THE STATE OF NEW HAMPSHIRE

DEPARTMENT OF TRANSPORTATION

15

MAR 04 2026

William Cass, P.E.  
Commissioner

David Rodrigue, P.E.  
Assistant Commissioner

Michelle L. Winters  
Deputy Commissioner

Her Excellency, Governor Kelly A. Ayotte  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

Bureau of Construction  
February 6, 2025

**REQUESTED ACTION**

1. Authorize the Department of Transportation to enter into a contract with New England Signal Systems, Inc. (Vendor 174153) of Northwood, NH, on the basis of a low bid of \$398,459.75 for furnishing, installing and making operational three (3) Solar power and two (2) AC power automatic vehicle classification (AVC) traffic study systems, (Project: Bedford-Manchester Smart ILS Construction #44830B) from the date of Governor and Council approval through November 6, 2026, unless amended by the Department in accordance with the Standard Specifications. 100% Federal Funds.

Funds are available in the following account for Fiscal Year 2026:

Funding is available as follows:	<u>FY 2026</u>
04-96-96-960515-3009	
Traffic Operation Bureau	
400-500870 Highway Contract Payments	\$398,459.75

2. Further authorize that a contingency in the amount of \$39,845.98 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	<u>FY 2026</u>
04-96-96-960515-3009	
Traffic Operation Bureau	
400-500870 Highway Contract Payments	\$39,845.98

**EXPLANATION**

This project was initiated through the SMART Grant. The work consists of furnishing, installing, and making operational, three (3) Solar powered automatic vehicle classification (AVC) traffic study systems and two (2) AC powered automatic vehicle classification (AVC) traffic study systems, at the following locations:

Solar:

- F.E. Everett Turnpike, 119ft± North of MM 6.8
- NH 101, at crossover, 115ft± West of Plummer Road overpass
- US 293/ NH 101, 125ft± West of MM 2.2

AC:

- Brown Avenue, 150ft± North of Trafford Street
- Queen City Avenue, 650ft± East of Elm Street

This project aims to install five AVC stations at locations in and around the Manchester area. Three locations are on State Routes, the other two are located inside City Limits, to enable continuous traffic data collection in support of the Highway Performance Monitoring Program (HPMS), traffic monitoring reporting, traffic forecasting, and pavement design.

The proposed contingency amount is 10% of the contract amount. This is to account for possible materials cost increase, as well as unanticipated traffic control needs and any unanticipated construction expenses.

Although the bid costs exceeded the Department's estimate by 17.73% the low bid of five bids received is felt to be reasonable for the work involved. The items that contributed to the higher bid are Item 617.211 Classification Station, AC-Powered with Pole \$36,500 and Item 617.221 Classification Station, Solar Powered with Pole \$48,500. Re-advertising this project would result, in our opinion, in higher prices and prevent the completion of the work in a timely manner. The Department considers it to be in the best interest of the State to accept this bid to accomplish these needed repairs.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval will be on file at the Department of Transportation.

This project funding is: 100% Federal funds (SMART Inductive Loop Signature (ILS) Grant).

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested. The Department of Transportation has determined that the vendor is in good standing with the Secretary of State's Office, has secured the required levels of insurance, and has provided evidence of authority to execute and be bound by the contract.

Sincerely,  
  
William J. Cass, P.E.  
Commissioner

WJC/pcj

Department Estimate:	\$338,450.94
Contract Amount:	<u>\$398,459.75</u>
Over Estimate:	\$ 60,008.81

## **SUPPLEMENTAL PROJECT INFORMATION SHEET**

**DESCRIPTION:** This work consists of furnishing, installing, and making operational, three (3) Solar power automatic vehicle classification (AVC) traffic study systems and two (2) AC power automatic vehicle classification (AVC) traffic study systems, at the following locations:

**Solar:**

- F.E. Everett Turnpike, 119ft± North of MM 6.8
- NH 101, at crossover, 115ft± West of Plummer Road overpass
- US 293/ NH 101, 125ft± West of MM 2.2

**AC:**

- Brown Avenue, 150ft± North of Trafford Street
- Queen City Avenue, 650ft± East of Elm Street

**FEDERAL FUNDING:** 100% Federal SMART Inductive Loop Signature (ILS) Grant

**CONTINGENCY:** The proposed contingency amount is 10% of the contract amount. This is to account for possible materials cost increase, as well as unanticipated traffic control needs and any unanticipated construction expenses.

**PROJECT INITIATED:** This project was initiated through the SMART Grant.

**EXPLANATION:** This project aims to install five AVC stations at locations in and around the Manchester area. Three locations are on State Routes, the other two are located inside City Limits, to enable continuous traffic data collection in support of the Highway Performance Monitoring Program (HPMS), traffic monitoring reporting, traffic forecasting, and pavement design.

**TRAFFIC IMPLICATION:** Short-duration lane closures for installing detection loops in pavement. Traffic control is expected to range from alternating two-way traffic on conventional roads to successive lane closures on multi-lane highways. Lane closures will be required at night. Other work can be performed off-pavement with shoulder closures for work access.

**FINAL COMPLETION DATE:** November 6, 2026

# State of New Hampshire

## Department of State

### CERTIFICATE

I, David M. Scanlan, Secretary of State of the State of New Hampshire, do hereby certify that NEW ENGLAND SIGNAL SYSTEMS, INC. is a New Hampshire Profit Corporation registered to transact business in New Hampshire on March 02, 1979. I further certify that all fees and documents required by the Secretary of State's office have been received and is in good standing as far as this office is concerned.

Business ID: **19087**

Certificate Number: **0007361302**

IN TESTIMONY WHEREOF,

I hereto set my hand and cause to be affixed  
the Seal of the State of New Hampshire,  
this 5th day of January A.D. 2026.

A handwritten signature in black ink, appearing to read "D. Scanlan", is written over a faint circular stamp.

David M. Scanlan  
Secretary of State

**Sole Officer Certification of Authority**

I, Christopher T. Quinn, Hereby certify that I am the Sole Officer  
*(Name)*

of, New England Signal Systems, Inc. which is a Corporation registered with the  
*(Name of Corporation)*

Secretary of State under RSA 349. I certify that I am the Sole Officer of the Corporation.

I further certify that it is understood that the State of New Hampshire will rely on this certificate as evidence that the person listed about currently occupies the position indicated and that they have full authority to bind the Corporation.

DATED: January 6, 2026

ATTEST:

Christopher T. Quinn  
President and Sole Officer

THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

**IMPORTANT:** If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).
