

The State of New Hampshire
Department of Environmental Services

Robert R. Scott, Commissioner

78 - 6/3/26

May 6, 2026

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Environmental Services (NHDES) Aquatic Resources Mitigation Fund Program (ARM Fund) to enter into a grant agreement with the Town of Hampton, NH (Vendor Code #177399-B002) totaling \$587,600 for the purpose of restoring degraded sand dunes in the undeveloped tidal buffer zone and enhancing fringe marsh habitat adjacent to Plaice Cove Beach on the New Hampshire coastline in Hampton, NH, effective upon Governor and Council approval through December 31, 2034. 100% ARM Funds. Fishing is a permissible use on the land. Hunting is not a permissible use on the property due to its proximity to residential areas, roads, and recreation areas.

Funding is available in the following account:

03-44-44-442010-38710000-073-500580

Dept. Environmental Services, In-Lieu Wetland Mitigation, Grants Non-Federal

FY 2026

\$587,600

EXPLANATION

New Hampshire RSA 482-A:3 requires a wetland permit for any proposed project that involves dredging or filling of a wetland. Before a wetland permit is issued, applicants must show that the proposed project will avoid adverse impacts to wetlands and will minimize and provide compensation for those wetland impacts which are unavoidable.

The NHDES wetlands program adopted a set of mitigation rules that establish what is necessary for an applicant to provide for wetland compensation. The current department rules spell out ratios for wetland compensation that include creating a new wetland, restoring a former wetland site, or protecting a high-quality aquatic resource by preserving adjacent upland habitat. One mitigation option, commonly referred to as an *in-lieu fee program*, is ideal for projects that have difficulty in locating an appropriate mitigation site. The ARM Fund authorizes the collection of mitigation funds in lieu of other forms of wetland mitigation as part of a wetlands permit application.

NHDES issued a request for proposals for ARM Funds available in the Salmon Falls-Piscataqua River Service Area in April 2025. The NHDES received two full applications within the Salmon Falls-Piscataqua Service Area and on November 20, 2025, ARM Fund Site Selection Committee recommended awarding funds to the Plaice Cove Dune Restoration Project. The New Hampshire Wetlands Council and U.S. Army Corps of Engineers approved the recommendation to award funds to support the projects. Attachment A lists the proposals received and the ARM Fund Site Selection Committee members involved in the decision.

The Town of Hampton proposes utilizing ARM funds to restore 1.5 acres of degraded sand dune in the undeveloped tidal buffer zone and enhance fringe marsh habitat adjacent to Plaice Cove Beach on the New Hampshire coastline in Hampton. Restoration activities will include beach nourishment (rebuilding dune volume and beach), strategic native vegetation planting (to initiate and sustain natural sand accretion processes) with the

goal of increasing sediment volume in the sand dune-salt marsh system resulting in elevated and resilient beach profile. The project is designed to restore the geomorphic and ecological integrity of the dune system and improve aquatic resource functions and values within the landscape, resulting in a measurable increase in acreage of healthy dune and sustained or increased saltmarsh in New Hampshire and within the watershed. The project will restore, enhance and protect similar resource type and functions and values to what was lost in the Salmon Falls-Piscataqua Rivers watershed by the permitted impacts that generated the funds, including groundwater recharge, nutrient removal/trapping/retention and transformation, sediment/toxicant retention, transformation and transport, flood flow alteration and resiliency, scenic quality, ecological integrity, wildlife habitat, fish and shellfish/aquatic life habitat, and shoreline stabilization.

To ensure the sustainability of the restored aquatic resources and their buffers, conservation restrictions will be placed on the restoration areas to prevent future degradation and destruction. The site projection mechanism will include a provision for designated points for public access for passive recreational uses including but not limited to fishing, hiking, wildlife viewing, and swimming. Hunting is not permissible on the property due to the proximity to residential areas. Motorized vehicles use is not permissible within the restoration areas due to the sensitive habitat and environment. Attachment B includes a map of the project location.

If other funds no longer become available, general funds will not be requested to support this program. This agreement has been approved as to form, content, and execution by the Attorney General's office.

We respectfully request your approval.

Robert R. Scott, Commissioner

The State of New Hampshire and the Grantee hereby
Mutually agree as follows:
GENERAL PROVISIONS

I. Identification and Definitions.

1.1. State Agency Name NH Department of Environmental Services		1.2. State Agency Address 29 Hazen Drive, Concord NH 03302-0095	
1.3. Grantee Name Town of Hampton		1.4. Grantee Address 100 Winnacunnet Road, Hampton, NH 03842	
1.5 Grantee Phone # 603-758-1517	1.6. Account Number 03-44-44-442010- 38710000-073	1.7. Completion Date 12/31/2034	1.8. Grant Limitation \$587,600
1.9. Grant Officer for State Agency Emily Nichols		1.10. State Agency Telephone Number (603) 271-4059	
If Grantee is a municipality or village district: "By signing this form we certify that we have complied with any public meeting requirement for acceptance of this grant, including if applicable RSA 31:95-b."			
1.11. Grantee Signature 1 		1.12. Name & Title of Grantee Signor 1 James Sullivan, Town Manager	
Grantee Signature 2		Name & Title of Grantee Signor 2	
Grantee Signature 3		Name & Title of Grantee Signor 3	
1.13 State Agency Signature(s) 		1.14. Name & Title of State Agency Signor(s) Robert R. Scott, Commissioner	
1.15. Approval by Attorney General (Form, Substance and Execution) (if G & C approval required) By:  Assistant Attorney General, On: 5/11/26			
1.16. Approval by Governor and Council (if applicable) By: _____ On: / /			

2. SCOPE OF WORK: In exchange for grant funds provided by the State of New Hampshire, acting through the Agency identified in block 1.1 (hereinafter referred to as "the State"), the Grantee identified in block 1.3 (hereinafter referred to as "the Grantee"), shall perform that work identified and more particularly described in the scope of work attached hereto as EXHIBIT B (the scope of work being hereinafter referred to as "the Project").

3. AREA COVERED. Except as otherwise specifically provided for herein, the Grantee shall perform the Project in, and with respect to, the State of New Hampshire.
4. EFFECTIVE DATE: COMPLETION OF PROJECT.
- 4.1. This Agreement, and all obligations of the parties hereunder, shall become effective on the date on the date of approval of this Agreement by the Governor and Council of the State of New Hampshire if required (block 1.16), or upon signature by the State Agency as shown in block 1.14 ("the Effective Date").
- 4.2. Except as otherwise specifically provided herein, the Project, including all reports required by this Agreement, shall be completed in ITS entirety prior to the date in block 1.7 (hereinafter referred to as "the Completion Date").
5. GRANT AMOUNT: LIMITATION ON AMOUNT: VOUCHERS: PAYMENT.
- 5.1. The Grant Amount is identified and more particularly described in EXHIBIT C, attached hereto.
- 5.2. The manner of, and schedule of payment shall be as set forth in EXHIBIT C.
- 5.3. In accordance with the provisions set forth in EXHIBIT C, and in consideration of the satisfactory performance of the Project, as determined by the State, and as limited by subparagraph 5.5 of these general provisions, the State shall pay the Grantee the Grant Amount. The State shall withhold from the amount otherwise payable to the Grantee under this subparagraph 5.3 those sums required, or permitted, to be withheld pursuant to N.H. RSA 80:7 through 7-c.
- 5.4. The payment by the State of the Grant amount shall be the only, and the complete payment to the Grantee for all expenses, of whatever nature, incurred by the Grantee in the performance hereof, and shall be the only, and the complete, compensation to the Grantee for the Project. The State shall have no liabilities to the Grantee other than the Grant Amount.
- 5.5. Notwithstanding anything in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made, hereunder exceed the Grant limitation set forth in block 1.8 of these general provisions.
6. COMPLIANCE BY GRANTEE WITH LAWS AND REGULATIONS. In connection with the performance of the Project, the Grantee shall comply with all statutes, laws regulations, and orders of federal, state, county, or municipal authorities which shall impose any obligations or duty upon the Grantee, including the acquisition of any and all necessary permits and RSA 31-95-b.
7. RECORDS and ACCOUNTS.
- 7.1. Between the Effective Date and the date seven (7) years after the Completion Date, unless otherwise required by the grant terms or the Agency, the Grantee shall keep detailed accounts of all expenses incurred in connection with the Project, including, but not limited to, costs of administration, transportation, insurance, telephone calls, and clerical materials and services. Such accounts shall be supported by receipts, invoices, bills and other similar documents.
- 7.2. Between the Effective Date and the date seven (7) years after the Completion Date, unless otherwise required by the grant terms or the Agency pursuant to subparagraph 7.1, at any time during the Grantee's normal business hours, and as often as the State shall demand, the Grantee shall make available to the State all records pertaining to matters covered by this Agreement. The Grantee shall permit the State to audit, examine, and reproduce such records, and to make audits of all contracts, invoices, materials, payrolls, records of personnel, data (as that term is hereinafter defined), and other information relating to all matters covered by this Agreement. As used in this paragraph, "Grantee" includes all persons, natural or fictional, affiliated with, controlled by, or under common ownership with, the entity identified as the Grantee in block 1.3 of these provisions PERSONNEL.
8. The Grantee shall, at its own expense, provide all personnel necessary to perform the Project. The Grantee warrants that all personnel engaged in the Project shall be qualified to perform such Project, and shall be properly licensed and authorized to perform such Project under all applicable laws.
- 8.1. The Grantee shall not hire, and it shall not permit any subcontractor, subgrantee, or other person, firm or corporation with whom it is engaged in a combined effort to perform the Project, to hire any person who has a contractual relationship with the State, or who is a State officer or employee, elected or appointed. The Grant Officer shall be the representative of the State hereunder. In the event of any dispute hereunder, the interpretation of this Agreement by the Grant Officer, and his/her decision on any dispute, shall be final.
- 8.2. DATA; RETENTION OF DATA; ACCESS.
- 8.3. As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations,
- 9.2. computer programs, computer printouts, notes, letters, memoranda, paper, and documents, all whether finished or unfinished.
- 9.3. Between the Effective Date and the Completion Date the Grantee shall grant to the State, or any person designated by it, unrestricted access to all data for examination, duplication, publication, translation, sale, disposal, or for any other purpose whatsoever.
- 9.4. No data shall be subject to copyright in the United States or any other country by anyone other than the State.
- 9.5. On and after the Effective Date all data, and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason, whichever shall first occur.
10. The State, and anyone it shall designate, shall have unrestricted authority to publish, disclose, distribute and otherwise use, in whole or in part, all data.
11. CONDITIONAL NATURE OR AGREEMENT. Notwithstanding anything in this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability or continued appropriation of funds, and in no event shall the State be liable for any payments hereunder in excess of such available or appropriated funds. In the event of a reduction or termination of those funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to terminate this Agreement immediately upon giving the Grantee notice of such termination.
- 11.1. EVENT OF DEFAULT: REMEDIES.
- 11.1.1. Any one or more of the following acts or omissions of the Grantee shall constitute an event of default hereunder (hereinafter referred to as "Events of Default"):
- 11.1.2. Failure to perform the Project satisfactorily or on schedule; or
- 11.1.3. Failure to submit any report required hereunder; or
- 11.1.4. Failure to maintain, or permit access to, the records required hereunder; or
- 11.2. Failure to perform any of the other covenants and conditions of this Agreement. Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:
- 11.2.1. Give the Grantee a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely remedied, terminate this Agreement, effective two (2) days after giving the Grantee notice of termination; and
- 11.2.2. Give the Grantee a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the Grant Amount which would otherwise accrue to the Grantee during the period from the date of such notice until such time as the State determines that the Grantee has cured the Event of Default shall never be paid to the Grantee; and Set off against any other obligation the State may owe to the Grantee any damages the State suffers by reason of any Event of Default; and
- 11.2.3. Treat the agreement as breached and pursue any of its remedies at law or in equity, or both.
- 11.2.4. TERMINATION.
12. In the event of any early termination of this Agreement for any reason other than the completion of the Project, the Grantee shall deliver to the Grant Officer, not later than fifteen (15) days after the date of termination, a report (hereinafter referred to as the "Termination Report") describing in detail all Project Work performed, and the Grant Amount earned, to and including the date of termination. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall entitle the Grantee to receive that portion of the Grant amount earned to and including the date of termination.
- 12.1. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.
- 12.2. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice. CONFLICT OF INTEREST. No officer, member of employee of the Grantee, and no representative, officer or employee of the State of New Hampshire or of the governing body of the locality or localities in which the Project is to be performed, who exercises any functions or responsibilities in the review or

- approval of the undertaking or carrying out of such Project, shall participate in any decision relating to this Agreement which affects his or her personal interest or the interest of any corporation, partnership, or association in which he or she is directly or indirectly interested, nor shall he or she have any personal or pecuniary interest, direct or indirect, in this Agreement or the proceeds thereof. GRANTEE'S RELATION TO THE STATE. In the performance of this Agreement the Grantee, its employees, and any subcontractor or subgrantee of the Grantee are in all respects independent contractors, and are neither agents nor employees of the State. Neither the Grantee nor any of its officers, employees, agents, members, subcontractors or subgrantees, shall have authority to bind the State nor are they entitled to any of the benefits, workmen's compensation or emoluments provided by the State to its employees.
14. ASSIGNMENT AND SUBCONTRACTS. The Grantee shall not assign, or otherwise transfer any interest in this Agreement without the prior written consent of the State. None of the Project Work shall be subcontracted or subgranted by the Grantee other than as set forth in Exhibit B without the prior written consent of the State.
15. INDEMNIFICATION. The Grantee shall defend, indemnify and hold harmless the State, its officers and employees, from and against any and all losses suffered by the State, its officers and employees, and any and all claims, liabilities or penalties asserted against the State, its officers and employees, by or on behalf of any person, on account of, based on, resulting from, arising out of (or which may be claimed to arise out of) the acts or omissions of the Grantee or subcontractor, or subgrantee or other agent of the Grantee. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant shall survive the termination of this agreement.
16. INSURANCE.
17. The Grantee shall, at its own expense, obtain and maintain in force, or shall require any subcontractor, subgrantee or assignee performing Project work to obtain and maintain in force, both for the benefit of the State, the following insurance:
- 17.1.1 Statutory workers' compensation and employees liability insurance for all employees engaged in the performance of the Project, and
- 17.1.2 General liability insurance against all claims of bodily injuries, death or property damage, in amounts not less than \$1,000,000 per occurrence and \$2,000,000 aggregate for bodily injury or death any one incident, and \$500,000 for property damage in any one incident; and
- 17.2. The policies described in subparagraph 17.1 of this paragraph shall be the standard form employed in the State of New Hampshire, issued by underwriters acceptable to the State, and authorized to do business in the State of New Hampshire. Grantee shall furnish to the State, certificates of insurance for all renewal(s) of insurance required under this Agreement no later than ten (10) days prior to the expiration date of each insurance policy.
18. WAIVER OF BREACH. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event, or any subsequent Event. No express waiver of any Event of Default shall be deemed a waiver of any provisions hereof. No such failure of waiver shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other default on the part of the Grantee.
19. NOTICE. Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses first above given.
20. AMENDMENT. This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Council of the State of New Hampshire, if required or by the signing State Agency.
21. CONSTRUCTION OF AGREEMENT AND TERMS. This Agreement shall be construed in accordance with the law of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assignees. The captions and contents of the "subject" blank are used only as a matter of convenience, and are not to be considered a part of this Agreement or to be used in determining the intent of the parties hereto.
22. THIRD PARTIES. The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.
23. ENTIRE AGREEMENT. This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings relating hereto.
24. SPECIAL PROVISIONS. The additional or modifying provisions set forth in Exhibit A hereto are incorporated as part of this agreement.

Grantee Initials

Date

EXHIBIT A
SPECIAL TERMS AND CONDITIONS

Aquatic Resource Mitigation (ARM) funds are contingent upon the recordation of a conservation interest instrument (i.e. declaration of covenants and conservation restrictions) approved by the department to protect in perpetuity the restored areas on the parcel of land owned by the Town of Hampton identified as Town of Hampton Tax Map 99, Lot 2.

EXHIBIT B
SCOPE OF SERVICES

A. Project Title:

Plaice Cove Dune Restoration Project

B. Project Period:

Upon Governor & Council Approval through December 31, 2034

C. Grant Amount:

Total funds available for payment of allowable costs incurred under this Grant Agreement (Agreement) shall not exceed \$587,600. The New Hampshire Department of Environmental Services (NHDES) ARM Fund (ARM) will not reimburse the Town of Hampton (GRANTEE) for costs exceeding the amount specified in this paragraph.

D. Effective Date and Commencement of Work:

This Scope of Services describes the activities that have been agreed to between ARM and the GRANTEE, and all obligations of the parties hereunder shall become effective on the date the Governor and Executive Council of the State of New Hampshire approve this Agreement ("Effective Date") and shall end on December 31, 2034. Any work performed by the GRANTEE prior to the Effective Date shall be at the **sole risk** of the GRANTEE. In the event this Grant Agreement does not become effective, ARM shall be under no obligation to pay the GRANTEE for any costs incurred or work performed; however, if this Agreement becomes effective, costs incurred prior to the Effective Date that would otherwise be allowable are eligible for payment under the terms of this Agreement.

E. Objectives:

The Plaice Cove Dune Restoration Project objective is to restore 1.5 acres of degraded sand dune in the undeveloped tidal buffer zone and enhance fringe marsh habitat on Plaice Cove Beach on the New Hampshire coastline in Hampton. Restoration activities will include beach nourishment (rebuilding dune volume and beach), strategic native vegetation planting (to initiate and sustain natural sand accretion processes) with the goal of increasing sediment volume in the sand dune-salt marsh system resulting in elevated and resilient beach profile. The project is designed to restore the geomorphic and ecological integrity of the dune system and improve aquatic resource functions and values within the landscape, resulting in a measurable increase in acreage of healthy dune and sustained or increased saltmarsh in New Hampshire and within the watershed. The project will restore, enhance and protect similar resource type and functions and values to what was lost in the Salmon Falls-Piscataqua Rivers watershed by the permitted impacts that generated the funds, including groundwater recharge, nutrient removal/trapping/retention and transformation, sediment/toxicant retention, transformation and transport, flood flow alteration and resiliency, scenic quality, ecological integrity, wildlife habitat, fish and shellfish/aquatic life habitat, and

shoreline stabilization.

ARM funds will also be utilized to establish a long-term protection mechanism for all restored areas in accordance with 33 C.F.R. § 332.7(a) of the Federal Mitigation Rule. The long-term protection mechanism will include a provision for designated points for public access for passive recreational uses.

F. Scope of Work:

The GRANTEE agrees to complete the following tasks under this grant agreement with the NHDES Arm Fund Program.

Task I: Design & Permitting

The GRANTEE is responsible for obtaining all required federal, state, and local permits and approvals prior to any restoration work. The GRANTEE will submit 30% design plans to the ARM Site Selection Committee and incorporate feedback to optimize the restoration outcomes.

The GRANTEE will obtain ARM approval for the final design and construction timeline. The GRANTEE will work with ARM to develop a Federal Mitigation Plan for approval by the United States Army Corps of Engineers (USACOE) prior to submittal of the wetlands permit application and project implementation. The Federal Mitigation Plan shall meet the criteria outlined in 33 CFR 332.4(c) and establish the mitigation work plan, performance standards, monitoring requirements, site protection, long-term management plan, adaptive management plan, and financial assurance measures.

Task II: Construction Phase Engineering Services

The GRANTEE's selected contractor(s) will participate in a pre-construction meeting before any site work begins that will include ARM, NHDES Wetlands Bureau permitting staff, project partners and contractors to review permit conditions, construction inspection requirements, the construction schedule and lines of communication, and grant-related requirements. During the pre-construction meeting the GRANTEE will designate a QUALIFIED PROFESSIONAL(S) (as defined in Env-Wt 802.06) with expertise in coastal restoration to supervise and be on-site during construction to ensure conformance with the final design plans and specifications, as well as monitor the project site until it is stabilized. Construction Status Meetings will be held weekly with the Contractor during construction. The purpose of these meetings will be, among other things, to review current progress, projected progress, and identify any areas needing coordination. Representatives from ARM will be invited to these meetings to review progress and provide input. The QUALIFIED PROFESSIONAL(S) will prepare and distribute notes from each Construction Status Meeting. The QUALIFIED PROFESSIONAL(S) will also develop and submit monthly construction progress reports that will include on-site observations, field reports, field change sketches, maintenance records of activities, submittals, invoice/payment requisitions and review of conformance with the contract documents. In the event questions or concerns arise during construction, QUALIFIED PROFESSIONAL will work with ARM, project partners, and contractor(s) to develop and implement adaptive management interventions that may be necessary to optimize the restoration outcomes. Adaptive management actions shall only be enacted and in coordination with the methodology agreed upon by the GRANTEE, ARM, NHDES Wetlands Bureau, USACOE, and other regulatory agency/partners.

Within 60 days of Substantial Completion, to ensure the implementation of the design has occurred in accordance with permits, this grant agreement, and contract documents, a post-construction/

Initials W
Date 4/2/26

final site walk will be conducted with the ARM Fund Program, NHDES Wetlands Bureau permitting staff, project partners and contractors will be convened by the QUALIFIED PROFESSIONAL. If necessary, a list of action items and a timeline for completion or correction will be developed by the QUALIFIED PROFESSIONAL. The GRANTEE will provide ARM with one P.E.-stamped as-built survey of the site to confirm as-built dimensions of any features, locations of designated monitoring points and profiles, and planting areas. The as-built survey will be accompanied by one P.E.-stamped as-built report. The as-built report will include dated/captioned photos at each monitoring cross-section and of the restored areas. The report will include a summary of adaptive management strategies implemented during construction and provide the status of any plantings, completion of action items addressed during the final site walk through, and site stabilization measures.

Task III: Construction

The construction contractor(s) hired by GRANTEE will conduct the restoration work as per the final design plans and in accordance with the project's NHDES wetlands permit and conditions.

The GRANTEE agrees to work cooperatively with ARM and NHDES Wetlands Bureau on the restoration of dune habitat. The construction plans, specifications, and bid items will anticipate adaptive management interventions that may be necessary to optimize restoration conditions. During the initial construction phase, the QUALIFIED PROFESSIONAL shall convene field meetings as necessary between the Contractor, QUALIFIED PROFESSIONAL, ARM, and other natural resource agency representatives with expertise in coastal habitat restoration to adaptively manage the site within the terms of the existing construction plans, approvals, and agreement.

Task IV. Site Maintenance, Adaptive Management, and Performance Monitoring

The GRANTEE will provide geomorphic and biological monitoring and prepare summary reports for five years post-construction to determine whether the performance standards included in the Federal Mitigation Plan approved by USACOE have been successfully achieved. The GRANTEE, ARM, and project partners will collaboratively review the monitoring results on an annual basis to evaluate whether the site is achieving the performance standards. The GRANTEE will be responsible for the long-term maintenance of the Restoration Areas and development of adaptive management actions at the site if needed. Adaptive management and remedial actions shall only be enacted and in coordination with agreed upon methodology by the GRANTEE, ARM, USACOE, and project partners.

The GRANTEE shall allow ARM unrestricted access to the restoration project areas for five consecutive years following construction completion. ARM will assist with the monitoring efforts, if necessary, to ensure the success of the activities taken and to ensure that no actions are occurring which could be detrimental to the attributes of the project. ARM will refer any deficiencies observed to the GRANTEE to address.

Task V. Long-term Protection & Long-term Stewardship

The GRANTEE shall use a portion of the ARM grant funding to fulfill the requirements of 33 C.F.R. § 332.7(a) and establish a long-term protection mechanism for the aquatic habitats, riparian areas, buffers, and uplands that comprise the overall compensatory mitigation project area.

Task VI. Signage

The GRANTEE agrees to place a sign at a prominent location on or near the Restoration Area in

agreed upon location by the GRANTEE and ARM. The sign should contain at a minimum the NHDES logo and the following statement: "This project was funded, in part, by the New Hampshire Aquatic Resource Mitigation Fund". Should the sign be damaged or destroyed, the GRANTEE agrees to repair or replace it with identical signage and to share any costs associated with that repair or replacement to the extent reasonably practicable.

G. Deliverable Schedule:

Task	Deliverable	Timeframe
I. Design & Permitting	Submit all required state, federal and local permit applications, executed professional services contract, kick-off, mid-level, and final meeting notes, Approved Federal Mitigation Plan	Upon G&C approval- April 2028
II. Construction Phase Engineering	Pre-construction meeting minutes, weekly construction status meeting notes, monthly construction progress reports, adaptive management strategies, photos, substantial completion meeting minutes, PE-stamped as-built report, survey and record drawings, etc.	March 31, 2030
III. Construction	Successful completion of the site restoration work in accordance with the approved plans, adaptive management strategy approval(s) and implementation (as-needed)	December 31, 2029
IV. Site Maintenance, Adaptive Management, and Performance Monitoring	Annual post-construction performance monitoring reports, including maintenance and adaptive management activities.	Annually by December 31, 2030-2034
V. Long-term Protection & Stewardship	Recorded long-term protection mechanism approved by USACE in accordance with 33 C.F.R. § 332.7(a)	December 31, 2033
VI. Community Engagement & Signage	Draft and Final Sign Design, Installed Sign	December 31, 2033

Initials 
 Date 4/2/26

EXHIBIT C
ARM BUDGET & PAYMENT METHOD

The GRANTEE shall submit requests for payment after completing each task and submitting evidence of the associated deliverable. Upon receipt and approval by ARM of the invoices, payment to the GRANTEE shall be transferred in accordance with the following:

Budgeted amounts by Task are estimated. The GRANTEE is authorized to move funds between Tasks based on actual expenses incurred by Task with an award amount not to exceed \$587,600.

Upon receipt and approval by ARM of the invoices, NHDES shall issue payment to the GRANTEE in accordance with the following:

	Task	ARM Budget	Payment Method
I	Design & Permitting	\$140,500	Upon Completion
II	Construction Phase Engineering	\$56,500	Upon Completion
III	Construction	\$267,600	Upon Completion
IV	Site Maintenance, Adaptive Management, and Performance Monitoring	\$58,000	Upon Completion
V	Long-term Protection & Stewardship	\$65,000	Upon Completion
VI	Community Engagement & Signage	0	Upon Completion
TOTAL		\$587,600	

Total amount to be authorized following approval by the Governor and Executive Council: \$587,600

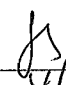

Payments shall be made by ARM to the GRANTEE upon approval of stated deliverables and verification of the value of completed work through submitting invoices for services rendered.

The payments listed above are inclusive of project labor and expenses. Invoices shall be formatted to note completion of services.

The billing address shall be as follows:

NH Department of Environmental Services
29 Hazen Drive, PO Box 95
Concord, NH 03302-0095
ATTN: Emily Nichols, ARM Fund Program Manager

Invoices shall be approved by the Contract Officer before payment is processed.

Town of Hampton

CERTIFICATION OF VOTE OF AUTHORIZATION

I, Cheryl Hildreth, Hampton Town Clerk, do hereby certify that at a meeting held on January 27, 2026, the Hampton Selectboard voted to enter into an Aquatic Resource Mitigation (ARM) Fund grant agreement with the New Hampshire Department of Environmental Services for Plaice Cove Dune Restoration Project in Hampton, NH.

The Selectboard further authorized James Sullivan, Town Manager, to execute any documents which may be necessary for this contract.

This authorization has not been revoked, annulled, or amended in any manner whatsoever, and remains in full force and effect as of the date hereof.

In witness whereof, I have hereunto set my hand as Cheryl Hildreth, Town Clerk, on this date, April 2, 2026.

Cheryl Hildreth

Town of Hampton

January 27, 2026

This meeting is the rescheduled meeting of 1/26/26 that was canceled due to weather.

Present: Russell Bridle, Chair
Carleigh Beriont, Vice-chair
Amy Hansen
Jeffrey Grip
James Sullivan, Town Manager

By Phone Charles Rage

SALUTE TO THE FLAG

Chairman Bridle opened the public session at 4:00 p.m.

Sel. Hansen MOTIONED to ALLOW Sel. Rage to attend the meeting electronically, SECONDED by Sel. Grip. Roll Call Vote: Sel. Grip Yes Sel. Beriont Yes, Sel. Hansen Yes, Sel. Bridle Yes, Se. Rage Yes. Vote: 5-0-0

Chairman Bridle opened the public hearing under RSA 31:95-b, III. (a); at 4:01 p.m. [01:29]

- I. Public Hearing: Under RSA 31:95-b, III. (a); To apply for accept and expend unanticipated money in an amount of \$587,600 from the Aquatic Resource Mitigation (ARM) Fund Program, a program administered by the NH Department of Environmental Services for the dune restoration of 1.5 acres of dune/beach on Plaice Cove beach area.

Ms. Hagen: this is an annual grant application for a fund that is administered by the NH Department of Environmental Services through federal legislation. It is the Aquatic Resource Mitigation (ARM) fund; when applicants of larger developments have unavoidable wetland impacts, they pay into the ARM fund, and the state tracks what types of wetland impacts are being mitigated through this fund. The ARM fund seeks to recapture those lost ecological values by funding other aquatic resource projects within similar geographic areas. The law in New Hampshire changed, and dunes are now considered an aquatic resource. The reconstruction of the Hampton Seabrook bridge had a large impact on the dune ecology in that area; Ben Ritt and I put together an application, the application is notoriously difficult, there are a lot of steps, and even though it is a state fund, there is a lot of federal compliance and federal oversight that comes with it. We submitted the pre-application, we had site visits with the project teams at the federal and state level, and they invited us to submit the full proposal and at the end of last year we heard that we were recommended for the full award. There are several more steps that have to occur at the state and federal level; the Army Corp of Engineers will need to approve a federal mitigation plan; so even though we will go through all of the steps, if there are any issues with the federal mitigation plan, we could lose the funding; it is not a 100% guarantee. The project consists of the Dune restoration on Plaice Cove beach approximately from Shaw St. to James St. This will involve bringing in sand for dune renourishment, this is not a beach renourishment; the area qualifies as a salt marsh; there are only one or two examples of this in New Hampshire; it is a rare example of where you have a salt marsh

in an intertidal zone; it is rare to have a salt marsh in the frontside of a dune instead of the backside. The total project area is 3 acres; the focus area is 1.5 acres, and the work consists of bringing in sand, planting vegetation, and dune walk-overs to protect the dunes. Conditions of funding require that the project area is permanently conserved, which will be achieved through conservation covenants; and a minimum of five years of monitoring.

No public comment.

Questions. Sel. Beriont: where will the sand come from, and whether any neighbors had anything to say about the project? Ms. Hagen: depending on the time of the project we could potentially use dredge materials, which is called beneficial reuse, which is looked upon favorably by the state's federal partners; the neighbors have been involved over the years with plantings and are huge advocates, during the public comment period individuals that I have had contact with submitted comments in favor of the project. Sel. Hansen: good work, especially because it was a difficult application, I appreciate you and Ben working hard on it.

Chairman Bridle closed the public hearing at 4:09 p.m.

Sel. Beriont MOTIONED to ACCEPT the \$587,600 in federal funding for the purposes of dune renourishment and vegetation and authorize James Sullivan as the Town Manager to do what is necessary to accept and expend the money, SECONDED by Sel. Hansen. Roll Call Vote: Sel. Rage Yes, Sel. Grip Yes, Sel. Hansen Yes, Sel. Beriont Yes, Sel. Bridle Yes. Vote: 5-0-0

Ms. Hagen: the second Coastal Resilience Forum tomorrow 5:30 p.m. to 7:00 p.m. at the Recreation Center; information on the Forum is on the coastal resilience webpage, and the Forum will be also on the website after it is recorded.

II. Public Comment [Time limitation of three (3) minutes] [01:18]

John Nyhan, president of the Hampton Area Chamber of Commerce, 47 Winnacunnet Rd. At the Deliberative Session this Saturday the Southern District YMCA will be providing free onsite childcare for ages 4 and up from 8:00 a.m. to 2:00 p.m.

III. Announcements and Community Calendar [01:16]

Sel. Grip: Thank you to Jen and her magnificent DPW team for the work they did this weekend.

Sel. Hansen: I would extend that to Police and Fire. Saturday is the Deliberative Session, which begins at 8:30 a.m. in the Academy's Gym.

Sel. Beriont: thank you to Mr. Nyhan and the Chamber for organizing the childcare services at the Deliberative Session, wonderful effort to get parents more involved in our town's future.

Sel. Bridle: Thank you to all our departments, Public Works was out there working, it was a tough storm to plow and thank you to the Police and Fire departments.

IV. Approval of Minutes [01:12]

1. January 5, 2026
2. January 12, 2026

Sel. Beriont MOTIONED to APPROVE the minutes of January 5th and 12th, SECONDED by Sel. Grip. Roll Call Vote: Sel. Grip Yes, Sel. Hansen Yes, Sel. Beriont Yes, Sel. Rage Yes, Sel. Bridle Yes. Vote: 5-0-0

CERTIFICATE OF COVERAGE

The New Hampshire Public Risk Management Exchange (Primex³) is organized under the New Hampshire Revised Statutes Annotated, Chapter 5-B, Pooled Risk Management Programs. In accordance with those statutes, its Trust Agreement and bylaws, Primex³ is authorized to provide pooled risk management programs established for the benefit of political subdivisions in the State of New Hampshire.

Each member of Primex³ is entitled to the categories of coverage set forth below. In addition, Primex³ may extend the same coverage to non-members. However, any coverage extended to a non-member is subject to all of the terms, conditions, exclusions, amendments, rules, policies and procedures that are applicable to the members of Primex³, including but not limited to the final and binding resolution of all claims and coverage disputes before the Primex³ Board of Trustees. The Additional Covered Party's per occurrence limit shall be deemed included in the Member's per occurrence limit, and therefore shall reduce the Member's limit of liability as set forth by the Coverage Documents and Declarations. The limit shown may have been reduced by claims paid on behalf of the member. General Liability coverage is limited to Coverage A (Personal Injury Liability) and Coverage B (Property Damage Liability) only, Coverage's C (Public Officials Errors and Omissions), D (Unfair Employment Practices), E (Employee Benefit Liability) and F (Educator's Legal Liability Claims-Made Coverage) are excluded from this provision of coverage.

The below named entity is a member in good standing of the New Hampshire Public Risk Management Exchange. The coverage provided may, however, be revised at any time by the actions of Primex³. As of the date this certificate is issued, the information set out below accurately reflects the categories of coverage established for the current coverage year.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend, or alter the coverage afforded by the coverage categories listed below.

<i>Participating Member:</i> Town of Hampton 100 Winnacunnet Road Hampton, NH 03842		<i>Member Number:</i> 191	<i>Company Affording Coverage:</i> NH Public Risk Management Exchange - Primex ³ PO Box 23 Hooksett, NH 03106-9716
