Dept. Environmental Services, Drinking Water and Groundwater Trust Fund, Grants Non-Federal

**EXPLANATION**

The Drinking Water and Groundwater Trust Fund (DWGTF) was created in 2016, using \$276 million of MtBE trial judgement funds, as authorized by RSA 485-F. The purpose of the DWGTF is to provide sustainable, long-term funding for the protection, preservation, and enhancement of the drinking water and groundwater resources of the state. The Drinking Water and Groundwater Advisory Commission (Advisory Commission) was established to administer and provide guidance on the use of the DWGTF.

On November 17, 2025, the Advisory Commission voted to authorize a \$60,000 grant to the William Lawrence Camp, Inc. to address well supply and storage capacity deficiencies. Work includes drilling a new supply well, construction of a new pump house, installation of new electrical components, installation of treatment systems as needed, and interconnection of the new well to the existing distribution system. The project also includes inspection of existing storage tanks and either replacement or rehabilitation of the tanks.

If these funds become unavailable, general funds will not be requested to support this project. This agreement has been approved by the Attorney General's Office as to form, substance, and execution.

We respectfully request your approval of this item.

- 12.2. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.3. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.
