Glenn A. Brackett

May 7, 2026

The Honorable Governor Kelly A. Ayotte
and The Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Accept the enclosed Biennial Report of the Public Employee Labor Relations Board.

EXPLANATION

I have prepared the Biennial Report for the period July 1, 2023 to June 30, 2025 (FY 24 & 25) on behalf of the New Hampshire Public Employee Labor Relations Board pursuant to RSA 273-A:16, III. The report may be accessed on the state transparency website per RSA 20:7. More information about the PELRB is available at www.nh.gov/pelrb.

Respectfully,

/s/ Douglas L. Ingersoll

PELRB Classified Employees (4):

Executive Director (1)
Staff Attorney/Hearing Officer (1)
Legal Secretary IV (2)

Introduction

The state's public sector collective bargaining law is set forth in RSA 273-A, and this board has administered this law for the past forty five years. In 1975, when RSA 273-A was enacted, some public employers and employees were already engaged in collective bargaining, and strikes and work stoppages were a concern. The legislature stated that it "is the policy of the state to foster harmonious and cooperative relations between public employers and their employees and to protect the public by encouraging the orderly and uninterrupted operation of government." The legislature implemented this policy by: 1) recognizing the right of public employees to organize and be represented for the purpose of bargaining collectively with public employers such as the state, any political subdivision of the state, the university system but not the General Court; 2) requiring public employers to negotiate in good faith with certified employee representatives and reduce collectively bargained agreements to writing; and 3) establishing a public employee labor relations board with "broad powers to assist in resolving disputes between governments and its employees."

Summary of the Board's Administrative and Adjudicatory functions

Operation of the Office of State and Public Sector Labor Relations:

In anticipation of the passage of RSA 273-E (eff. July 1, 2025), in the last quarter of FY 25, the PELRB began preparing to assume certain additional administrative responsibilities to support the State Personnel Appeals Board (see RSA 273-D) and the Right to Know Ombudsman's Office (see RSA 91-A:7-a). Among other things, this has involved including sufficient funding in the PELRB's FY 26-27 budget to acquire an enterprise solution to the case management software used in PELRB operations, the migration and organization of existing PAB and Ombudsman files and records into PELRB systems, the provision of hearing room space, and management of the PAB docket (the ombudsman position, reduced from a full time to a per diem position, is currently vacant).

Bargaining Unit Formation and Determination of Representative:

Certification petitions are processed which seek recognition of proposed bargaining units. These may require adjudicatory hearings to resolve bargaining unit composition issues. The certified exclusive representative of appropriate bargaining units is determined through the written majority authorization or secret ballot election process.

Changes to existing bargaining units:

Modification petitions are processed to resolve proposed changes in the composition of previously certified bargaining units and may involve contested adjudicatory hearings.

Representation challenges:

Decertification petitions and challenge petitions are processed which seek to resolve through secret ballot elections questions of representation of existing bargaining units and whether bargaining unit employees wish to continue with statutory collective bargaining through secret ballot elections. Contested adjudicatory hearings may be necessary.

Elections:

Secret ballot elections are conducted by mail or on site at various public employer locations throughout the state to resolve questions of representation of bargaining units.

Unfair Labor Practice Complaints:

Unfair Labor Practice complaints are processed which seek to address alleged violations of RSA 273-A:5, I or II. Pre-hearing conferences and contested adjudicatory proceedings are typically required to determine whether a particular respondent has violated a provision(s) of RSA 273-A:5.

Declaratory Rulings:

Petitions for a declaratory ruling are processed pursuant to Pub 206.01 regarding the specific applicability of any statute within the jurisdiction of the board to enforce, or any rule or order of the board.

Hearings:

RSA 273-A mandates the conduct of a hearing within 45 days of the filing date for unfair labor practice complaints. Representation and other petitions follow a similar time line. Hearings involve sworn testimony, exhibits, as well as written and oral argument. These proceedings may involve two to three parties, their representatives, multiple witnesses, observers, as well as PELRB staff and board members.

Decisions:

The PELRB issues comprehensive written decisions in contested cases inclusive of factual findings, legal rulings, and orders for relief if applicable. Per RSA 273-A, decisions on unfair labor practice complaints typically issue within 45 days of the date the record for decision is complete. A similar timeline is followed for representation and other petitions. Decisions are subject to a PELRB review process pursuant to Pub 205 and final PELRB decisions are subject to appeal to the New Hampshire Supreme Court. All decisions dating to 1976 are available on the PELRB website.

Rulemaking:

The PELRB files rulemaking petitions as necessary to implement the provisions of RSA 273-A. This involves the conduct of related public hearings and proceedings, and the presentation of proposed rule changes to the Joint Legislative Committee on Administrative Rules (JLCAR).

Neutral appointments:

The board maintains a list of neutrals per RSA 273-A:2, V who serve as impasse mediators, factfinders, and/or grievance arbitrators.

Collective bargaining:

Parties to the negotiating process are required to bargain in good faith, which means they must meet at reasonable times and places with the good faith intention to discuss bargaining proposals for the purpose of reaching agreement and finalizing a tentative agreement whose costs are subject to final approval by the local legislative body. Parties must file their collective bargaining agreements with the PELRB and the PELRB publishes all filed contracts on the PELRB website.

Website development and maintenance:

The board maintains a website which contains comprehensive and current information about applicable laws, rules, procedures, decisions, bargaining unit certifications and collective bargaining agreements. The website serves as a resource frequently used by public employers, public employees, employee organizations, and the public to conduct legal research and learn more about PELRB procedures, and reduces the amount of time dedicated to staff responses to public inquiries. *NB: A conversion to a Drupal based website is in process and will be completed by the end of FY26.*

RSA 273-C:

In 1990 the legislature enacted RSA 273-C and authorized proceedings before the PELRB relating to the right of employees of licensed dog or horse racing track owners to form bargaining units and engage in collective bargaining. This law accounts for a relatively small percentage of PELRB activity.

Electronic Filing and Docket Maintenance:

PELRB operations are conducted and managed using filing and case management software, implemented during the last quarter of FY24, which facilitates and expedites filings made with the PELRB, the issuance of decisions, and internal management of case files, docket material, and general systems.

Summary, Receipts and Expenditures, Fiscal Years 2024 and 2025
