, item #005U. **100% Federal Funds.**

Funding is available in Fiscal Year 2026 as follows:

<u>Swift Sanctions Grant</u>	<u>FY 2026</u>
02-20-20-201510-58970000	
072-500574, Grants Federal	\$23,946.26

EXPLANATION

The U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance, COSSAP funding is specifically designed to help lower recidivism rates of overdose victims and provide support to families of those struggling with substance use disorder (SUD) through enhancing and expanding the Prevention, Enforcement, and Treatment (PET) program. This program funds dedicated police officers to respond to overdose calls to provide resources. These officers can assist individuals suffering from SUD, and affected family members, by connecting them with needed resources. The officers also focus on child family members to

identify adverse childhood experiences (ACEs) with a goal of preventing children from becoming future users.

New Hampshire Police Departments suffered a shortage of staffing and turnover causing delays in implementing the PET Program with the communities. Due to these shortages several of the Police Departments are de-obligating funds as they will be unable to spend the funds during the extension period. The de-obligated funds from other departments will be utilized by the Belmont Police Department to continue the PET Officer position through the extension period.

In the event that federal funds are no longer available, general funds will not be requested to support this program.

NH DOJ has determined that the vendor has secured the required levels of insurance and has provided evidence of authority to execute and be bound by the contract. The documents supporting these assertions are available at NH DOJ, for review upon request.

Please let me know if you have any questions concerning this request. Your consideration is greatly appreciated.

Respectfully submitted,

Your Excellency and Members of the Council:

REQUESTED ACTION

Authorize the Department of Justice to enter into subgrants, with the subrecipients listed below, in an amount not to exceed \$2,262,049.54, from the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance (BJA), Comprehensive Opioid, Stimulant, and Substance Abuse Site-based Program (COSSAP), for the purpose of expanding and enhancing the Prevention, Enforcement and Treatment (PET) program, effective upon Governor and Executive Council approval through September 30, 2024. 100% Federal Funds.

Funding is available in account number 02-20-20-201510-5897, Department of Justice, Swift Sanctions as follows:

Class/Account	Subrecipient	Vendor #	Amount
072-500575	Amoskeag Health	157274-B001	\$1,251,686.00
072-500574	Berlin Police Department	177362-B007	\$347,226.68

072-500574	Manchester Police Department	177433-B012	\$305,760.00
Total:			\$2,262,049.54

EXPLANATION

COSSAP is specifically designed to help lower recidivism rates of overdose victims and provide support to families of those struggling with substance use disorder (SUD) through enhancing and expanding the PET program; mainly to fund dedicated police resources responding to overdose calls. The PET program identifies that police officers in New Hampshire

And the Honorable Council

are often the first, and sometimes only, responders to a scene where drugs are involved. Instead of treating the overdose situation as an investigation into criminal activity, officers can assist SUD users and affected family members by connecting them with needed resources. This program also identifies adverse childhood experiences (ACEs) to deter and prevent children from becoming future SUD users.

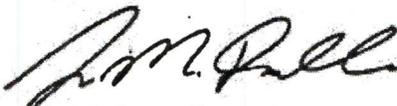

The Manchester Adverse Childhood Experiences Response Team Technical Assistance Center (ACERT TAC) will utilize funds for a program model that uses a multi-disciplinary approach to meet the immediate needs of children and families exposed to adverse childhood experiences. Manchester ACERT TAC will also use funds to enhance the PET program.

Belmont and Berlin Police Departments will hire PET police officers and purchase equipment/supplies needed for the PET project. Amoskeag Health will use funds to hire an ACERT TAC specialist. Amoskeag Health will also use funds for training and data collection.

In the event that federal funds are no longer available, general funds will not be requested to support this program.

Please let me know if you have any questions concerning this request. Thank you for your consideration.
