Her Excellency, Governor Kelly A. Ayotte  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

For consideration on the consent calendar, pursuant to the provisions of NH RSA 4:8, Gifts to the State, authorize the Department of Health and Human Services, Division for Children, Youth and Families to accept a donation of toys, cleaning products, and furniture worth an estimated fair market value of \$1,007.19, from The Forgotten Initiative, effective upon Governor and Council approval.

**EXPLANATION**

The Department of Health and Human Services, Division for Children, Youth and Families (DCYF) is committed to promoting the safety, permanency, and well-being of children and families across New Hampshire. As part of this mission, the Rochester District Office is enhancing its family room to provide a warm, welcoming, and supportive environment where parents can safely engage in parenting time with their children.

When parents are unable to provide a safe setting for parenting time, DCYF works closely with community partners to identify alternative locations. In instances where such options are limited, designated family rooms within DCYF District Offices serve as essential spaces for maintaining parent-child connections.

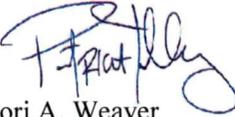

Through their generous support, The Forgotten Initiative (TFI) will make a meaningful impact for children and their families. TFI is a faith based non-profit organization in Rochester NH whose mission is to help support the foster care community through awareness, encouragement and advocacy. The Rochester District Office was contacted by TFI advocate and foster parent, Justin Meehan, to fulfill their mission and help local children and their families. Their donation of toys appropriate for all ages and development, a love seat for parents to sit with their child, a child sized table with storage and chairs for children to sit, play and create a changing table for parents to change their children while parenting, storage and organizational bins, and cleaning items will directly contribute to transforming the Rochester District Office's family room into a more inviting, comfortable, and supportive space for families during parenting time.

Additionally, having a family room onsite at the District Office allows for more convenient scheduling of parenting time to meet the needs of busy and changing family schedules. This dedicated space also allows Child Protective Service Workers (CPSWs) to facilitate safe, structured interactions between parents and children, particularly when community-based alternatives are unavailable.

Your favorable consideration of this request would be greatly appreciated.

Respectfully Submitted,
