Re: **PETITION – Wolfeboro #44455; X-A005(503)**

The Department of Transportation requests that this item be placed on the Consent Calendar.

Under RSA 230:14, attached is a petition for a hearing on replacing the existing eighty-foot-long, sixty-inch CMP located 825 feet north of Oakwood Road along NH 28 in the Town of Wolfeboro, which failed during a July 2023 storm event, with a nine-foot-wide by six-and-a-half-foot-high precast box culvert.

As the petition is not for the limitation or control of access, a Commission of Three Persons should be appointed by the Governor with the advice of the Executive Council to hold a hearing as prescribed by RSA 230:14. The Commission of Three Persons shall determine whether there is an occasion for the construction of the intersection.

Recommended Commission members:

- Richard Kourian – Wolfeboro
- Stephen Wood – Wolfeboro
- David Senecal -- Wolfeboro

Respectfully,

William J. Cass, P.E.
Commissioner

WJC/dwh
Attachment: Petition

- P E T I T I O N -

To Her Excellency, the Governor, and the Honorable Executive Council:

I, William J. Cass, as the Commissioner of the New Hampshire Department of Transportation, and in accordance with RSA 230:14, propose to replace the existing eighty-foot-long, sixty-inch CMP, which failed during a July 2023 storm event, with a nine-foot-wide by six-and-a-half-foot high precast box culvert.

WOLFEBORO 44455

The purpose of the Wolfeboro 44455 project is to replace the existing eighty-foot-long, sixty-inch CMP, which failed during a July 2023 storm event, with a nine-foot-wide by six-and-a-half-foot high precast box culvert. Incidental work will also include guardrail and end terminal replacements. The site is located eight hundred and twenty-five feet north of Oakwood Road along NH 28 in the Town of Wolfeboro.

Therefore, I, William J. Cass, as the Commissioner of the New Hampshire Department of Transportation, and in accordance with RSA 230:14, replace the existing eighty-foot-long, sixty-inch CMP, which failed during a July 2023 storm event, with a nine-foot-wide by six-and-a-half-foot high precast box culvert.

DATED: October 10, 2025

William J. Cass, P.E.
Commissioner
