April 27, 2026

Her Excellency, Governor Kelly A. Ayotte  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

**REQUESTED ACTION**

Authorize the Department of Environmental Services to award a Strategic Planning Grant to the City of Lebanon, NH (VC# 177422-B004) totaling \$30,000 to improve public water system management, effective upon Governor and Council approval through June 30, 2027. 100% Federal Funds.

Funding is available in the following account:

03-44-44-441018-5564-072-500574

Dept. Environmental Services, DWSRF BIL Administration, Grants- Federal

FY 2026  
\$30,000

**EXPLANATION**

During the fall of 2025, the Department of Environmental Services issued a solicitation for applications for the 2025 Water System Sustainability Grant Program to community water systems serving a population greater than 150 people. Through the program, twenty-two (22) Strategic Planning Grant applications were received, evaluated, and ranked based on criteria included in the solicitation, such as whether the project improves technical, managerial and financial capacity and provides decision makers with the best available data to implement drinking water infrastructure improvements. Out of the twenty-two project proposals, nine (9) were selected to be funded. See attachment A for the Strategic Planning grant application rankings and list of reviewers.

The City of Lebanon will use the grant funds to evaluate the best options for supplementing its water supply to meet current and future demand. This evaluation will assess the feasibility of interconnecting with adjacent community water systems or developing a new well. The findings will provide critical data to support informed decision making and identify the most effective solution to increase the City's water system capacity. Through strategic planning, the results will enhance long-term sustainability, improve system redundancy, and increase the reliability of the water supply.

This agreement has been approved by the Attorney General's Office as to form, substance, and execution. In the event these funds become unavailable, general funds will not be requested to support this project.

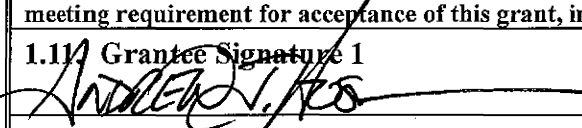

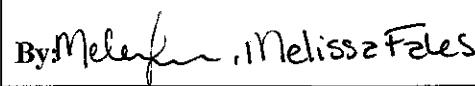

We respectfully request your approval of this item.

Robert R. Scott  
Commissioner
