EXPLANATION

VOCA was enacted by Congress in 1984 and it established the Crime Victims Fund. Fines paid by offenders of federal crimes are deposited into this Fund. Money from the Fund is then distributed to states for the benefit of victims of crime. The Department of Justice is the receiving agency for VOCA funds in New Hampshire.

The Department of Justice subgrants these funds to agencies providing direct services to victims of crime. Agencies providing services in the fields of sexual assault, domestic violence, traditionally underserved populations, and crimes against children are required to be given priority. For many years, the Department of Justice has directed VOCA funds to core providers with a focus on direct victim assistance.

The New Hampshire Department of Corrections will utilize the funds for continued support and advocacy for victims of crime by providing services such assistance with restitution, victim notification, and victim-initiated Victim Offender Dialogue. A portion of funding will be designated directly for the subrecipient's contractual expenses for the technology platform Victim Information and Notification Everyday (VINE). VINE addresses informational needs of crime victims, by dramatically increasing an agency's responsiveness to victim notifications while providing a flexible platform that keeps current with evolving communication technologies.

The University of New Hampshire will utilize funds for enhancements for USafeUS technology. This USafeUS mobile sexual violence and prevention phone application provides twenty-four hour access to victims and is used statewide by twenty-two New Hampshire institutes of higher education to provide information and resources to victims of sexual assault in New Hampshire.

The Belknap County Attorney's Office, County of Cheshire, Coos County Attorney's Office, Grafton County Attorney's Office, Carroll County Attorney's Office, Rockingham County Attorney's Office, Sullivan County Attorney's Office, and the City of Portsmouth will utilize this funding for victim advocates to provide direct services to support victims of crime. These services will assist in meeting the requirements of the New Hampshire's Victims' Bill of Rights, NH RSA 21-M:8-K, that includes, but is not limited to, victims' right to be informed of the criminal process, to be consulted with the prosecution about the case, and to be notified of available resources for victims of crime.

Northern Human Services will provide mental health treatment and services to victims of crime, focused mainly in the northern portion of the State. Northern Human Services will offer services to victims of crime diagnosed with a mental illness and/or substance use disorder. Funding allocations will include expenses for personnel and fringe benefits.

The Front Door Agency Inc. collaborates with individuals and families in crisis who need assistance and support to become self-sufficient. This funding will be allocated towards housing, shelters, and self-sufficiency support to victims of domestic violence. Allocated expenses will include personnel, fringe benefits, travel, supplies, mental health services, and a subgrant to Boys and Girls Club of Greater Nashua to provide services to victims of crime.

Lakes Region Community Services Council, Granite United Way, and Claremont Police Department will utilize funding to provide direct victim services by allocating funding to enhance their adverse childhood events program, which are coordinated systems of support focused specifically on providing services to children affected by trauma as the result of crime. Collaborations will include the Family Resource Center of Central New Hampshire, Archways, the Riverbend Community Mental Health, and Merrimack County Human Services.

In the event that federal funds become no longer available, general funds will not be requested to support these programs.

Please let me know if you have any questions concerning this request. Your consideration is greatly appreciated.

Respectfully submitted,

John M. Formella
Attorney General

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

New Hampshire Department of Corrections certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

New Hampshire Department of Corrections understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. 33 **Determination of suitability to interact with participating minors**

SCOPE. This condition applies to this award if it is indicated -- in the application for the award (as approved by DOJ)(or in the application for any subaward, at any tier), the DOJ funding announcement (solicitation), or an associated federal statute -- that a purpose of some or all of the activities to be carried out under the award (whether by a subrecipient at any tier) is to benefit a set of individuals under 18 years of age.

Any subrecipient at any tier, must make determinations of suitability before certain individuals may interact with participating minors. This requirement applies regardless of an individual's employment status.

The details of this requirement are posted on the OJP web site at https://ojp.gov/funding/Explore/I nteract-Minors.htm (Award condition: Determination of suitability required, in advance, for certain individuals who may interact with participating minors), and are incorporated by reference here.

34 **Publications**

Any publications (written, visual or sound), whether published through Federal grant funds or matching funds, shall contain the following statements: "This project was supported by (enter the federal grant # here) awarded by the Office for Victims of Crime, Office of Justice Programs, U.S. Department of Justice. Points of view in this document are those of the author and do not necessarily represent the official position or policies of the U.S. Department of Justice."

35 **Requirement on use of volunteers**

Campus Initials DH
Date 4/28/26

The Campus must utilize volunteers to assist the program unless extenuating circumstances justify the exclusion of volunteers, and a volunteer waiver is obtained from the DOJ. This requirement can not be waived without a written request from The Campus to DOJ and a written volunteer waiver approval from DOJ.

36 **The Campus agrees to assist victims in applying for Victims Compensation benefits.**

Such assistance includes: identifying eligible victims; making reasonable efforts to notify eligible victims of the availability of compensation; making reasonable efforts to explain the program to victims; offering to assist victims with the application process when it is reasonable to do so.

37 **The Campus understands that VOCA non-allowable personnel activities include:**

general administration, prevention, active investigation and prosecution of criminal activities, research and studies, lobbying, capital expenses, compensation for victims of crime and fundraising.

38 **The Campus agrees that all services will be provided at no charge to victims unless a program income waiver is obtained from the DOJ.**

If permission to generate program income is granted, The Campus agrees that there must be a sliding scale that starts at zero, and that all program income will be totally expended on grant allowable activities by the end of the funding cycle.

39 **Equipment purchased with VOCA funds shall be listed by The Campus on the agency inventory.**

The inventory must include the item description, serial number, cost, percentage of federal VOCA funds, and location.

40 **The Campus agrees that if a financial audit of the agency is performed, whether it be an audit under 2 CFR or not, The Campus agrees to provide a copy of the audit and any associated management letters to the DOJ, Grants Management Unit.**

The Single Audit report must be submitted to the Grants Management Unit within 9 months after the subrecipient's year-end or one month after the issuance of the audit, whichever is sooner.

41 **The Campus, if a non-profit organization, agrees to make its financial statements available online (either on the subrecipient's website, or the DOJ's, or another publicly available website).**

Organizations that have Federal 501 (c) 3 tax status are considered in compliance with this requirement, with no further action needed, to the extent that such organization files IRS Form 990 or similar tax document (e.g., 990-EZ), as several sources already provide searchable online databases of such financial statements.

-NON-SUPPLANTING CERTIFICATION -

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3)
http://www.ojp.usdoj.gov/financialguide/part2/part2chap3.htm.

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

The Campus (Subrecipient) certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

The Campus (Subrecipient) understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. 7. Requirements of the award; remedies for non-compliance or for materially false statements

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

20. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination – 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38.

Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. In addition, Part 38 states that a faith-based organization that participates in a Department of Justice funded program retains its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law.

EXHIBIT E

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Belknap County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Belknap County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with these requirements. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. The current consultant limit is $650 per day or $81.25 per hour. When the rate exceeds the limit for an 8-hour day, or a proportionate hourly rate (excluding travel and subsistence costs), a written prior approval is required. 6. The Subrecipient understands that grants are funded for the grant award period noted on the grant award document. No guarantee is given or implied of subsequent funding in future years.

7. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

See 31 U.S.C. 1352. Certain exceptions to this law, including exception that applied to Indian tribes and tribal organizations.

Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

County of Cheshire certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

County of Cheshire understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Master Agenda Item #1346: Semi-Annual Report, County Attorney – C. McLaughlin
Action Expected: To receive an informational report on the last six months of operations.

1. County Attorney McLaughlin said after a rough year they are nearly fully staffed except for one Assistant County Attorney in the Regional Prosecutor Program. They expect this role to be filled in July.

He discussed the relatively consistent number of people indicted over the years, ranging between 210 and 230 individuals.

He highlighted the challenges posed by frequent flyers and generational families involved in criminal activities, attributing these issues to poverty and learned behavior.

Master Agenda Item #1347: TAN Sale Update – S. Trombly
Action Expected: To receive updates on the TAN sale from the Finance Director.

1. Finance Director Trombly said she is trying to receive multiple bids for receiving the full tax anticipation note immediately in the amount of 18 million which will get the County to December.

She expects the sale to happen in mid-June.

She expects the interest rate to be between 3.55% and 3.97%. Ideally the investment of the majority of funds will bring in a return similar to the interest rate.

Trombly expects that interest payments should be close to $400,000.

Trombly will work to get responses to the bid from financial institutions besides solely banks.

County Administrator

Weekly Operations Report - The County Administrator will update the Commissioners on activities that have taken place since the previous meeting.

1. County Administrator Coates said he spoke to County Administrator Julie Libby. She informed him that the County is in a similar dire financial situation to Strafford County. They relied on Pro-Share funding which was reduced by millions of dollars.

Finance Director Trombly said she heard Strafford County had borrowed money two times a year, indicating their fund balance has historically been nearly non-existent.

2. Coates said he spoke with the City of Keene about the energy credits that will be received through the City's solar project. City Manager Ferland said this will occur in the Summer of 2027.

3. Coates said Mike Winn has been named the permanent Chief of the Southwest NH District Fire Mutual Aid.

4. Coates said the Blue Line Appreciation event went very well and thanked the Tempestas for their work putting this event on.

5. Coates said the County gave Cheshire Medical a vehicle four years ago for $1. He said they have now returned the vehicle as it was end of life in their view. The vehicle needs about $4,000 in work. Coates said he is looking to post the vehicle "as is" with full disclosure to employees to see if anyone is interested for $500.

6. Coates said he pulled a congressionally directed spending request from consideration as it would have forced the County to become a designated transit authority.

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

20. Compliance with DOJ regulations pertaining to civil rights and nondiscrimination – 28 C.F.R. Part 38

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38.

Among other things, 28 C.F.R. Part 38 states that recipients may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment to the U.S. Constitution and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice or in outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. In addition, Part 38 states that a faith-based organization that participates in a Department of Justice funded program retains its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law.

Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 CFR Part 38, Appendix C, sections (1) through (4). A sample written notice may be found at Civil Rights Office | Partnerships with Faith-Based and Other Neighborhood Organizations | Office of Justice Programs.

In certain instances, a faith-based or religious organization may be able to take religion into account when making hiring decisions, provided it satisfies certain requirements. -NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Coos County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Coos County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

   b. Bob Gargano, Town of Gorham, reported that a new town manager has been recently hired.

Pending Approval

c. Several residents of Stewartstown, Clarksville and Colebrook were in attendance to inquire and voice concerns relating to the possible purchase of the former Colebrook Academy, moving the current nursing hospital to Colebrook and several other questions.

Allen Coats, Stewartstown, asked why not combine the two nursing homes in a central location. He used Stark as an example. He also noted that the County has been very quiet about the process. County Administrator Brady replied that an analysis was completed by BerryDunn (BD) that considered maintaining the existing footprint with a new facility in W. Stewartstown (on county property on Back Pond Road) and consolidating Berlin and W. Stewartstown to one facility in Groveton. The BerryDunn report found that demographically and financially Coös County can support two nursing homes. The cost would have been around $60 million +/- for a 125-bed facility. The debt financing, however, was too costly and negated its viability. BD recommended an addition to the Berlin facility of $5-6 million which would allow for the reconfiguration of 100 rooms to include ten private pay suites, which would help with the finances. Additionally, they analyzed constructing a new 75-bed facility on Back Pond Road at a cost of $29-30 million with 60% ($18 million) financed by debt. Financially it would be viable, and they stressed that that condition of the W. Stewartstown facility was negatively impacting the census. The Administrator noted that there was no appetite by the Board and Delegation to bond $18 million. He also said that the consensus is that the current Nursing Hospital cannot be renovated as the residents reside in the building. Chairman Brady noted that all meetings are noticed and minutes are available on the county website.

Chris Gray, Stewartstown, asked if the jail was closing. Chairman Brady responded that a decision had not been made at this time.

Dwayne Covell, Stewartstown, asked if the Board supported the move and closure of the facility. Taxpayers have concerns about the project. Chairman Brady replied that he has been one of the biggest advocates of the Nursing Hospital over the years. He said that having only one nursing home in the county is not fair to people who have to travel to see their loved ones. But he also said he gets a lot of questions from his constituents about the costs to maintain everything in W. Stewartstown.

Tim Stevens, Colebrook Town Manager, noted that the former academy was assessed at $680,000. The assessment would be removed from Colebrook's tax base if it becomes a nursing home. Also, if the jail moves to Berlin, he noted that anyone arrested after 10 p.m. would have to be transported to Berlin by either a sheriff's deputy or town police officer. What will happen to the DOC staff? It will add an additional 2.5 hours to the workday. Relocating would not help the local community. He inquired if anyone had obtained the County Attorney's perspective on this matter.

April Busfield, Water Precinct Manager, noted that the nursing hospital complex is 40% of the water income to the town. The closure may spike water fees to $500 per quarter to users.

Pending Approval

Lynn Dorman, Stewartstown, also voiced concerns. She noted that both Upper Connecticut Valley Hospital and Weeks Medical Center all remained in their facility during construction. Stewartstown taxpayers will suffer with this additional cost. Are the jail employees being thought about with this possible move.

Kyle Daley, Stewartstown, asked about the timeline of this decision and asked if evening meetings would be considered in order for members of the public to attend.

Rick Samson, Stewartstown, asked if the April 27th meeting could be moved to 6 p.m. He noted the following:

- Has parking been considered at the Colebrook location?
- The residents would not have the nice view that the Nursing Hospital provides. There would only be buildings to look at in Colebrook.
- What will the tax rate impact be on the taxpayers?
- Should an additional meeting for public input be held prior to the April 27th meeting at night?

County Administrator Brady noted that the new facility will increase the Medicaid bed rate and, preliminary analysis, shows the interest costs would be absorbed by the new bed rate. The bond principal will be $4-$5 million over a period of 20-25 years.

Chris Gray asked if there was any grant funding for new construction. The County Administrator replied there is none that can be identified. It has been researched.

Chairman Brady thanked everyone for their input.

d. Pete Morency updated the Board and provided a drug environment report. Superintendent Champagne commended the Medical Services Coordinator for all of her work.

e. Deputy Bert vonDohrmann provided a of the daily log of activity in the Unincorporated Places since January.

Sheriff Keith Roberge added that ATV season opens May 23rd.

7. *Report of the County Administrator Mark A. Brady*. The written report that was submitted to the Board in advance of the meeting was as follows.

COÖS COUNTY

a. The County was invited to submit a full application to the Northern Boarders Regional Commission (NBRC) for an economic development grant to fund an effort to locate target Quebec companies in Coos. The County was denied its request for a waiver from the costs for the Local Development District (LDD), which is the North Country Council. The reason given was because the County had not previously administered an NBRC award within the NBRC Grants Management System although the county operates millions of dollars in grants and CMS reimbursements and possesses more sophistication and capabilities than the NCC.

Pending Approval

b. The Executive Council approved the proposed nursing home project in Colebrook through Go North/NH Community Development Finance Authority (CDFA) for $23 million. The Nursing Home Administrator, Finance Director and County Administrator continue to meet with the New Hampshire Community Development Finance Authority and bond counsel regarding the project as the County and Delegation prepare for the April 27, 2026, public hearing regarding the bonding.

c. Adam Crepeau, Acting Commissioner of the NH Department of Natural and Cultural Resources, informed the County there would not be any reduction in services for this upcoming year but wants to work out the budget situation for 2027. He also said that the Department has contacted the town of Clarksville regarding trail access but said that the Department is limited in what it can do and requested that the Commissioners voice their desire/concerns to Clarksville.

d. The County Forester reached out to the Administrator to discuss the County's intentions regarding its properties and how he may be of assistance for options and valuation of the properties.

e. The County is analyzing potential HSA contribution scenarios to encourage adoption of the HSA plan. The preliminary analysis shows that the HSA plan saves the County on upfront premium costs. It is unclear at this time how much additional savings would be generated by a reduction in claims.

County Administrator Brady recommended to the Board that the County fund $1,500 for existing and new HSA policy holders this benefit cycle. He said that the savings to the county would be more than enough to cover the deposit amount.

A motion was made by Commissioner Gorman, seconded by Commissioner Brady to approve depositing $1,500 into the HSA accounts of those Coos County employees for the 26/27 benefits year. The motion was approved 2-0.

f. The following resolution was presented to the Board for approval:

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Grafton County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Grafton County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Justice of the Peace/Notary Public
Commission Expiration Date:

JULIE L. LIBBY
NOTARY PUBLIC - State of New Hampshire
My Commission Expires
June 28, 2028

GRAFTON COUNTY COMMISSIONERS' MEETING
Administration Building
North Haverhill, NH 03774
April 21st, 2026

PRESENT: Commissioners McLeod, Piper, Hedberg, County Administrator Libby, Assistant County Administrator Elsholz, and Administrative Assistant. Norcross

OTHERS: Maintenance Supt. Oakes, IT Director, Tetreault, Emilie Smith – via Teams, Nick De Mayo – via Teams,

Commissioner McLeod called the meeting to order at 9:00 AM.

Maintenance Supt. Oakes arrived and gave the following report: *(see attached)

MOTION: Commissioner Hedberg moved to waive the bidding process for the parking lot light pole replacement and accept Royal Electric's bid of $15,093.00. Commissioner Piper seconded the motion.

Discussion: Commissioner Piper noted that this price was approved by the county's insurance company, the county has a long-standing relationship with Royal Electric, and they are a local company.

The Commissioners voted on the motion, and all were in favor.

Agenda Items:

1. Virtual Meeting Discussion – Commissioner McLeod stated that the Commissioners are trying to have a professional approach to these meetings so that off-site people can see them live or recorded. There is some interest in moving towards something that works better for those participating online but also noted that some of the issues are related to each person's individual connection. Commissioner McLeod stated that she has looked into the General Court hearings that the state does, and they use YouTube to do a live meeting and recording. The General Court Clerk's Office manages the system.

Commissioner Piper stated that it is frustrating not to be able to hear, and this is a real problem for those participating online. The county now has a YouTube channel, and this is a lot better than listening to the audio. She checked a few to see if she could hear, and she could hear most of the discussion, but noted that those who are soft-spoken are difficult to hear. If they were to change, it would seem that they would need unidirectional microphones. Commissioner Piper noted that when she was chair, she sat at the head of the table, and that is not possible anymore with the new setup. She would like to revisit the success of this format and see if it can be improved.

Commissioner Hedberg feels strongly that they need something in real time for transparency, and many places have done this in different ways. For many boards, this all started with COVID, but they are at a different point technology-wise, so going away from this would be going backwards.

The Commissioners discussed the possibility of changing the layout of the room. Commissioner Piper stated that they invested in the technology for this room. When they first started these discussions last April, the issue was transparency, which is vitally important. She does not see a difference between a YouTube meeting and a real-time YouTube.

IT Director Tetreault recommended contacting a company to come sit in this room and give their recommendation as to what the best solution is. The Commissioners further discussed different options and asked IT Director Tetreault to reach out to Pemi Baker TV in Plymouth, as well as the General Court, to see what they use.

2. Commissioner McLeod asked if everyone had a chance to read the minutes from the 4/14/26 & 4/16/26 meetings. Commissioner Piper had a grammatical edit on the 4/14 minutes.

> **MOTION:** Commissioner Hedberg moved to accept the minutes from the April 14th meeting as amended. Commissioner Piper seconded the motion, and all were in favor.

Commissioner Piper stated that she had a clarification and not a correction to the April 16th minutes. She stated that on page 4, where they discussed the budgeting for the Nursing Home, there is a sentence, which is correct, that states "Commissioner Piper stated, respectfully, if there has been a long-standing challenge as there has been in the past, she thinks this should be resolved if it is causing problems when the Commissioners are preparing the budget. She added that she has been here long enough to understand that some department heads are not as good at their job as the Commissioners think they are, and they end up paying for that through inefficiencies." She stated regarding the comment on the department heads that you can get the impression from the paragraph that she is talking about a particular department head, and she is not. She stated that she wants it to be clear to the public and staff that she is not talking here about any current department head; if she were, she would not have said that.

> **MOTION:** Commissioner Piper moved to accept the minutes from the April 16th meeting. Commissioner Hedberg seconded the motion, and all were in favor.

3. The Commissioners signed check registers 1147, 1152, 1156-1157.

4. Commissioner McLeod signed the following CDBG Documents. She noted that because BEDC did not fulfill its contract, they have made amendments to the WREN, CEDC, and GRDC to increase their contracts.

a. Drawdown – GRDC 2026 Micro - $75,104.40

b. Drawdown – BEDC 2023 Micro - $3,584.90

c. WREN Amendment – Increase Contract $19,636.16

d. CEDC Amendment – Increase Contract $33,605

e. GRDC Amendment – Increase Contract $64,350

5. CA Libby read a thank you letter from the Town of Warren for the county's efforts to produce the Grafton County EMS Study prepared by Municipal Resources. Commissioner Hedberg noted that she received two (2) emails from GO NORTH with RFPs to select who will evaluate the proposals. She noted that this is not the one the county is looking for.

6. Certificate of Authority – VOCA Grant – CA Libby stated that they had applied for the grant and had been awarded. It is an increase of $105,170 over the current year's funding, bringing the total funding to $264,297.00.

MOTION: Commissioner Piper moved to approve the following Certificate of Authority:

1. The Grafton County Board of Commissioners voted on April 21st, 2026, to accept funds and enter into a grant agreement with the New Hampshire Department of Justice;

2. The Grafton County Board of Commissioners further authorizes the County Attorney to execute any documents which may be necessary for this contract;

3. This authorization has not been revoked, annulled, or amended in any manner whatsoever, and remains in full force and effect as of the date hereof; and

4. This authority remains valid for thirty (30) days from the date of this Certificate of Authority.

Commissioner Hedberg seconded the motion, and all were in favor.

7. Joint Loss Safety Committee Follow-up -Security Committee Request – CA Libby reported that the JLMC met last week. When the Commissioners met last week, they had received a memo requesting that the Campus Security Committee be reinstated and had asked that this request be brought to the JLMC for further discussion. CA Libby stated that members of the JLMC felt that last year, when the Campus Security Committee had stopped meeting, they had recommended that a security position be implemented because they did not have the time to take on the additional responsibilities. The feeling was that to reinstate that committee does not seem to be the best use of everyone's time, and if the Commissioners are concerned about this, they should look to see how they could fund that security position.

Commissioner Piper stated that this makes sense, the Campus Security Committee's work is done, and that was the recommendation that was brought forth to the Commissioners. Commissioner Hedberg asked about the pay of the security position, and CA Libby noted that last year they had presented a job description for this position and a budget. Commissioner McLeod asked if they should discuss this at their budget meeting on Thursday. Commissioner Piper stated that she had previously not supported this position. Given the increases they are seeing in the upcoming budget, she does not see how they can add another new position. This is a fundamental difference; she does not feel this position is necessary and is always wary of expanding government. Commissioner Hedberg stated that she does not know if they could find the funding but feels it would be worthwhile to discuss on Thursday. CA Libby noted that this was a proposed full-time position, but half of it was for an Emergency Management position for the Nursing Home. Commissioner McLeod and Commissioner Hedberg agreed to further discuss this at their budget meeting.

8. Other Sources of Funding Update – CA Libby reviewed the attached sheet with the Commissioners. She noted $25,000 has been added back into the Opioid Abatement Funds from the Commissioners not funding Families Flourish Northeast. A few weeks ago, the Commissioners approved the Lisbon Fire Department for up to $50,000 for a Zoll Cardiac Monitor once an estimate was received. Once the Lisbon Fire Department received a quote, it was for just over $74,000, and they then requested an additional $24,404.30. CA Libby stated

that Lisbon Fire has said that they understand if the Commissioners cannot approve the additional request, and they appreciate the $50.000. CA Libby stated that she is not sure what they would use the $50,000 for if it does not cover the full amount of the monitor.

Commissioner Hedberg stated that she has an issue with the Commissioners receiving a request for the monitor, then receiving a request for an additional $24,000, but she would not want them to not be able to fully use the monitor if the Commissioners were not to grant the additional funding. She stated that she would be comfortable giving them an additional $24,404.30 since the county is not funding the $25,000 for Families Flourish Northeast. She also noted that when the county receives more Opioid Abatement Funding in the future, they need to discuss a process for applying. Commissioner McLeod noted that these are all small towns and cannot raise these additional funds from the taxpayers.

> **MOTION:** Commissioner Hedberg moved to approve the additional funding, but not to exceed the requested additional $24,404.30. Commissioner Piper seconded the motion, and all were in favor.

9. March Financial Reports:

Monthly Variance Report

Revenue – CA Libby reported that the Nursing Home is currently up $42,000 in revenue. They were below census in January – March, but it has increased in April. She has a meeting with NHA Labore this morning to discuss the Proshare payment. She noted that the Nursing Home is behind in the bed tax payment as well and will further assess after their May payment. CA Libby stated that other departments that are showing behind are nothing of concern at this time, noting that many of them are timing with grants.

Expense – CA Libby reported that the Department of Corrections is over-expended. The correctional officer's salary and medical lines will be significantly overspent by the end of the fiscal year. She has concerns about the nursing department in the Nursing Home as well. CA Libby stated that overall, they are trending high with their expenses, and that is something she is concerned about. Projections show that they will finish $500,000 under expended, which is not much, and their surplus numbers do not look good. CA Libby stated that she would like to advise departments to look very closely at their spending, and if it is not needed at this time, not to buy it. There are going to have to be very difficult conversations regarding the budget that has been presented. Commissioner Piper stated that what CA Libby is suggesting is why she trusts her so much with the budget. She appreciates the conclusion CA Libby has come to and supports her advising the department heads to limit their spending through the rest of the fiscal year. Commissioner Hedberg and Commissioner McLeod agreed.

Commissioner Piper stated that she was acting as a negotiator when she suggested that they send Supt. Lethbridge back a flat-level budget. The reason for that was she was trying to start the conversation last Thursday that CA Libby is now suggesting they have.

CA Libby stated that she went through all salary and benefit line items to project balances for the year-end. Any that will be over expended, she has asked department heads for their reasoning why.

Commissioner Piper noted that the Nursing Home and Department of Corrections are the largest budgets and are statutorily required. CA Libby stated that the 3rd largest item in the budget is the

county cap, and that is statutorily required as well. She added that accounting, HR and maintenance are also ancillary services that are needed and therefore there is not a lot outside of those items in the budget that can be reduced.

Commissioner's Issues:

1. Commissioner McLeod stated that she heard back from North Country Health Consortium, and they would appreciate it if the county applied for Opioid funding through the state. She suggested that NCHC come to meet with the Commissioners next week when AS Director Mitchell meets with them to further discuss this.

2. Commissioner Piper stated that she was following up on her previous discussion where Andrew Dorsett had suggested that the New Hampshire Municipal Association have a meeting with the Grafton County Delegation. CA Libby stated that she spoke with Chris Coates from Cheshire County, where the meeting that A. Dorsett was referring to was held. That meeting was not a county meeting; it was a meeting through the City of Keene. It was hosted at Cheshire County and included the county delegation and select boards and city councils from Cheshire County. NHMA presented an overview of outstanding legislative items. C. Coates had stated that it was helpful for him, but it was primarily focused on legislation that is specific to municipalities. It was also economic development focused on the City of Keene. CA Libby stated that Grafton County is structured differently from Cheshire County and does not feel this would be beneficial.

Public Comment :

1. Emilie Smith stated that when the Commissioners were having the virtual meeting discussion, she understood that YouTube is very popular, but she believes in keeping it simple. The county already has equipment that is being used. The main complaint is people not being able to hear, and the Commissioners discussed the seating arrangement as well. If the Commissioners could get a U-shaped table and have everyone facing the equipment with unidirectional microphones, this would be a much simpler and cheaper remedy than going to YouTube.

2. Nick De Mayo thanked the Commissioners for addressing the technological issues with the microphones. He agrees with E. Smith and her suggestions. He thanked Administrative Asst. Norcross, for her work in getting the videos to YouTube, he did not realize there was so much work involved. He stated that regarding Opioid Abatement Funds, he thinks it should be distributed equally among Commissioner districts based on what is most important, and this way the money is evenly distributed. When it comes to money, his impression as a long-time teacher and being a part of teaching union negotiations, he thinks the Commissioners need to be better negotiators with the unions. When the unions ask for COLAs and increases, they need to impress upon them that this is a tight budget year.

Agenda Items:

1. Non-Public Session per RSA 91-A:3, II (c)

> **MOTION:** * 10:56 AM Commissioner Hedberg moved to enter into a non-public session for the purposes of matters which, if discussed in public, would likely affect adversely the reputation of any person, other than a member of the public body itself, unless such person requests an open meeting. This exemption shall extend to any application for

assistance or tax abatement or waiver of a fee, fine, or other levy, if based on inability to pay or poverty of the applicant according to RSA 91-A: 3, II (c). Commissioner Piper seconded the motion. This motion requires a roll call vote. Commissioner McLeod called the roll. Commissioner Piper said, "Yes." Commissioner Hedberg said, "Yes", Commissioner McLeod said, "Yes". Commissioner McLeod stated that a majority of the board voted "yes" and would now go into non-public session.

* 11:08 AM Commissioner McLeod declared the meeting back in public session.

11:08 AM with no further business, the meeting adjourned.

Respectfully Submitted,

Katie Wood Hedberg

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with these requirements. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. The current consultant limit is $650 per day or $81.25 per hour. When the rate exceeds the limit for an 8-hour day, or a proportionate hourly rate (excluding travel and subsistence costs), a written prior approval is required. 6. The Subrecipient understands that grants are funded for the grant award period noted on the grant award document. No guarantee is given or implied of subsequent funding in future years.

7. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that a legal notice regarding award requirements is necessary or that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

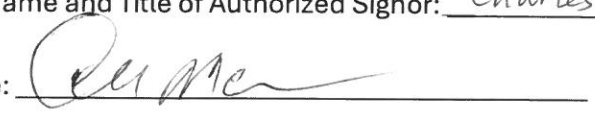

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Carroll County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Carroll County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

DRAFT

I. Forest Services Update

W Scribner plans to coordinate a timber sale on the northwest corner of the County property of 30-40 acres this year. She plans to conduct invasive plant programs and work to address the Japanese Knotweed infestation. This is accomplished by cutting the plants down several times through the summer and then applying pesticides in the fall. The board expressed approval of this plan. There will be a chainsaw safety course for homeowners at the Annex on May 16.

II. NextEra Electricity Contract

B Murray presented the latest update from NextEra with their recommendation that the Commissioners lock in now to a four-year contract rather than wait until the current contract expires in September. The board opted to hold off on a decision while B Murray continues to receive regular updates from NextEra.

III. Tax Anticipation Note Resolution & Document Signing

The Commissioners reviewed the terms of the 2026 TAN line of credit ($17,000,000), borrowed through Bank of New Hampshire, and **approved the following by roll call vote (McGee 'aye', Parker 'aye', Chandler 'aye'):**

Non-Taxable Portion	$13,624,660	4.875%
Taxable Portion	$3,375,340	6.25%

and all provisions of the Certificate Regarding Tax Anticipation Note Series A and B including:

B. That a meeting of the Governing Board was held with respect to the issuance of the Notes; notice of said meeting was afforded to said officers and the public in accordance with the provisions of the Right-to-Know Act RSA 91-A, as amended, and the applicable rules and bylaws of the County, if any; at least a majority of the Governing Board was present throughout said meeting; and the undersigned hereby certify as follows, which approvals were adopted by roll call at said meeting, all as being in the best interests of the County and have not been repealed, amended or rescinded as of the date hereof:

1. The authorization of at least a majority of the Board of Commissioners and the Treasurer to sign the Notes or to have said signatures printed in facsimile on the Notes and to affix the Issuer's seal thereto is hereby approved, such Notes in substantially the form set forth on Exhibit A, attached hereto and made a part hereof;

2. The authorization of the Treasurer to deliver the Notes to the Purchaser (defined below) against payment therefor is hereby approved;

3. The authorization of at least a majority of the Board of Commissioners and the Treasurer to execute and deliver this Certificate, the Series A Note and Series B Note Line of Credit Riders (together, the "Line of Credit Riders") and IRS Form 8038-G in substantially the form presented to this meeting and such other documents as may be necessary or appropriate to accomplish the sale and delivery of the Notes in accordance with the foregoing is hereby approved;

4. The authorization of the Issuer to act as its own Paying Agent with respect to the Notes is hereby approved; and

DRAFT

5. The terms of the Notes including, without limitation, the amount, interest rate, premium, if any, maturity and form and the sale of the Notes to the purchaser(s) thereof as set forth on Schedule A hereto (collectively the "Purchaser"), all as being in the best interests of the County are hereby approved.

Following the vote, the documents were signed by the Commissioners and Treasurer and K Czifrik (notary public). [These documents are available for public review in the Finance Office]

E Comeau Asked for the average amount the County draws annually from the TAN and the resulting interest cost. He suggested that the Delegation set aside a reserve that could be used instead of borrowing.

*[Note: **2023:** Approved $17 million, borrowed $8 million, interest $149,891; **2024** Approved $17 million, borrowed $8 million, interest $128,827; **2025** Approved $17 million, borrowed $5.2 million, interest $60,329]*

Chmn. McGee It would be helpful if towns paid their County apportionment twice a year rather than the current December-only due date

Comm'r Chandler Suggested in future years the County consider paying the non-profit appropriations at the end of the year rather than having to borrow money to pay them

IV. VOCA (Victims of Crime Act) Grant

Atty. Blair explained this $32,500 grant is used to help offset the Victim Services Director's salary, travel expenses and training.

Motion: **"I, Charles McGee, County Commissioner is duly authorized to enter a contract on behalf of Carroll County Attorney and partner with NH Department of Justice which is the general and further is authorized to execute any documents which may in his or her judgement be desirable and necessary to effect the purpose of this vote"** (Parker, Chandler 3-0)

Chmn. McGee signed the related documents.

The Commissioners recessed for Hale's Location Selectmen's Meeting. Reconvened.

V. Bid Opening – MVC Irrigation System

Lakeside Landscaping (Ossipee NH) $43,450; Capital Yard Works (Loudon NH) $40,575; _____ Irrigation (Concord, MA) $172,554.23

VI. Bid Opening – Farm Building Removal

Pinacle (Peterborough NH) $406,000; ENE Systems (Bow NH) $369,275

VIII. Annex-Wastewater System Generator

Dir Murray gave an update on a fuel leak discovered recently. The leak was contained and repaired. NH DES was notified. A company has been contacted to dig out the patch of soil. Prior to the remediation, Bloodhound will mark out any underground utilities.

The generator is currently located in a dilapidated addition on a storage building. The new generator will be installed on a concrete pad in a cabinet. Some electrical will have to be moved. Once the new generator is installed, the building addition will be torn down. Dir. Murray requested funding to cover the cost of the Bloodhound work and fuel leak remediation.

Motion: **To approve up to $20,000 for the unanticipated work** (Parker, Chandler, 3-0)

IX. Bid Recommendation – Annex-Wastewater System Generator

Motion: **To approve Director Murray's recommendation and award the bid to Gemini Electric in the amount of $108,900 (generator, installation, warranty)** (Chandler, Parker 3-0)

X. Bid Recommendation – Maintenance Garage Repair

XII. Bid Recommendation – Dump Truck with Plow

Motion: **To support the recommendation of Dir DeWitte and award the bid to Grappone Ford in the amount of $87,706.72** (Parker/Chandler 3-0)

XIII. Water Storage Tank Roof

Comm'r Parker suggested that the County pursue a second opinion, specifically noting the water tank cover in Alton, NH as an example. Dir DeWitte agreed to explore this. E Comeau suggested an RFP seeking an independent consultant rather than pricing from contractors.

XIV. Opioid Settlement

Motion: **To approve and sign the Six Remnant Defendants Agreement** (Parker/Chandler 3-0)

XV. PUBLIC COMMENT

DRAFT

F Cain	Pointed out the irony of buying a diesel lawnmower and a gas-powered dump truck Suggested sending a letter to the Delegation asking that the law be changed to require towns to pay their county apportionment two times per year
D Emery	The maintenance garage repair RFP was vague; Cobalt did not attend the mandatory site visit
W Sinkler	Recommends public hearings on the Annex renovation. Major projects are an excellent opportunity to invest in energy efficiency improvements.

XVI. Non-Public Sessions

Motion: **To enter non-public session as permitted under NH RSA 91-A:3, II (a), (b) and (c)** (Parker/Chandler, 3-0 by roll call)

The Commissioners reconvened and voted to seal the non-public meeting minutes because releasing the minutes would likely have an adverse effect on the reputation of a person other than a member of the public body.

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with these requirements. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. For additional information regarding your obligations under civil rights please reference the state website at Welcome | New Hampshire Department of Justice and understand if you are awarded funding from this office, civil rights compliance will be monitored by this office, and the Office for Civil Rights, Office of Justice Programs, U.S. Department of Justice.

3. The Subrecipient will comply (and will require any subrecipients or contractors to comply) with any applicable nondiscrimination provisions, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10228(c)); the Victims of Crime Act (34 U.S.C. § 20110(e)); the Juvenile Justice and Delinquency Prevention Act of 2002 (34 U.S.C. § 11182(b)); the Violence Against Women Act (34 U.S.C. § 12291(b)(13)); the Civil Rights Act of 1964 (42 U.S.C. § 2000d); the Indian Civil Rights Act (25 U.S.C. §§ 1301-1303); the Rehabilitation Act of 1973 (29 U.S.C. § 794); the Americans with Disabilities Act of 1990 (42 U.S.C. §§ 12131-34); the Education Amendments of 1972 (20 U.S.C. §§ 1681, 1683, 1685-86); and the Age Discrimination Act of 1975 (42 U.S.C. §§ 6101-07). 4. Compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. The current consultant limit is $650 per day or $81.25 per hour. When the rate exceeds the limit for an 8-hour day, or a proportionate hourly rate (excluding travel and subsistence costs), a written prior approval is required. Prior approval requests require additional justification.

The Subrecipient agency agrees that, should they employ a former member of the NH Department of Justice, that employee or their relative shall not perform work on or be billed to any federal or state subgrant or monetary award that the employee directly managed or supervised while at the DOJ for the life of the subgrant without the express approval of the DOJ.

6. The Subrecipient understands that grants are funded for the grant award period noted on the grant award document. No guarantee is given or implied of subsequent funding in future years.

7. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that a legal notice regarding award requirements is necessary or that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Rockingham County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Rockingham County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

3. Department of Corrections – Jon Banville, Superintendent

a. Bid Waiver Request – Neptune Uniforms (approval)

Commissioner Tombarello moved to approve the Neptune Uniforms and Equipment, Inc. Commissioner Goddu seconded the motion. Commissioner Coyle asked when the last time the County had gone out to bid for uniforms. Superintendent Banville replied that it was around 2015 since the last one. He described significant problems with a previous vendor and contrasted that with the service they receive from Neptune, which is local, responsive, and flexible. Commissioner Coyle observed that, while Neptune was not technically a sole-source provider, the situation was "almost like sole source," and she used this to explain the rationale for the bid waiver. The vendor relationship was functionally unique in quality and reliability. Voted 3-0, Commissioners Goddu, Tombarello, and Coyle in favor.

b. Bid Waiver Request – PrimeCare Medical (approval)

Commissioner Tombarello moved to approve a line item transfer request dated April 20, 2026 in the amount of $48,000, transferring from Technical and Trade Salaries to Facilities Electricity, and the amount of 23,000 transferring from Employer FICA and Staff Salaries to Building Repairs Purchased Service as recommended by the Senior Director of Facilities, Planning and IT. Commissioner Goddu seconded the motion. The Commissioners discussed challenges in forecasting utility costs and ongoing efforts with Eversource over the County's electricity rate classification. Ms. Gates reported that a new Eversource account executive had requested an in-person meeting to present a proposed resolution. Commissioner Goddu reiterated that the County expects the G rate and stated he would reach out to his contact again. Ms. Gates informed the Board that she tentatively accepted the meeting and Commissioner Goddu affirmed that was the right decision. Voted 3-0, Commissioners Goddu, Tombarello, and Coyle in favor.

Major Bashaw briefly acknowledged this as an innovative way to support regional partners while giving County dispatch staff additional opportunities, provided it remained operationally sustainable.

Senior Director Gates noted that the County had started turning over additional spaces in the new building including access of the Sheriff's Office into a former construction storage area, and activation of card

access for the Diversion program. She described a walkthrough held with the diversion staff, stating they were “very excited” about their new space. Both County lift stations were nearing completion, and the fire panel transition to the new dispatch center was progressing. PFAS monitoring work was also expanding, with new test pits and monitoring wells scheduled for installation. Revision Energy requested to bring a training group to the site on May 8, which she approved. She referenced ongoing budget work, indicating that Facilities was heavily engaged in supporting the County’s budgeting process and balancing operational needs with cost control.

Register of Deeds Cathy Stacey noted stable operations. She reported that she had conducted a tour earlier that morning for about 20 seniors from Epping. She also highlighted a significant employee milestone, noting that Bonnie was celebrating her 39th anniversary with Rockingham County that day. The Commissioners reacted warmly, recognizing 39 years as an extraordinary tenure.

Superintendent Jon Banville reported that the inmate population at the jail that day stood at 207. He noted that Project Manager Evans was currently out in the community soliciting donations for National Corrections Week, which was approaching. He emphasized the importance of community support and recognition for corrections staff. He also said that he was reviewing policies and protocols with PrimeCare Medical in anticipation of the contract extension discussed earlier, ensuring that operations would continue smoothly, and exploring whether there were any ways to improve procedures under the existing arrangement. Beyond that, he described the department as functioning well.

Ms. McGowan reported that her office had been very busy with trials, noting that it had been another week of intense courtroom activity with many of the County’s attorneys spending significant time at the courthouse, given the volume and complexity of cases. She also highlighted an Administrative Professionals Day celebration recognizing office support staff.

Major Bashaw discussed heightened security needs at the courthouse due to a contentious trial. He also noted recent increases across the state in officer-involved shootings, and rising vehicle pursuits. Commissioner Coyle mentioned the notable jail population increase having a major budget impact of a roughly 50–60% population increase. Major Bashaw also noted that the Sheriff’s mental health and wellness coordinator had been actively working with the jail to support staff after some stressful incidents.

Senior Director Dja Konan provided census data and health status update and noted that the CMS/state survey window for the nursing home was opening soon. She noted ongoing budget work aimed at achieving efficiencies, and introduced Annie, who was completing her first month as Director of Nursing, and who shared positive impressions of the facility. The Commissioners expressed appreciation for her leadership and energy.

Senior Director Kivikoski provided a focused update on employee benefits and open enrollment and explained that all employees must log into UKG to acknowledge rate changes, even without altering elections. -NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Sullivan County Attorney's Office certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Sullivan County Attorney's Office understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

1. **Sullivan County Health Care (SCHC), *Administrator* Matt Lagos**
   a. SCHC February 2026 Monthly Report[1]: All viewed Administrator Matt Lagos (ML)'s report. Additionally, ML noted that the max census is 122, today's is 112, they have two (2) admissions lined up for this week; and averaging 113 month-to-date. ML is hopeful that ProShare and MQIP will help with the negative $132K total seen on the *Variance Report*. The *Medicaid Pending Snap Shot* (2/28/2026) shows $153K vs. $400K; the lowest it's been in quite some time, due to the NH State's new consultant and hard work by the SCHC Admissions team work on community referrals and triaging referrals from other nursing homes. *Month-End Aged Analysis Summary* reflects a reduction of $25K; which brings them to under $2M – a reduction by 50% in about 3.5 years. ML confirmed to CBN that most [open] rooms are on the MacConnell Unit; and referrals for those open beds in a fully locked unit are null. CBN pointed out that the MacConnell Unit used to have a waiting list. ML pointed out that as it relates to memory care units, assisted living facilities have popped up, and are taking those clients. CM discussed how April, about 5-years ago, had given a presentation about the admission flow, showing that MacConnell was the entry point, and now that may not be the case. ML confirmed there are 4-5 vacant beds in the MacConnell Unit; and that assisted care living facilities have been advertising for 7-8 years, that they're taking on memory care patients, too, as its cheaper and they don't need as many staff members. ML confirmed, CM's

observation, that if we try to increase census, and there's Medicaid pending, we don't get paid, until the case is closed - eventually, it takes 4-6 months and be considered an accrual.

b. SCHC Write off and Receivable Reduction Request: BOC reviewed ML's report (last page of report) titled "*FY26 Receivable Reduction Request List Feb 2026*". The report illustrated nine cases related to "Self-Pay", five to "Medicaid/Medicaid Pending" and three to "Advantage (A) claims determined unrecoverable"; for a total of $161,667.15. A reminder was made about performing the write-offs on a quarterly basis. ML noted that systems are in place to ensure collectability of monies, and these are not. He confirmed [NH DHHS DFA] Form 295 allows a resident to remove their liability portion to pay for a needed device. LT added, the form is used also to cover a gap between Private pay and when Medicaid begins; and if a person passes before Medicaid pays, that is why the balances appear there. **Motion: to approve using $161,677.15 of the $300K FY2026 Write Off Revenue budget account number 40.097.06060 as presented and to reduce the associated accounts receivable balances by the same amount. Made by: CBN. Second by: CGH. Roll call vote taken. All in favor of the motion. [3:47 p.m.]**

c. Van Purchase Plan Re. Last Year's Bus Fire: SCHC has been without the resident transportation bus since last year's bus fire at Walmart, and they've been receiving pressure from residents and the State Ombudsman's office about this. As weather has improved, they've started looking around. Their need is for a van with a wheel chair lift and have removable seats that provide flexibility to add more wheel chair capabilities for customization. They received a P&L insurance payment of just over $15K and have begun discussing possible van options that may be available at local dealerships (which is limited) and researching a rural health grant opportunity. CBN requested they check options at NH State's *White Farm* (surplus); and with Reed Truck Service, as they may have a bus or van, or know of one a SAU may be trading in. CM pointed out that the Rural Health Fund opportunity may not be feasible, as their funding is not available until fall, and it sounds like an immediate need. CCJO recommended they check with Southwestern Community Services Transportation, as they cycle through buses and may have one to fit the situation.

2. **Financial Department, *Finance Director* Lewis Thibodeau Jr., *MBA***

a. February 2026 County Financial Update [See Footnote[1]]: On the revenue side, interest income helps Fund 10, which ended with a $215K+ positive; the grand total reflects a positive $637K+. On the expense side, they show $1.399M spent (less than budgeted), which is 8.54% difference. CM would like to review that with LT, as he feels they should be revenue-neutral, and though this is good news as they go into the FY27 budget season, he feels 8% high, as in good years they typically run 5% under budget. LT noted that the $965,213.69 in Health Care Fund 40 overall negative expense variance relates mostly to SCHC *agency contracted* costs. LT noted the *Consolidated Cash Flow* still reflects SCHC project monies - the strategy is to leave it in there, draw down as they make payments, and move it should they see interest change on the accounts. As it relates to the *Preliminary Cash Flow/Burn Rate/TAN requirement Analysis*, LT

highlighted on the $827K 6/26/2026 anticipated end balance – currently, with February a short month (28-days), their cash flow is about $300K under budget. They'll be watching all to ensure it stays within what is reasonable, to avoid a June TAN. LT confirmed that the next 3-pay period month is in FY27.

b. TAN: Tax Anticipation Note Process Update: CGH asked if he estimated the TAN amount. LT explained how that is hard to do without knowing the FY27 budget burn rate and they just started to build that budget. In response to CM asking if they were doing $1.6M-1.8M, LT confirmed its around $1.2M-1.3M. CM suggested, to be safe, use $1.5M multiplied by six (6) months; therefore, anticipate a TAN of around $10-12M. CM feels they may be seeking a TAN earlier this year, but anticipates, like most other counties, taking TANs more towards the fall.

c. Bond Process Update: LT reported bond process conversations started, to prepare for a TAN and bond. This will be a quick process; all must be noticed properly and have the appropriate approvals; and they'll move ahead once they know the timing and amount. CBN asked if bond interest rates had been published. LT noted he asked that, but bond counsel indicated it was too early to see those, yet. He explained he was asked to ensure that the bond agreement and authorization on their books is the one that they still want. CM pointed out that a TAN to get them through FY26, is different than FY27; and asked if it was a single TAN to be used over multiple fiscal years and if time is tight, as the Delegation is meeting in May and they need to get them on board with this. LT explained he meets with bond counsel tomorrow, where they'll discuss the process further. He was told they need a 2-week period from when all is approved - they can make it happen for July, however, if it's June, it will be tighter and they need to be careful. LT confirmed the solicitation notice can be posted for a week; and a Delegation May meeting should be good.

d. FY25 Audit: Review Response to Findings: shared "Corrective Action Plan". All viewed the March 10, 2026, *Corrective Action Plan* memo from Matthew Hunt of Clifton Larson Allen regarding material weaknesses. LT discussed each and corrective actions being taken: one related to failed communication about a draft document that was shared with auditors and how FY25 vs. FY24 auditors had handled it and how it would be shared in the future; and the second related to an ARPA grant revenue that arrived representing multiple years, and multiple line splits, and how it was posted. LT explained, once the action plan is submitted, it wraps up the ending audit FY25.

3. **Facilities & Operations *Director* Mary Bourque (MB)**

a. February/March 2026 Report: MB reviewed her report [See Footnote[1]]. Additionally, she noted that the Ahern roof work has been rescheduled from today to Friday; DOC controls phase IV improvements in the air/water flow and temperature was the result of feedback from staff; and the pool of regular door locksmith vendors is limited, and the new one is from Manchester NH.

b. SCHC Renovation Project Update: MB Shared the report [See Footnote[1]]. Additionally, she noted this provides updates on Phase 4-6 work; Phase 4 is the bulk of what is left in Steans, Phase 5 is the laundry renovation which is coming along well. Phase 6 is kitchen work. MB shared a final report [See Footnote[1]] she submitted for the $2M Congressional Directed Spending (CDS) project award. CBN noted they walked through the jail earlier today and asked about the status of the washing and dryer machines. MB confirmed 3-washers will be moved to the SCHC building; a full size washer and a dryer will be left at the jail; and, as they switched to propane at SCHC, they'll purchase new propane dryers. The vendor being used is helping them to consider resale values of the older 120 lb. steam dryers. CM and MB discussed the challenges in the CDS system for submitting reports, certifications, and lengthy time-frame this all took. CCJO asked, in relation to the Ahern Building where the heat exchanger was cracked and possible mini splits being used - MB noted a backup boiler at the Ahern has a small non-urgent leak and all should be considered as Natural Resources will using the building – as *Sullivan House* has mini splits that they've found to be ineffective and struggling with these in cold weather, would it be better to install a steam to hot water handler and an air condition unit that won't run up the electric bill in winter. MB explained they just started investigations; though conversations just started about mini splits (as they handle both heating and air conditioning) she's familiar with their issues, but also seeing recent technological improvements in them over the last couple of years (especially from them used in Alaska climates) and they're investigating all options for the best value. Further discussions will continue during [FY27]budget build when they discuss the CIP (Capital Improvement Plan). MB confirmed to CGH that Lionel Chute (LC) has money to cover a lot of the Ahern work; that she and LC have and continue to discuss which entity should be responsible for which improvements. MB confirmed to CBN it's the heat exchanger that they took off line; the backup boiler is carrying the load; and they're re-evaluating (over the next few months) Unity campus buildings with the efficiency of the new facility, and the move of laundry out of Corrections that impacted heat distribution ... to determine the best solution for all.

4. **Natural Resources & SC Conservation District Updates, *Natural Resources Director, SC Conservation District Manager* Lionel Chute (LC)**: LC reported that the Climate Resilience Grant Committee finalized decisions on awards, and recipients include: Winter Street Farm (Claremont), Dancing Bear Farm (Claremont), Moose Run Farm (Washington), Willowmere Farm (Washington), Naked Seed Company (Newport), and Hemingway Farm (Charlestown). He noted that Madeline Ferland has hit the ground running, has been really professional, and circulated their newsletter, yesterday. LC asked for feedback. CGH confirmed he received the newsletter and found it well written. LC will be presenting at the Cornish Garden Club tomorrow night to talk about the Food Processing HUB. The HUB is coming along well. He donated 30 hours this week painting, and they completed the job; flooring arrives on Wednesday; and around eight (8) donated time with light construction work and painting. All is on track - their ordering equipment and finalizing purchases. CBN reported he spoke to his son, Sam, who just returned from a northern region FFA annual meeting and competitions, and gave Madeline Sam's POC info so that they could discuss the Sugar River Valley Regional Technical Center's sugar house and green house tour for

the youths. LC noted they could use Harding Hill as a 'backup' sugar house tour venue, and he'll check with Madeline. LC reported that the County has a mature stand of yellow bud (aka bitter nut) hickory trees along the field edge of the Judkins property, and that NRCS now has agroforestry management funding, and there's an opportunity for a producer to have the stand straightened, thinned, and separated enough to reduce squirrels easily jumping from on to another. He's aware of a couple of farmers excited about leasing the stand to manage the trees for nut oil productions, so more to come on this initiative!

5. **Department of Corrections, *Superintendent* Shawn Coughlan**
   a. February – March 2026 Report: Supt. Coughlan reviewed his report[See Footnote[1]] with the BOC. Additionally, he noted updates to policy and procedures will be ready for the BOC to review 4/20/2026; their second Saint Patrick's Day dinner had a good turnout and included, this year, bingo; and he's looking forward to the short documentary that includes interviews related to the TRAILS and RSAT grant – the film includes drone footage at the *Sullivan House* and an interview with one of their program partners, Claremont Savings Bank. He also pointed out that the CERT training at Primex hadn't been held there in Concord for a couple of years, but they have now have a special room for that; and Sergeant Robidoux taught the Defensive Tactics Instructor training.

   b. March 16, 2026, BOC Tour Memo from Supt. Coughlan: CBN explained Sharon brought in Supt. Coughlan's memo regarding today's tour of the facility before the meeting. CBN and CGH are fine with the memo being inserted into the minutes. The following is a copy of the memo.

RE: Board of Commissioners Compliance Tour
Superintendent Shawn Coughlan

On Monday March 16th I (Superintendent Coughlan) conducted a tour of the Sullivan County DOC with the Board of Commissioners for a Six-Month Compliance Tour per RSA 30-B:12. Commissioners Bennie Nelson, and George Hebert participated. The Tour began at 2:05pm and concluded at 2:35pm.

The Tour began in the Community Corrections Center. We toured both Housing Units along with the kitchen, gym, and laundry room. I pointed out a door in the kitchen that is having mechanical issues and is out of order. We also discussed other doors in the past with the same issue that have now been fixed.

We then toured the jail portion of the facility visiting all three Units, and the Observation/Processing Area. We also visited the staffing area and Main Lobby of the DOC.

Overall, the facility was very clean and orderly.

The tour concluded after leaving the jail portion of the facility at 2:35pm.

Shawn Coughlan
Superintendent Coughlan

6. Human Resources *Director* Hilary Snide (HS)

a. March 2026 Monthly Report: All received and viewed HS's report [See Footnote[1]]. Additionally, she explained Indeed's *top-of-searches* feature is a paid feature that they're testing, and their plan to use it in a tactical way – it issues an invitation to certain targets that they collect feedback from, like (for example) why they're uninterested – maybe the job is too far away, or benefits are not right, which will allow HR to collect more data - they've shifted Linda, HR Coordinator, to hyper focus on this. HS confirmed to CGH that this feature allows them to enter a geographic radius and shows all on Indeed for the criteria you "Source" from and how active their applications are. Grafton County is hosting this year's NHAC Conference at Mount Washington on Veterans Day [Nov. 8-10], and the plan is to have Linda attend their next department head meeting

to roll it out and assist them. HS announced she is moving to North Carolina; and HR Director applications have started to arrive; and confirmed to CM there is no 'close date' for accepting applications.

b. Current Career and Job Opportunities: Shared [See Footnote[1]].

c. Volunteer Opportunities: two volunteer opportunity lists were shared, one from SCHC and the other from Natural Resources [See Footnote[1]].

7. **County Manager's Report, *Derek Ferland***

a. Draft FY27 Budget Build Timeline: No change to timeline [Footnote[1]] since the last share. CM will reach out to Delegation Chair Rep. Smith to discuss a May meeting, with potential agenda items being: 1) decision on Elected Official Salaries -they have current NH county's survey feedback, 2) a TAN, 3) *Quick Claim Deeds* left over from Superior Court ownership needing official approval, 4) the new land lease for hickory nuts that LC discussed, and 5) LT's letter regarding the grant revenue that they want to make sure they collect. No date decided, yet.

b. NH Association of Counties Updates:
   i. Legislative Items: they continue to meet weekly to keep updated of the bill list.

c. Sullivan County Economic Development Updates (SCEDU) & Discussion
   i. Sugar River Region Destination Initiatives: ad sales for the destination guide are ongoing; early bird due date is Wednesday. He's looking forward to the new content Yankee Magazine will be recommending!

d. County Fiscal Agent Grant Application Status / Program Updates
   i. Safe Streets and Roads for All (SS4A) Regional Safety Action Plan Update: CM attended Newport's BOS meeting a couple weeks ago; a Sunapee Highway Safety committee meeting that resulted in them incorporating their traffic study for George's Mills into the draft Action Plan; consultants [AECOM] briefed Claremont City Council 11-Mar; and Wed., 18-Mar. 6:00PM CM will attend Charlestown BOS meeting with AECOM and invited BOC to join him.
   ii. NH CDFA CDBG Housing Rehabilitation $300K Grant Status: no updates.
   iii. HUD FR6900N13 Lead Hazard Reduction Grant $5.5M Application Negotiations Update: The last reimbursement submission included Kate's expenses and an itemized hours by day tracker which HUD wanted resolved before the negotiations for the next grant took place. CGH asked if they were worried about finding enough properties if they get the new grant. CM confirmed he is concerned, as they don't want to accept funds and default on the award; however, as they absorb contractors from the Manchester NH pool (who were not busy) they have lots of contractors, and Kate would like to move monies from the contractor training budget line, to their advertising budget, to do a robust marketing initiative: saturate radio with ads, create videos to share on social media and the County website, which, ideally, could turn into more program

applications. CGH would like to ensure they perform program outreach to smaller communities like Langdon, Acworth, and Alstead[2]. CM is optimistic that Kate's proposed marketing should help, but unsure they'll know before new grant negotiations.

iv. NH Recreational Trails Program $88K Grant Project Application: Awaiting G&C Approval: no updates.

v. 2026 Grant-in-aid Opportunity: the workshop will be held within next weeks.

vi. $1.6M FY '26 CDS Childcare Center Award Status: They've not heard anything from the federal level. MB is working with Warrenstreet on feasibility of alternative sites that might make more sense.

vii. $1.1M FY '27 CDS CPF Request Status: This relates to the jail security system. CM will email CCJO Merchant MacIntyre's proposed itinerary, as they suggest they arrive in Wash. DC on the 13th, be ready to meet on 14th, and depart the 15th.

viii. Recovery Housing Program Grant for Sullivan House: This would help them modify the heating system to take advantage of a propane boiler; no news, yet.

e. Community Power Status Update: No change from last meeting; still moving forward.

f. Energy Savings Performance Contract: the consultant will talk to the Sunapee School Board, as they had the most recently awarded RFQ to EEI (in area), and as it makes sense to stay as close to the region as possible, and with their approval, Sullivan could jump on to their solicitation, to avoid having to do a separate solicitation. If Sunapee does not approve, they could research one with the City of Dover, or another. The host entity approves first; then they send something to the AG's office.

g. Miscellaneous Updates:

i. Re. WCBH generator request: CM reached out to WCBH [Executive Director] Lori Shibinette (LS) advising her that the generator may be way oversized for their needs, and that the equipment needs a new transfer switch, and LS noted she'd speak with their architect and get back to CM. MB reported that Griffin Electric has been helping them research the generator, the contract. They've all asked around for potential buyers and find that the market for this specific. What they have under contract and those that they heard from are willing to do, basically works out to a zero cost to have them come on site to decommission it, truck it back to its destination to dispose of it (which involves hoisting/trucking) and this is how we'd be getting compensation in whatever residual value its in – they're willing to work with the County with whatever route we decide. MB noted they could add it to the auction site, see what bids arrive, and coordinate with hoisting. She confirmed the generator is: a 2015 Taylor, has a Cummings diesel fueled engine, is a 250Kw, needs transfer switch work (the switch was not saved, as it needed to be redone), but otherwise, in fairly reasonable shape … but was oversized for the County (based on their monthly 30% capacity draw test outcomes) therefore, much more oversized

[2] Minute taker note: Alsted is NOT in Sullivan county, therefore ineligible until the Sullivan County Lead Abatement program, per scope of work map submitted with federal/state applications approved.

for WCBH needs. MB confirmed to CGH that there is no disadvantage to trying to auction it off, though it's too heavy for Harvey Construction's onsite lull. CCJO recommended auctioning it off, seeing what they get for feedback, and suggested, if the buyer doesn't have a way to pick it up, advising that SG Reed may have a heavy duty wrecker truck that might help. MB confirmed to CCJO she was unsure of the generator cost, when it was new; the cost to replace the transfer switch would around $10K-15K; and generator disposal would include: emptying tank, decommissioning it, unbolting, and advertising. **ACTION**: it will be auctioned.

h. PELRB (Public Employee Labor Relations Board): A petition was filed with the PELRB with National Corrections Employee Union to create a supervisory union at the DOC. The County engaged Sheehan Phinney Bass to respond accordingly; they're waiting to hear further; and will keep the BOC updated.

i. CCI Info Tech Contract: The CCI contract expires 6/30/2026. This is a big, complex, rebid project; and would be a complicated transition, as hardware is built into their contract, so as to keep costs down. CCI does a hardware prescription with zero percent interest and County gets new equipment. With any transition, a new vendor would not want the hardware, and that includes wireless access points, servers, fire walls, and would be a very disruptive transition. The last time they placed out to bid, they found only one other vendor. CM understands the importance of bidding, especially with this being a large project, but also takes into consideration how close CCI is (Claremont) to provide customer support and how, in January, they responded to County feedback and assigned an on-site person Tuesday and Thursday (full days) to be at the SCHC – a change that's been well received. CM is unsure if they'd get this from another vendor, further away. He asked for BOC feedback; pointed out options: if they rebid the project, they'd need to do a 1-3 year extension on CCI's contract, as it would take time to do the bidding and get another on board, or they could approve a procurement policy waiver to reenter into a CCI contract for 3-5 years. CGH asked if the CCI contract was tied to the AI plan. CM confirmed it wasn't as AI relates to software and outside vendors tying into the county. CBH requested CM look around to see what other companies there were. CCJO suggested they evaluate the cost increase for the last 5-years, in relation to service increases - if they saw a big difference view the market, but if they saw reasonable increases in costs and services, he's okay with a waiver. **ACTION**: CM will bring more information to their next meeting.

8. Board of Commissioner Business

a. Any Old Business: nothing reported.

b. Any New Business

i. 2027 NH Victims Services Application; Authorization to Apply For and Receive": All viewed the one page budget summary, and (blank) 2027 NH Victims Services Application. **Motion: to authorize the County Attorney to apply for FY27 NH Victims Services funding in the amount of $86,007, as presented today. Made by: CBN. Second by: CGH. Roll call vote taken, with all voting in favor.** [5:06 p.m.]. CCJO pointed out that this is a revolving grant program, they apply for [yearly].

ii. Upcoming events:
- Mon. 6-Apr. 3:00PM BoC Regular Business Meeting (Newport): so, noted.
- Tue. 7-Apr. 5:00PM Sullivan County UNHCE Advisory Council Meeting: CGH pointed out that their next meeting is on hold, per a message he noticed.
- Tue. 7-Apr. 6:30PM Sullivan County Conservation District Meeting (Unity): so, noted. CBN will check on location, as he thought they were at the *Sullivan House*.
- Wed. 6-May 8:30AM SC Criminal Justice Coordinating Committee Meeting (Newport; this date replaces the 3/18/2026 date): so, noted.

9. **Public Participation**: CCJO asked for any public participation [5:08 p.m.]
Mr. Shaun Carroll introduced himself, noted he spoke to the CM related to things he brought forward at a previous BOC meeting; and that CM gave helpful info, to a point, as he understands some is confidential. Carroll wants the BOC to know he applied for a 91-A request based on concerns he expressed at their previous meeting that still are unsettling, with one of the issues with how his daughter was taken away from *Willow House* – a program that he noted was working well for her - and how she does not have the ability to return. He noted he'll view the 91-A request response, and if happy with it, this will go no further, but if not, will submit a letter of misconduct. He discussed multiple drug testing his daughter participated in, basic timeline of events, the various drug test outcomes – "passes" that were given when no one was there to perform the test, and the one taken when someone was that she received results on. He discussed his opinion about the process being wrong, how it might make people and employers feel; how he feels the process should be fixed; and that his concern is also with why orders were given to remove her from *Willow House, "as they had no reason to get her, as she was doing what she was supposed to be doing..."*; and the varying drug test results. Mr. Carroll explained he wanted his discussion on tape, hoping the BOC will look at the situation, do sole searching, do this the correct way, or he'll pursue this further. Mr. Carroll pointed out to CM he submitted the 91-A Monday and asked how long it takes to get a response. CM confirmed he replied Friday; and pointed out that the law indicates their reply must be done within 5-days with either a denial or explanation of how long it will take; that his response included one item; and they're gathering info this week, coordinating their response with legal counsel, to redact any sensitive points, and will respond once its returned from the attorneys. CBN pointed out that policies being amended relate to what they're talking about, which illustrates changes are already happening.

Mr. Carroll suggested the County call the following to see if they are looking for a generator like the one discussed earlier: Patten's, Scott Reed, LaValley, Holsum, all manufacturers around the airport, as the generator is the right size for them. CCJO thanked Carroll for his expertise regarding the generator; and update. Carrolls left the room at 5:19 p.m.

10. **Draft Meeting Minutes Review**
a. 2-Mar. 2026 Regular Public Meeting: unavailable in typed format.
b. 2-Mar. 2026 4:44 PM Nonpublic Meeting Per RSA 91-A:3.ii.(c): CGH suggested waiting until the decision arrives on his 91-A. CM noted the normal attorney passed

the case off to another attorney, so it may take the replacement a bit of time to get a good grasp on the situation; that its temporarily sealed until mid-June, but they can change the date on that, later, too. CBN unsure if they'd want to release this publicly, anyway. CM noted its all in the 91-A request, and once released as 91-A, its public. **Motion: to approve the 3/2/2026 4:44PM, and keep temporarily sealed until 6/15/2026, to review again at that time. Made by: CBN. Second by: CGH. Roll call vote taken. All in favor.**

c. 2-Mar. 2026 6:06 PM Nonpublic Meeting RSA 91-A:3.ii.(a): **Motion: to approve and release, the 3/2/2026 6:06PM nonpublic minutes. Made by: CBN. Second by: CGH. Roll call vote was taken. All in favor.** [5:23PM]

d. 2-Mar. 2026 6:10 PM Nonpublic Meeting Per RSA 91-A:3.ii.(c): **Motion: approve the 3/2/2026 6:10PM nonpublic minutes, to keep them temporarily sealed until June 1, 2026, and review them again at that time. Made by: CBN. Second by: CGH. Roll call vote taken. All in favor.**

Motion: adjourn meeting. Made by: CGH. Second by: CBN. Roll call vote carried, unanimously. Time: 5:24 p.m.

Respectfully submitted,

Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

City of Portsmouth (Subrecipient) certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

City of Portsmouth (Subrecipient) understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

There will be a request for revocable license for stormwater infrastructure crossing the Parrott Avenue lot at a later date.

b. Report Back on Water and Sewer Rate Model Questions – City Manager Conard noted the memorandum in the City Council agenda packet prepared by City staff and David Hyder of Stantec responding to Councilor questions raised during the recent water and sewer rate study work session. She further advised she would proceed with a recommendation to adopt the proposed three rate tier structure at the May 4, 2026 City Council Meeting, to allow staff enough time to process accounting and billing updates prior to July 1.

c. Public Art Review Committee (PARC) Art Exhibitions in the Portsmouth Room – City Manager Conard explained this was an opportunity to brighten the renovated Portsmouth Room. PARC will seek to host art exhibits with curated art, as well as seek proposals for art that will lead to the pilot occurring in May. Art will not be for sale but will serve as a space to showcase local artists.

d. Master Plan Open House Reminder – City Manager Conard mentioned that the Master Plan Open House will take place on April 22nd at 6:00 p.m. at the Community Campus.

e. Report Back on Transcription and Indexing Capabilities of the City's YouTube Channel – Per the City Manager, YouTube automatically generates captions or transcripts for uploaded videos—these are not immediate and may take some time to process. The City would not declare these to serve as official transcripts. There are no licensing restrictions that prevent transcription or captions, as they are built-in features available to all channels. YouTube provides large video storage capacities, with defined limits of up to 12 hours or 256 gigabytes per video. YouTube does not publish a total storage limit per channel. Timestamping sections of a meeting is possible but is a manual and limited process. The City can create chapter stamps in the video description, which become clickable navigation points. These could be manually created and maintained, but do not provide agenda-based indexing like a dedicated meeting management system. The City Manager also mentioned that staff is reviewing options from vendors for meeting management systems.

f. Household Hazardous Waste Collection Day – City Manager Conard mentioned that Household Hazardous Waste Collection Day will take place on Saturday, May 9th from 8:00 AM to 12:00 PM.

g. Draft City Council Policy No. 2026-01 – Resident Access Parking Program (RAPP) Pilot – The City Manager noted this policy will be incorporated into the Public Hearing and Second Reading of the Resident Access Parking Program (RAPP) Pilot at the next Council meeting.

25. **Miscellaneous Business Including Business Remaining Unfinished At Previous Meeting**
    a. Councilor Tabor noted the meeting of the Housing Blue Ribbon Committee, occurring Thursday, April 23rd at 5:30 PM
    b. Councilor Blalock noted the upcoming Strike Out the Stigma baseball/softball game on May 13th, organized by Portsmouth High School students.

Councilor Moreau moved that the City Council support the City Attorney filing an amicus curiae in support of Dover School District in the case Dover School District & Boston v. SchoolCare, seconded by Councilor Bagley.

For context, Attorney McCourt explained the Dover School District's suit against SchoolCare. The amicus curiae filed by the City of Portsmouth would not make the City a party in this suit, rather serving as additional legal articulation.

On a unanimous vote, motion passed.

26. **Adjournment**

At 10:43 PM, Councilor Moreau moved to adjourn the meeting, seconded by Councilor Bagley.

12.3. In the event of Termination under paragraphs 10 or 12.4 of these general provisions, the approval of such a Termination Report by the State shall in no event relieve the Grantee from any and all liability for damages sustained or incurred by the State as a result of the Grantee's breach of its obligations hereunder.

12.4. Notwithstanding anything in this Agreement to the contrary, either the State or, except where notice default has been given to the Grantee hereunder, the Grantee, may terminate this Agreement without cause upon thirty (30) days written notice.

7. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that a legal notice regarding award requirements is necessary or that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period – may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Northern Human Services certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Northern Human Services understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Northern Human Services, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Northern Human Services, Inc. (a New Hampshire nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of cash flows, and notes to the financial statements, for the years then ended, and the related statements of activities and functional expenses for the year ended June 30, 2024.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Northern Human Services, Inc. as of June 30, 2024 and 2023, and its cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Northern Human Services, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Human Services, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions,

misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Northern Human Services, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Northern Human Services, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of functional revenues and expenses on pages 28 – 36 and accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* on page 37, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of functional revenues and expenses and schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 17, 2025, on our consideration of Northern Human Services, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Northern Human Services, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Northern Human Services, Inc.'s internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited Northern Human Services, Inc.'s 2023 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 30, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

Northern Human Services, Inc. (the Organization), is a New Hampshire nonprofit corporation, and was created to develop and provide a comprehensive program of mental health, developmental disabilities, and rehabilitative care to the residents of Northern New Hampshire.

Basis of Accounting

The financial statements of Northern Human Services, Inc. have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation

The Organization is required to report information regarding its financial position and activities according to the following net asset classifications. The classes of net assets are determined by the presence or absence of donor restrictions.

Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of the Organization's management and board of directors.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

As of June 30, 2024 and 2023, the Organization had net assets with donor restrictions and net assets without donor restrictions.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Contributions

All contributions are considered to be available for use without donor restrictions unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as support with donor restrictions, depending on the nature of the restrictions. However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

Cash Equivalents

The Organization considers all highly liquid financial instruments with original maturities of three months or less to be cash equivalents.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to activities and a credit to a valuation allowance based on historical account write-off patterns by the payor, adjusted as necessary to reflect current conditions. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The Organization has no policy for charging interest on overdue accounts nor are its accounts receivable pledged as collateral.

It is the policy of the Organization to provide services to all eligible residents of Northern New Hampshire without regard to ability to pay. As a result of this policy, all charity care write-offs are recorded as reductions of revenue in the period in which services are provided. The accounts receivable allowance includes the estimated amount of charity care and contractual allowances included in the accounts receivable balances. The computation of the contractual allowance is based on historical ratios of fees charged to amounts collected.

Property and Depreciation

Property and equipment are recorded at cost or, if contributed, at estimated fair value at the date of contribution. Material assets with a useful life in excess of one year are capitalized. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Vehicles	5 – 10 years
Equipment	3 – 10 years

Costs for repairs and maintenance are expensed when incurred and betterments are capitalized. Assets sold or otherwise disposed of are removed from the accounts, along with the related accumulated depreciation, and any gain or loss is recognized.

Investments

Investments consist of mutual funds and interest-bearing investments and are stated at fair value on the statements of financial position based on quoted market prices. The Organization's investments are subject to various risks, such as interest rate, credit and overall market volatility, which may substantially impact the fair value of such investments at any given time.

Accrued Earned Time

The Organization has accrued a liability for future compensated absences that its employees have earned and which is vested with the employees.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services are provided or costs are incurred.

Program Service Fee Revenue

The Organization has agreements with third-party payors that provide for payments to the Organization at amounts different from its established rates. Payment arrangements include reimbursed costs, discounted charges, and per diem payments. Program service fee revenue is reported at the estimated net realizable amounts from clients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with the third-party payors. Retroactive adjustments are accrued on an estimated basis in the

period the related services are rendered and adjusted in future periods as final settlements are determined.

Advertising
The Organization expenses advertising costs as incurred.

Summarized Financial Information
The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

Functional Allocation of Expenses
The costs of providing the various programs and other activities have been summarized on a functional basis. Natural expenses are defined by their nature, such as salaries, rent, supplies, etc. Functional expenses are classified by the type of activity for which expenses are incurred, such as management and general and direct program costs. Expenses are allocated by function using a reasonable and consistent approach that is primarily based on function and use. The costs of providing certain program and supporting services have been directly charged.

Income Taxes
The Organization is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(a) and has been classified as an organization that is not a private foundation.

FASB ASC 740, Accounting for Income Taxes, establishes the minimum threshold for recognizing, and a system for measuring, the benefits of tax return positions in financial statements, and is effective for Northern Human Services' current year. Management has analyzed Northern Human Services' tax positions taken on its information returns for all open tax years (three years) and has concluded that no additional provision for income tax is required in the Organization's financial statements.

New Accounting Pronouncement
During the year ended June 30, 2024, the Organization adopted FASB ASU 2016-13, Financial Instruments–Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments, as amended, which modifies the measurement of expected credit losses on certain financial instruments. The Organization adopted this new guidance utilizing the modified retrospective transition method. The adoption of this standard did not have a material impact on the Organization's financial statements.

Revenue Recognition
The Organization derives revenues from services provided to its clients. Service revenue is reported at the amount that reflects consideration to which the Organization expects to be entitled in exchange for providing services. These amounts are due from clients and third-party payors. Revenue is recognized as performance obligations are satisfied. Performance obligations are determined based on the nature of the services provided by the Organization and the contract with the client or third-party and are satisfied when the service is performed.

The Organization determines the transaction price based on standard charges for goods and services provided as well as the state contract rate with third-party payors.

6. FAIR VALUE MEASUREMENTS

FASB ASC Topic No. 820-10 provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with *FASB ASC 820-10*, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, *ASC Topic 820* establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under *ASC Topic 820* are described as follows:

> ***Level 1*** - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
>
> ***Level 2*** - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
>
> ***Level 3*** - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The Organization's financial instruments consist of cash, short-term receivables and payables, and refundable advances. The carrying value for all such instruments, considering the terms, approximates fair value at June 30, 2024 and 2023.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

> *Mutual Funds*: All actively traded mutual funds are valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. All mutual funds held by the Organization are open-end mutual funds that are registered with the Securities and Exchange Commission.

The table below segregates all financial assets and liabilities as of June 30, 2024 and 2023 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Under the plan employees can make voluntary contributions to the plan of up to 100% of pretax or after tax annual compensation up to the maximum annual limit provided by the Internal Revenue Service. All employees who work one thousand hours per year are eligible to participate after one year of employment, as defined by the plan. During the year ended June 30, 2015, the Organization implemented a 2% discretionary contribution allocated each pay period. During the year ended June 30, 2020, the Organization increased the discretionary contribution from 2% to 3%. Contributions by the Organization totaled $491,971 and $452,001 for the years ended June 30, 2024 and 2023, respectively.

8. CONCENTRATION OF CREDIT RISK

The Organization maintains cash balances that, at times, may exceed federally insured limits. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to $250,000 for the years ended June 30, 2024 and 2023. At June 30, 2024 and 2023, the Organization had cash balances in excess of FDIC coverage. However, in addition to FDIC coverage, the Organization maintains a tri-party collateralization agreement with its primary financial institution and a trustee. The trustee maintains mortgage-backed collateralization of 102% of the Organization's deposits at its financial institution. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

9. CONCENTRATION OF RISK

For the years ended June 30, 2024 and 2023, approximately 77% and 85% of the total revenue was derived from Medicaid, respectively. The future existence of the Organization is dependent upon continued support from Medicaid.

In order for the Organization to receive Medicaid funding, they must be formally approved by the State of New Hampshire, Department of Health and Human Services, Division of Community Based Care Services, Bureau of Behavioral Health, and Bureau of Developmental Services as the provider of services for individuals with mental health illnesses and developmentally disabled individuals, for that region.

Medicaid receivables comprise approximately 93% and 90% of the total accounts receivable balances at June 30, 2024 and 2023, respectively.

10. LEASE COMMITMENTS

On July 1, 2022, the Organization was required to adopt ASU 2016-02, Leases (Topic 842). As part of implementing ASU 2016-02, the Organization evaluated current contracts to determine which met the criteria of a lease. The right of use (ROU) assets represent the Organization's right to use underlying assets for the lease term, and the lease liabilities represent the Organization's obligation to make lease payments arising from these leases. The ROU assets and lease liabilities, all of which arise from operating leases, were calculated based on the present value of future lease payments over the lease terms. The Organization has elected to discount future cash flows at the risk free borrowing rates commensurate with the lease terms, which was 4.49% and 4.27% at June 30, 2024 and 2023, respectively. For years ended June 30, 2024 and 2023, the right of use asset and lease liability is $83,737 and $214,606, respectively. Common expenses, classified as occupancy costs in the accompanying financial statements, are considered a non-lease component under FASB ASC 842 and are recognized as costs are incurred. The Organization's operating leases are described below:

The Organization has entered into various operating lease agreements to rent certain facilities and office equipment. The terms of these leases range from one to five years. Monthly lease payments range from $290 to $12,755. Rent expense incurred under the lease agreements aggregated $1,013,436 and $1,047,770 for the years ended June 30, 2024 and 2023, respectively.

The weighted average discount rate is 4.49%; the weighted average remaining lease term for operating lease obligations is 1.89 years.

Lease liability maturities as of June 30, 2024 were as follows:

Year Ended June 30	Amount
2025	$ 59,317
2026	26,474
2027	1,000
Total undiscounted lease liability	86,791
Less imputed interest	3,054
Total lease liability	$ 83,737

The scheduled future minimum lease payments for operating leases under one year in duration are $873,624 for the year ending June 30, 2025.

See Note 11 for information regarding lease agreements with a related party.

11. RELATED PARTY TRANSACTIONS

The Organization is related to the nonprofit corporation Shallow River Properties, Inc. (Shallow River) as a result of common board membership. Shallow River was incorporated under the laws of the State of New Hampshire on September 13, 1988, for the purpose of owning, maintaining, managing, selling, and leasing real property associated with the provision of residential, treatment, and administrative services for the clients and staff of the Organization.

The Organization has transactions with Shallow River during its normal course of operations. The significant related party transactions are as follows:

Due from Related Party

At June 30, 2024 and 2023, the Organization had a receivable due from Shallow River in the amount of $4,238 and $91,582, respectively.

Rental Expense

The Organization leases various properties, including office space, and properties occupied by the Organization's clients from Shallow River under the terms of tenant at will agreements. The Organization has the perpetual right to extend the leases. Total rental expense paid under the terms of the leases was $770,034 for each of the years ended June 30, 2024 and 2023. The Organization also leases space from a board member for $1,200 per month.

Management Fee

The Organization charges Shallow River for administrative expenses incurred on its behalf. Management fee revenue aggregated $74,649 for each of the years ended June 30, 2024 and 2023.

Donation

Although not required by agreement between Shallow River and the Organization, Shallow River generally donates the excess of its revenues over expenses to the Organization. For the years

ended June 30, 2024 and 2023, Shallow River did not make a donation to the Organization but retained its surplus of $661,090 and $405,007, respectively, due to future plans of acquiring a new building and for use in future renovation projects and maintenance costs.

12. REFUNDABLE ADVANCES, MAINTENANCE OF EFFORT

The Organization maintains contracted arrangements with multiple Medicaid managed care organizations (MCOs) that provide a set per member per month payment for health care services provided. This system helps manage costs, utilization, and quality of services. The Organization is paid prior to services being provided each month and is required to maintain certain levels of performance. A reconciliation is calculated at year end between the Organization and the MCOs to determine if the Organization has been overpaid compared to actual utilization and services performed, which the Organization would then be required to repay. At June 30, 2024 and 2023, the outstanding capitated payment liability totaled $372,547 and $101,803, respectively.

13. COMMITMENTS AND CONTINGENCIES

The Organization receives funding under various state and federal grants. Under the terms of these grants, the Organization is required to use the money within the grant period for purposes specified in the grant proposal. If expenditures for the grant were found not to have been made in compliance with the proposal, the Organization may be required to repay the grantor's funds.

Excess funds generated from state and/or Medicaid funded programs may be expended, at the Organization's discretion, to increase or improve service delivery within the program. The excess funds may not be used to increase spending for personnel, professional fees, fringe benefits, or capital expenditures without prior written approval of the State of New Hampshire.

The Organization has contracts with certain third-party payors requiring specific performance to supervise and document certain events relating to client treatment. These agencies periodically audit the performance of the Organization in fulfilling these requirements. If the payments were found not to have been made in compliance with the contracts, the Organization may be required to repay the funds received under the contract.

The Organization ensures its medical malpractice risks on a claims-made basis under a policy, which covers all of its employees. The Organization intends to renew coverage on a claims-made basis and anticipates that such coverage will be available.

Contracts with the State of New Hampshire and various federal agencies require that the properties supported be used for certain programs and/or to serve specified client populations. If Shallow River or the Organization should stop using the property to provide services acceptable to these grantors, the grantors would be entitled to all or part of the proceeds from the disposition of the property. These stipulations affect substantially all of the properties owned by Shallow River. The affected amount and the disposition are determined by negotiation with the granting authority at the time the property is sold.

14. NET ASSETS WITH DONOR RESTRICTIONS

At June 30, 2024 and 2023, net assets with donor restrictions consisted of the following:

	2024	2023
Certificates of Deposit – Memorial Fund	$ 252,417	$ 252,417
Dream Team Fund	3,266	2,736
Income earned on the Memorial Fund	2,683	2,305
Total net assets with donor restrictions	$ 258,366	$ 257,458

15. ENDOWMENT FUND AND NET ASSETS WITH DONOR RESTRICTIONS

As a result of the June 30, 2006 merger of The Center of Hope for Developmental Disabilities, Inc. (Center of Hope), with and into the Organization, the Organization assumed responsibility for certain assets of Center of Hope that are subject to charitable restrictions and designated for particular purposes, namely the Memorial Fund (the Fund).

The Fund was created by the Center of Hope in 1989 for the purpose of seeking out and funding experiences that make life more interesting and full for people with disabilities. In or around 1992, additional funds were added to the Fund as a result of a testamentary bequest of Dorothy M. Walters, for the purpose of providing “maintenance funds” for programs for individuals with mental and developmental disabilities. The Center of Hope interpreted the terms of this bequest as consistent with the purpose of the Fund, and the bequest meets the definition of an endowment fund.

The Not-for-Profit Entities Topic of the *FASB ASC (ASC 958-205* and subsections) intends to improve the quality of consistency of financial reporting of endowments held by not-for-profit organizations. This Topic provides guidance on classifying the net assets associated with donor-restricted endowment funds held by organizations that are subject to an enacted version of the Uniform Prudent Management Institutional Funds Act (UPMIFA). New Hampshire has adopted UPMIFA. The Topic also requires additional financial statement disclosures on endowments and related net assets.

The Organization has followed an investment and spending policy to ensure a total return (income plus capital change) necessary to preserve the principal of the fund and at the same time, provide a dependable source of support for life-enhancing activities of eligible individuals. The Organization will only distribute income generated by the Fund, leaving the original corpus intact.

In recognition of the prudence required of fiduciaries, the Organization only invests the Fund in certificates of deposits, which ensures that a majority of the balance of the Fund is covered by the FDIC. The Organization has taken a risk adverse approach to managing the Fund in order to mitigate financial market risk such as interest rate, credit and overall market volatility, which could substantially impact the fair value of the Fund at any given time.

As of June 30, 2024 and 2023, the endowment was entirely composed of net assets with donor restrictions.

Changes in endowment net assets (at fair value) as of June 30, 2024 and June 30, 2023 were as follows:

	2024	2023
Certificates of deposit, beginning of year	$ 252,417	$ 252,417
Interest income	379	253
Withdrawals	(379)	(253)
Certificates of deposit end of year	$ 252,417	$ 252,417

16. AMERICAN RESCUE PLAN ACT

During March 2022, the Organization received funds from the State of New Hampshire Department of Health and Human Services from the American Rescue Plan Act to be used for Recruitment, Retention, and Training Programs (RRTP) for direct support workers (DSWs), direct support professionals (DSPs), and immediate supervisors. These were funds allocated for case management agencies for their employees and to pass funds through to subcontractors. During the year ended June 30, 2024, the Organization received and expended $859,434 under the grant through payroll and subcontractor expenses. During the year ended June 30, 2023, the Organization received and expended $1,303,648 under the grant through payroll and subcontractor expenses.

17. RECLASSIFICATION

Certain amounts and accounts from the prior year's financial statements were reclassified to enhance comparability with the current year's financial statements.

18. SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the statement of financial position date, but before financial statements are available to be issued. Recognized subsequent events are events or transactions that provide additional evidence about conditions that existed at the statement of financial position date, including the estimates inherent in the process of preparing financial statements. Nonrecognized subsequent events are events that provide evidence about conditions that did not exist at the statement of financial position date, but arose after that date. Management has evaluated subsequent events through June 17, 2025, the date the June 30, 2024 financial statements were available for issuance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Northern Human Services, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Northern Human Services, Inc. (a New Hampshire nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 17, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Northern Human Services, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Northern Human Services, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Northern Human Services, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Northern Human Services, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of
Northern Human Services, Inc.

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Northern Human Services, Inc.'s (a New Hampshire nonprofit organization) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Northern Human Services, Inc.'s major federal programs for the year ended June 30, 2024. Northern Human Services, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Northern Human Services, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Northern Human Services, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Northern Human Services, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Northern Human Services, Inc.'s federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Northern Human Services, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment

made by a reasonable user of the report on compliance about Northern Human Services, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Northern Human Services, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Northern Human Services, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Northern Human Services, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters
The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as item 2024-001. Our opinion on each major federal program is not modified with respect to these matters.

Government Auditing Standards requires the auditor to perform limited procedures on Northern Human Services, Inc.'s response to the noncompliance finding identified in our compliance audit described in the accompanying schedule of findings and questioned costs. Northern Human Services, Inc.'s response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance
A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

1. The Subrecipient must certify that Limited English Proficiency persons have meaningful access to any services provided by this program. National origin discrimination includes discrimination on the basis of limited English proficiency (LEP). Meaningful access may entail providing language assistance services, including oral and written translation when necessary. The U.S. Department of Justice has issued guidance for grantees to help them comply with these requirements. The guidance document can be accessed on the Internet at Civil Rights Division | Limited English Proficiency.

2. The Subrecipient assures that in the event a Federal or State court or Federal or State administrative agency makes a finding of discrimination within the three years prior to the receipt of the federal financial assistance and after a due process hearing against the Subrecipient on the grounds of race, color, religion, national origin, sex, age, or disability, a copy of the finding will be submitted to the New Hampshire Department of Justice, Grants Management Unit and to the U.S. Department of Justice, Office for Civil Rights, Office of Justice Programs, 810 7th Street, NW, Washington, D.C. 20531. The current consultant limit is $650 per day or $81.25 per hour. When the rate exceeds the limit for an 8-hour day, or a proportionate hourly rate (excluding travel and subsistence costs), a written prior approval is required. Prior approval requests require additional justification.

5. The Subrecipient agency agrees that, should they employ a former member of the NH Department of Justice, that employee or their relative shall not perform work on or be billed to any federal or state subgrant or monetary award that the employee directly managed or supervised while at the DOJ for the life of the subgrant without the express approval of the DOJ.

6. The Subrecipient understands that grants are funded for the grant award period noted on the grant award document. No guarantee is given or implied of subsequent funding in future years.

7. Requirements of the award; remedies for non-compliance or for materially false statements

   The conditions of this award are material requirements of the award. Compliance with any assurances or certifications submitted by or on behalf of the recipient that relate to conduct during the period of performance also is a material requirement of this award.

   Limited Exceptions. In certain special circumstances, the U.S. Department of Justice ("DOJ") may determine that a legal notice regarding award requirements is necessary or that it will not enforce, or enforce only in part, one or more requirements otherwise applicable to the award. Any such notice or exception regarding enforcement, including any such notice or exception made during the period of performance, is (or will be during the period of performance) set out through the Office of Justice Programs

Failure to comply with one or more award requirements -- whether a condition set out in full below, a condition incorporated by reference below, or an assurance or certification related to conduct during the award period – may result in OJP taking appropriate action with respect to the recipient and the award. Among other things, the OJP may withhold award funds, disallow costs, or suspend or terminate the award. DOJ, including OJP, also may take other legal action as appropriate.

Any materially false, fictitious, or fraudulent statement to the federal government related to this award (or concealment or omission of a material fact) may be the subject of criminal prosecution (including under 18 U.S.C. 1001 and/or 1621, and/or 34 U.S.C. 10271-10273), and also may lead to imposition of civil penalties and administrative remedies for false claims or otherwise (including under 31 U.S.C. 3729-3730 and 3801-3812).

Should any provision of a requirement of this award be held to be invalid or unenforceable by its terms, that provision shall first be applied with a limited construction so as to give it the maximum effect permitted by law. Should it be held, instead, that the provision is utterly invalid or -unenforceable, such provision shall be deemed severable from this award.

11. Requirements related to "de minimis" indirect cost rate

A recipient that is eligible under the Part 200 Uniform Requirements and other applicable law to use the "de minimis" indirect cost rate described in 2 C.F.R. 200.414(1), and that elects to use the "de minimis" indirect cost rate, must advise OJP in writing of both its eligibility and its election, and must comply with all associated requirements in the Part 200 Uniform Requirements. 12. Requirement to report actual or imminent breach of personally identifiable information (PII)

Any "subrecipient" at any tier must have written procedures in place to respond in the event of an actual or imminent "breach" (OMB M-17-12) if it (or a subrecipient)--(1) creates, collects, uses, processes, stores, maintains, disseminates, discloses, or disposes of "personally identifiable information (PII)" (2 CFR 200.79) within the scope of an OJP grant-funded program or activity, or (2) uses or operates a "Federal information system" (OMB Circular A-130). -NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

The Front Door Agency, Inc. certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

The Front Door Agency, Inc. understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of The Front Door Agency, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2025 and 2024, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Front Door Agency, Inc. as of June 30, 2025 and 2024, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Front Door Agency, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Front Door Agency, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Front Door Agency, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Front Door Agency, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited The Front Door Agency, Inc.'s 2024 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 13, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE – A: DESCRIPTION OF THE ORGANIZATION

The Front Door Agency, Inc. (the Agency) is a New Hampshire non-profit public benefit organization which was incorporated on February 6, 1987. The Agency is unequivocally committed to helping homeless and disadvantaged people in the Greater Nashua community achieve stability, have the opportunity to transform, and ultimately flourish. Since its inception, the Agency has been offering support, fostering education, and providing services to assist individuals and families transition from crisis to self-sufficiency. The Agency believes that dignity, respect and compassion is deserved for all people and that through education, every person can grow and succeed.

The Agency's core programs were collaboratively developed to provide a comprehensive approach that addresses the root causes of homelessness and poverty. These programs include:

Transformational Housing: The program provides long-term transitional housing to homeless single mothers and their children. With a program design of "self-help", mothers must be motivated to create change. The program is not an emergency shelter but serves as a comprehensive long-term "next step" on the road to self-sufficiency as it is the program's primary goal to reduce barriers to higher education in order to increase every client's employability and income, so mothers are empowered to regain their confidence and achieve independence.

The Transformational Housing Program enables clients to remove personal barriers so they can successfully access a college degree, credentialing, an apprenticeship, or job-skills training programs. The program has been successful in graduating women with degrees in areas such as accounting, paralegal, marketing, nursing, and social work. Others have earned job skills in areas of Licensed Nursing Assistant, welding, Commercial Driver's License driving, and culinary arts.

Housing Stability: The program helps all individuals and families currently experiencing homelessness or on the verge of homelessness by providing prevention and intervention assistance with rent, utilities, and security deposits. Others who may face a temporary crisis such as an illness or job reduction or loss of a spouse can receive short-term rental assistance to help them avoid homelessness as they regain self-sufficiency. The Agency also offers short-term rental subsidies that gradually reduce over a few months to help families with very low income. All families receive extensive case management and budgeting assistance.

Youth Homeless Demonstration Program: The program aims to help young adults living in situations of homelessness in Greater Nashua. By providing safe, communal, short-term living space, youth are given the steppingstone they need to get back on their feet and onto a path of success.

Affordable Housing: The program provides eight units of housing for families meeting the Department of Housing and Urban Development guidelines and 40 units specifically for homeless women through its Mary House Program.

Holiday/Santa: Each year the Agency helps over 500 children during the holidays with gifts and clothing.

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies is presented to assist in understanding the Agency's financial statements.

Basis of Accounting/Presentation: The accompanying financial statements have been prepared on the accrual basis of accounting. The financial statements and notes are representations of management who is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Accordingly, revenue is recognized as goods or services are delivered, and expenses are recognized as incurred. Expenses are charged to each program based on the direct expenditure incurred. Any expenditure not directly chargeable to an individual program is allocated against all the programs benefitted. The financial statements and notes are representations of management who is responsible for their integrity and objectivity.

Cash, Cash Equivalents, and Restricted Cash: For purposes of the statement of cash flows, the Agency considers all highly liquid deposits with a maturity of three months or less to be cash equivalents.

Restricted cash is classified as a current asset on the statement of financial position.

The following table provides a reconciliation of cash, cash equivalents, and restricted cash as reported on the statement of financial position that sum to the total of such amounts reporting on the statement of cash flows at June 30:

	2025	2024
Cash and cash equivalents - unrestricted	$ 1,235,457	$ 1,030,844
Cash and cash equivalents - restricted	9,035	8,968
Total	$ 1,244,492	$ 1,039,812

Accounts Receivable: Accounts receivable are stated at cost, net of an allowance for credit losses, which is the amount management expects to collect from outstanding balances. An allowance for credit losses is provided for accounts receivable based upon historical experience adjusted for current conditions and reasonable and supportable forecasts and management's evaluation of outstanding balances at the end of the year. The Agency considers a receivable past due if payment is not received based on contractual terms. Bad debts are written off against the allowance when identified. An allowance for credit losses of $23,483 and $32,658 was recorded at June 30, 2025 and 2024. Interest is not charged on outstanding accounts receivable.

Grants and Contracts Receivable: Grants receivable and contracts are stated at cost, which is the amount management expects to collect from outstanding balances. An allowance for credit losses is provided for those grants and contracts receivable considered to be uncollectible based upon historical experience adjusted for current conditions and reasonable and supportable forecasts and management's evaluation of outstanding balances at the end of the year. The Agency considers a receivable past due if payment is not received based on contractual terms. Bad debts are written off against the allowance when identified. It is the opinion of management

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

that grants, and contracts receivable are fully collectible. Therefore, an allowance for credit losses was not deemed necessary at June 30, 2025 and 2024. Interest is not charged on outstanding grants and contracts receivable.

Prepaid Expenses: Prepaid expenses are stated at historical cost, net of any related amortization, and consist of amounts which are of continuing benefit to the Agency.

Investments: Investments in marketable securities with readily determinable fair values and all investments in debt securities are reported at their fair values in the statement of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in unrestricted net assets if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Fair Value Measurements: Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value for assets and liabilities that are measured at fair value on a recurring basis. In accordance with the accounting standards for fair value measurements for those assets and liabilities that are measured at fair value on a recurring basis, the Company has categorized its applicable financial instruments into a required fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the fair value hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

Applicable financial assets and liabilities are categorized based on the inputs to the valuation techniques as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities that are accessible at the measurement date.

Level 2 – Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets; quoted prices for similar assets or liabilities in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for the assets or liabilities.

Level 3 – Unobservable inputs for the asset or liability that are significant to the fair value measurement. These inputs reflect the Agency's assumptions about the assumptions a market participant would use in pricing the asset or liability.

Property and Equipment: Property and equipment are stated at cost. The Agency's policy is to capitalize assets and major repairs of individual cost over $5,000 with useful lives over 12 months or which significantly increase the useful life of an asset. Depreciation is computed for financial statement purposes on a straight-line basis over the estimated useful lives of the related assets, as follows:

	Years
Building and improvements	5 – 28
Leasehold improvements	2 – 10
Furniture	7
Equipment	5

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Expenditures for maintenance and repairs are charged against operations. Renewals and betterments that materially extend the lives of the assets are capitalized. When property is disposed of, the asset and related accumulated depreciation are removed from the accounts. Any resulting gain or loss is reflected in operations in the period incurred.

Valuation of Long-Lived Assets: The Agency reviews the carrying value of long-lived assets for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition.

Net Assets: The classification of a not-for-profit organization's net assets and its support, revenue, and expenses is based on the existence or absence of donor-imposed restrictions. It required that the amounts for each of the classes of net assets be displayed in the statement of financial position and that the amounts of change in each of those classes of net assets be displayed in the statement of activities.

In accordance with accounting principles generally accepted in the United States of America (US GAAP), The Front Door Agency, Inc. reports information regarding its financial position and activities according to the following two classes of net assets:

Net Assets Without Donor Restrictions: Net assets without donor restrictions are resources available to support operations. The only limits on the use of these net assets are the broad limits resulting from the nature of the Agency, the environment in which it operates, the purposes specified in its corporate documents and its application for tax-exempt status, and any limits resulting from contractual agreements with creditors and others that are entered into in the course of its operations.

Net Assets With Donor Restrictions: Net assets with donor restrictions are resources that are restricted by a donor for use for a particular purpose or in a particular future period. Some donor-imposed restrictions are temporary in nature, and the restrictions will expire when the resources are used in accordance with the donor's instructions or when the stipulated time has passed. Other donor-imposed restrictions are perpetual in nature; the Agency must continue to use the resources in accordance with the donor's instructions.

When a donor's restriction is satisfied, either by using the resources in the manner specified by the donor or by the passage of time, the expiration of the restrictions is reported in the financial statements by reclassifying the net assets from net assets with donor restrictions to net assets without donor restrictions. Net assets restricted for the acquisition of buildings or equipment (or less commonly, the contribution of those assets directly) are reported as net assets with donor restrictions until the specified asset is placed in service by the Agency, unless the donor provides more specific directions about the period of its use.

Classification of Transactions: All revenues and net gains are reported as increases in net assets without donor restrictions in the statements of activities unless restrictions are imposed by donor-imposed stipulations or law. All expenses and net losses are reported as decreases in net assets without donor restrictions. Expirations of donor-imposed stipulations that simultaneously increase one class of net assets and decrease another are reported as net assets released from restrictions. Upon approval by the Board of Directors, transfers are made from undesignated without donor restricted net assets to board designated net assets.

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition: The Agency records revenue in accordance with ASC 606, *Revenue from Contracts with Customers* (ASC 606). The standard requires the recognition of revenue when promised goods or services are transferred to customers in an amount that reflects the consideration to which an entity expects to be entitled in exchange for those goods or services.

Contributions: Contributions, including unconditional promises to give, are recognized when received. All contributions are reported as increases in net assets without donor restrictions unless use of the contributed assets is specifically restricted by the donor. Amounts received that are restricted by the donor to use in future periods or for specific purposes are reported as increases in net assets with donor restrictions. Unconditional promises with payments due in future years have an implied restriction to be used in the year the payment is due, and therefore are reported as restricted until the payment is due, unless the contribution is clearly intended to support activities of the current fiscal year. Conditional promises, such as matching grants, are not recognized until they become unconditional, that is, until all conditions on which they depend are substantially met.

The Agency is a beneficiary under several donors' wills. Contributions from bequests are recognized as contributions receivable when the probate court declares that the will is valid and the Agency has an irrevocable right to the bequest.

Government Grants and Contract Revenue and Award Recognition: Grant revenue is recognized when the qualifying costs are incurred for cost-reimbursement grants or contracts or when a unit of service is provided for performance grants. Revenue from state agencies is subject to independent audit, and review by grantor agencies. The review could result in the disallowance of expenditures under the terms of the grant or reductions of future grant funds.

Based on prior experience, the Agency's management believes that costs ultimately disallowed, if any, would not materially affect the financial position of the Agency.

Grants with donor restrictions are recorded as revenue and net assets with donor restrictions when received or unconditionally pledged. Transfers are made to net assets without donor restrictions as costs are incurred or time restrictions lapse. Grants with donor restrictions received and satisfied in the same period are included in net assets without donor restrictions.

The Agency receives contracts under various arrangements. This revenue is recognized under a performance-based system. Under this type of system, the Agency is paid based upon the number of units of service provided for both purchased services and administrative management. Each type of service has a separate unit rate for units of service performed.

Performance Obligations: For performance obligations related to the Agency's activities, control transfers to the client at a point in time. The Agency's principal terms are point of sale and the Agency transfers control and records revenue upon delivery to the client, respectively. The payment terms and conditions in client contracts occur upon delivery.

The Agency does not have any significant financing components as payment is received at or shortly after the point of sale.

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Expense Allocation: The costs of providing the Agency's programs and other activities have been summarized on a functional basis in the Statement of Activities and Statement of Functional Expenses. Directly identifiable expenses are charged to programs and supporting services. Expenses related to more than one function are allocated to programs and supporting services. Management and general expenses include those expenses that are not directly identifiable with any other specific function but provide for the overall support and direction of the Agency.

Payroll and related costs are allocated to functions based upon actual time charges. Occupancy and other costs are allocated based on actual expenses. General and administrative expenses include those costs that are not directly identifiable with any specific program, but which provide for the overall support and direction of the Agency.

Fundraising costs are expensed as incurred, even though they may result in contributions received in future years. The Agency generally does not conduct its fundraising activities in conjunction with its other activities.

Advertising Costs: Costs incurred with respect to advertising are expensed when incurred. Advertising expense for the years ended June 30, 2025 and 2024 totaled $9,148, and $6,977, respectively.

Income Taxes: The Agency is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and comparable state law. Accordingly, no provision for income taxes is made in the financial statements.

Lease Accounting: The Agency adopted FASB Accounting Standards Update No. (ASU) 2016-02, *Leases, Topic 842* (ASC 842) as of July 1, 2022. Under ASC 842, the Agency determines whether the arrangement contains a lease at the inception of an arrangement. If a lease is identified in an arrangement, the Agency recognizes a right-of-use (ROU) asset and liability on its statement of financial position and determines whether the lease should be classified as a finance or operating lease. The Agency does not recognize assets or liabilities for leases with lease terms of less than 12 months.

ROU assets represent the Agency's right to use an underlying asset for the lease term and lease liabilities represent the Agency's obligation to make lease payments arising from the lease. Operating lease assets and liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term using the discount rate implicit in the lease. If the rate implicit is not readily determinable, the Agency utilizes the Applicable Federal Rate at the adoption of ASC 842, or the lease commencement date. Operating lease assets are further adjusted for prepaid or accrued lease payments. Operating lease payments are expensed using the straight-line method as an operating expense over the lease term.

The Agency's lease agreements do not contain any material residual value guarantees or material restrictive covenants. Some of the Agency's operating leases provide for minimum annual payments that increase over the life of the lease. These leases may include obligations to pay for other services, such as operations and maintenance. For leases of property, the Agency accounts for these other services as a component of the lease. The aggregate minimum annual payments are expensed on the straight-line basis beginning when the Agency takes possession of the property and extending over the term of the related lease, including renewal

NOTE – B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

options when the exercise of the option is reasonably certain as an economic penalty may be incurred if the option is not exercised.

In-Kind Services: Donated services represent the estimated fair value of services provided to the Agency. Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Agency. Local businesses occasionally donate services, most of which are not recognized as contributions in the financial statements since the recognition criteria were not met.

Fair Value of Financial Instruments: The Fair Value Measurements and Disclosures Topic of the FASB ASC defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The Agency's financial instruments are cash and cash equivalents, grants and contracts receivable, and accounts payable. The recorded values of cash and cash equivalents, grants and contracts receivable, and accounts payable approximate their fair values based on their short-term nature.

Use of Estimates: Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and reported revenues and expenses. Accordingly, actual results could differ from those estimates, and such differences may be material.

Reclassifications: Certain reclassifications have been made to the prior year's financial statements to conform to the current year presentation. These classifications had no effect on previously reported results of operations or net assets.

NOTE – E: ENDOWMENT

The Agency's investments consist of undesignated endowment funds, board designated endowment funds, and donor restricted endowment funds. As required by GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

NOTE – E: ENDOWMENT (Continued)

The Board of Directors of the Agency has interpreted the State of New Hampshire Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Agency classifies as permanently restricted net assets: (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Agency in a manner consistent with the standard of prudence prescribed by the State UPMIFA. In accordance with UPMIFA, The Agency considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of The Agency and the donor-restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation of investments
6. Other resources of The Agency
7. The investment policies of The Agency.

The Agency has adopted investment policies designed to provide a reasonable stream of income that will rise with inflation to fund activities. The primary total return objective is to exceed the long-term rate of inflation, as measured by the Consumer Price Index, by 3%. Investment policies also provide for diversification, and stipulate asset mix between equities, fixed income securities, and cash.

The Agency's spending policy is to appropriate up to 7% of the average market value of the endowment fund based on the last three years average value of the endowment fund. The Agency's spending policy for the scholarship fund is to appropriate up to 5% of the average market value of the scholarships annually.

The endowment composition by type of fund as of June 30, 2025 is as follows:

	Without Donor Restrictions	With Donor Restrictions	Total
Donor restricted	$ -	$ 809,429	$ 809,429

Endowment net assets - end of year	$ 1,322,503	$ 783,029	$ 2,105,532

From time to time, the fair value of endowment funds associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Agency to retain as a fund of perpetual duration, also known as underwater endowments. As of June 30, 2025 and 2024, no funds were underwater.

Contributed auction items were used at a special event held by the Agency to raise funds to better serve their clients and community. Contributed software was used by the Agency for operation needs. In valuing gifts in-kind, the Agency estimated the fair market value based on estimates of wholesale values that would be received for the sale of similar products.

NOTE – K: CONCENTRATIONS

Financial instruments that potentially subject the Agency to concentrations of credit consist principally of cash balances at financial institutions and grants and contracts receivable.

Cash in Bank: The Agency maintains its cash balances in financial institutions. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) up to certain limits. At times, the Agency's bank balances may exceed insurable limits. The Agency has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk to cash.

36. The Subrecipient agrees to assist victims in applying for Victims Compensation benefits.

    Such assistance includes identifying eligible victims; making reasonable efforts to notify eligible victims of the availability of compensation; making reasonable efforts to explain the program to victims; offering to assist victims with the application process when it is reasonable to do so.

42. The subrecipient agrees that its compliance with all applicable Federal civil rights and nondiscrimination laws is material to the government's decision to make this award and any payment thereunder, including for purposes of the False Claims Act (31 U.S.C. 3729-3730 and 3801-3812), and, by accepting this award, certifies that it does not operate any programs (including any such programs having components relating to diversity, equity, and inclusion) that violate any applicable Federal civil rights or nondiscrimination laws.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

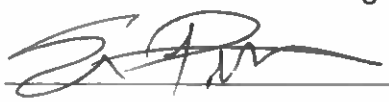

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Lakes Region Community Services Council certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Lakes Region Community Services Council understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Lakes Region Community Services Council, Inc.

Opinion

We have audited the accompanying financial statements of Lakes Region Community Services Council, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of cash flows, and notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended June 30, 2024.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Lakes Region Community Services Council, Inc. as of June 30, 2024 and 2023, and the changes in its cash flows for the years then ended, and the changes in its net assets for the year ended June 30, 2024 in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Lakes Region Community Services Council, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Lakes Region Community Services Council, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Lakes Region Community Services Council, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Lakes Region Community Services Council, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional revenues on pages 21-23 is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200*, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of functional revenues and the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2024, on our consideration of Lakes Region Community Services Council, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Lakes Region Community Services Council, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Lakes Region Community Services Council, Inc.'s internal control over financial reporting and compliance.

Report on Summarized Comparative Information

We have previously audited the Lakes Region Community Services Council, Inc.'s June 30, 2023 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated January 15, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Lakes Region Community Services Council, Inc. (the Council) is a New Hampshire nonprofit corporation organized exclusively for charitable purposes to ensure there is a coordinated and efficient program of human services dealing effectively with the problems and needs of the developmentally impaired of Belknap County, lower Grafton County and the surrounding communities.

Basis of Accounting

The financial statements of Lakes Region Community Services Council, Inc. have been prepared on the accrual basis of accounting.

Basis of Presentation

The financial statements of the Council have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP), which require the Council to report information regarding its financial position and activities according to the following net asset classifications:

Net assets without donor restrictions – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Council. These net assets may be used at the discretion of the Council's management and board of directors.

Net assets with donor restrictions – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Council or by passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statement of activities.

As of June 30, 2024 and 2023, the Council had net assets with donor restrictions and net assets without donor restrictions.

Cash and Cash Equivalents

For the purposes of the Statements of Cash Flows, the Council considers all demand deposits, money market funds, and short-term investments with original maturities of three months or less to be cash equivalents.

Certificates of Deposit

During the year ended June 30, 2023, the Council opened a certificate of deposit account. Interest was stated at 4.02% and maturity was seven months from the issue date. The Certificate of deposit matured in May 2024. Certificates of deposit are carried at fair value. Interest is accrued and recognized in income when earned.

Accounts Receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a charge to activities and a credit to a valuation allowance based on historical account write-off patterns by the payor, adjusted as necessary to reflect current conditions. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable.

The Council has no policy for charging interest on overdue accounts nor are its accounts receivable pledged as collateral, except as disclosed in Note 4.

It is the policy of the Council to provide services to all eligible residents of central New Hampshire without regard to ability to pay. As a result of this policy, all charity care write-offs are recorded as reductions in revenue in the period in which services are provided. The accounts receivable allowance includes the estimated amount of charity care and contractual allowances included in the accounts receivable balances. The computation of the contractual allowance is based on historical ratios of fees charged to amounts collected.

Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are restricted by the donor for future periods or for specific purposes are reported as net assets with donor restrictions, depending on the nature of the restrictions. However, if a restriction is fulfilled in the same period in which the contribution is received, the Council reports the support as net assets without donor restrictions.

Property and Depreciation

Property and equipment are recorded at cost or, if contributed, at estimated fair value at the date of contribution. Material assets with a useful life in excess of one year are capitalized. Depreciation is provided for using the straight-line method in amounts designed to amortize the cost of the assets over their estimated useful lives as follows:

Buildings and improvements	5 - 40 Years
Furniture, fixtures and equipment	3 - 10 Years

Costs for repairs and maintenance are expensed when incurred and betterments are capitalized. Assets sold or otherwise disposed of are removed from the accounts, along with the related accumulated depreciation, and any gain or loss is recognized.

Fair Value of Financial Instruments

FASB ASC Topic No. 820-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with ASC 820-10, the Council may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, Topic 820-10 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under ASC Topic 820-10 are described as follows:

> **Level 1** – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.
>
> ***Level 2*** - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.
>
> ***Level 3*** - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

The carrying amount of cash, certificates of deposit, short-term receivables and payables, and customer deposits, approximates fair value because of the short maturity of those instruments.

Refundable Advances

Grants received in advance are recorded as refundable advances and recognized as revenue in the period in which the related services or expenditures are incurred.

Summarized Financial Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Council's financial statements for the year ended June 30, 2023, from which the summarized information was derived.

Accrued Earned Time

The Council has accrued a liability for future compensated leave time that its employees have earned and which is vested with the employee.

Revenue Recognition

In May of 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606).* This ASU is a comprehensive revenue recognition model that requires an organization to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. Contracts and transactions with customers predominantly contain a single performance obligation.

The Council records the following exchange transaction revenue in its statements of activities for the years ended June 30, 2024 and 2023:

Day Services – The Council provides certain services which range from birth through lifespan. Examples of these services are early supports and services, respite, family support, in home supports, service coordination, employment services, supported independent living, non-medical support for the elderly in their home, and self-directed services. All revenue is recognized upon completion of the service.

Residential Services – The Council provides certain residential assistance through contractual arrangements with other vendor providers as well as the shared family living model and Lakes Region Community Services staffed homes with 24-hour supervision. All revenue is recognized upon completion of the service.

Income Taxes

The Council is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Internal Revenue Service has determined the Council to be other than a private foundation.

Management has evaluated the Council's tax positions and concluded that the Council has maintained its tax-exempt status and has taken no uncertain tax positions that would require adjustment to the financial statements.

Advertising

The Council expenses advertising costs as incurred.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis. Accordingly, costs have been allocated among the program services and supporting activities benefited. Such allocations have been determined by management on an equitable basis.

The expenses that are allocated include the following:

Expense	Method of allocation
Salaries and benefits	Time and effort
Occupancy	Square footage
Depreciation	Direct assignment
All other expenses	Direct assignment

Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncement

As of July 1, 2023, the Council adopted the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments,* as amended, which modifies the measurement of expected credit losses on certain financial instruments. The Council adopted this new guidance utilizing the modified retrospective transition method. The adoption of this Standard did not have a material impact on the Council's financial statements but did change how the allowance for credit losses is determined.

At June 30, 2024 and 2023, the interest was stated at the bank's prime rate of 8.0% and 8.5%, respectively. There was no amount outstanding on this line of credit at June 30, 2024 and 2023.

The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors of
Lakes Region Community Services Council, Inc.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Lakes Region Community Services Council, Inc. (a New Hampshire nonprofit organization), which comprise the statements of financial position as of June 30, 2024 and 2023, and the related statements of cash flows, and the related notes to the financial statements for the years then ended, and the related statements of activities and functional expenses for the year ended June 30, 2024, and have issued our report thereon dated December 13, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Lakes Region Community Services Council, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lakes Region Community Services Council, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Lakes Region Community Services Council, Inc.'s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Lakes Region Community Services Council, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of Directors of
Lakes Region Community Services Council, Inc.

Opinion on Each Major Federal Program

We have audited Lakes Region Community Services Council, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Lakes Region Community Services Council, Inc.'s major federal programs for the year ended June 30, 2024. Lakes Region Community Services Council, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Lakes Region Community Services Council, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Lakes Region Community Services Council, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Lakes Region Community Services Council, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Lakes Region Community Services Council, Inc.'s federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Lakes Region Community Services Council, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Lakes Region Community Services Council, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Lakes Region Community Services Council, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of Lakes Region Community Services Council, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Lakes Region Community Services Council, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable requirements of 28 C.F.R. Part 38.

Among other things, 28 C.F.R. Part 38 states that recipients may not use direct Federal financial assistance from the Department of Justice to support or engage in any explicitly religious activities except when consistent with the Establishment Clause of the First Amendment to the U.S. Constitution and any other applicable requirements. An organization receiving Federal financial assistance also may not, in providing services funded by the Department of Justice or in outreach activities related to such services, discriminate against a program beneficiary or prospective program beneficiary on the basis of religion, a religious belief, a refusal to hold a religious belief, or refusal to attend or participate in a religious practice. Part 38 also sets out rules and requirements that pertain to recipient and subrecipient ("subgrantee") organizations that engage in or conduct explicitly religious activities, as well as rules and requirements that pertain to recipients and subrecipients that are faith-based or religious organizations. In addition, Part 38 states that a faith-based organization that participates in a Department of Justice funded program retains its independence from the Government and may continue to carry out its mission consistent with religious freedom and conscience protections in Federal law.

Recipients and subrecipients that provide social services under this award must give written notice to beneficiaries and prospective beneficiaries prior to the provision of services (if practicable) which shall include language substantially similar to the language in 28 CFR Part 38, Appendix C, sections (1) through (4). A sample written notice may be found at Civil Rights Office | Partnerships with Faith-Based and Other Neighborhood Organizations | Office of Justice Programs.

In certain instances, a faith-based or religious organization may be able to take religion into account when making hiring decisions, provided it satisfies certain requirements. For more information, see "Nondiscrimination provisions and the Religious Freedom Restoration Act," accessible at Civil rights requirements associated with OJP awards | Office of Justice Programs.

21. Restrictions on "lobbying"

In general, as a matter of federal law, federal funds awarded by OJP may not be used by the subrecipient ("subgrantee") at any tier, either directly or indirectly, to support or oppose the enactment, repeal, modification, or adoption of any law, regulation, or policy, at any level of government. See 18 U.S.C. 1913. (There may be exceptions if an applicable federal statute specifically authorizes certain activities that otherwise would be barred by law.)

Another federal law generally prohibits funds awarded by OJP from being used by any subrecipient at any tier, to pay any person to influence (or attempt to influence) a federal agency, a Member of Congress, or Congress (or an official or employee of any of them) with respect to the awarding of federal grant or cooperative agreement, subgrant, contract, subcontract, or loan with respect to actions such as renewing, extending, or modifying any such award. See 31 U.S.C. 1352. Certain exceptions to this law, including exception that applied to Indian tribes and tribal organizations.

Should any questions arise to whether a particular use of funds by a subrecipient would or might fall within the scope of these prohibitions, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

22. Compliance with general appropriations-law restrictions on the use of federal funds for this award

The recipient, and any subrecipient ("subgrantee") at any tier, must comply with all applicable restrictions on the use of federal funds set out in federal appropriations statutes. Pertinent restrictions that may be set out in applicable appropriations acts are indicated at Award condition: General appropriations-law restrictions on use of federal award funds (FY 2025) | Office of Justice Programs, and are incorporated by reference here. Should a question arise as to whether a particular use of federal funds by a recipient (or a subrecipient) would or might fall within the scope of an appropriations-law restriction, the recipient is to contact OJP for guidance, and may not proceed without the express prior written approval of OJP.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Granite United Way certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Granite United Way understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Granite United Way
Manchester, New Hampshire 03101

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Granite United Way, which comprise the statement of financial position as of June 30, 2025 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Granite United Way as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Granite United Way and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

44 School Street
Lebanon, NH 03766
v: 603-448-2650
f: 603-448-2476

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Granite United Way's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Granite United Way's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Granite United Way's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards,* we have also issued our report dated November 13, 2025, on our considerations of Granite United Way's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Granite United Way's internal control over financial reports and compliance.

Report on Summarized Comparative Information

We have previously audited Granite United Way's June 30, 2024 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated March 13, 2025. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplementary schedules of community impact awards to qualified partner agencies and emerging opportunity grants are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Note 1. Nature of Activities

Granite United Way is the result of several New Hampshire United Ways merging together to create a single, efficient organization that covers most of New Hampshire and Windsor County, Vermont. Granite United Way improves lives by mobilizing the caring power of their communities. More than fundraisers, Granite United Way is a partner in change, working with a broad range of people and organizations to identify and resolve pressing community issues. Granite United Way works closely with volunteer leadership to invest donor dollars to help the community learn, earn and be healthy. By focusing on these investment initiatives, Granite United Way is helping people in new and strategic ways.

Granite United Way conducts annual campaigns in the fall of each year to support hundreds of local programs, primarily in the subsequent year, while the State Employee Charitable Campaign, managed by Granite United Way, is conducted in May and June. Campaign contributions are used to support local health and human services programs, collaborations and to pay Granite United Way's operating expenses. Donors may designate their pledges to support a region of Granite United Way, a Community Impact area, other United Ways or to any health and human service organization having 501(c)(3) tax–exempt status. Amounts pledged to other United Ways or agencies are included in the total contributions pledged revenue and as designations expense. The related amounts receivable and payable are reported as an asset and liability in the statement of financial position. The net campaign results are reflected as with donor restrictions in the accompanying statement of activities and changes in net assets, as the amounts are to be collected in the following year. Prior year campaign results are reflected as net assets released from restrictions in the current year statement of activities and changes in net assets.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of Granite United Way (the "United Way") have been prepared on the accrual basis. Under the accrual basis, revenues and gains are recognized when earned and expenses and losses are recognized when incurred. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the reader.

Estimates and assumptions: The United Way prepares its financial statements in accordance with generally accepted accounting principles. Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenue and expenses. Accordingly, actual results could differ from those estimates.

Cash and cash equivalents: For the purposes of reporting cash flows, the United Way considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. The United Way had no cash equivalents at June 30, 2025 and 2024.

Net assets: The United Way reports information regarding its financial position and activities according to two categories of net assets: net assets with donor restrictions and net assets without donor restrictions. Descriptions of these net asset categories are as follows:

Net assets without donor/ time restrictions: Net assets without donor restrictions are available for use at the discretion of the Board of Directors and/or management for general operating purposes. From time to time the Board of Directors designates a portion of these net assets for specific purposes which makes them unavailable for use at management's discretion. For example, the Board has designated a portion of net assets without donor restrictions as a quasi-endowment (an amount to be treated by management as if it were part of the donor restricted endowment) for the purpose of securing the United Way's long-term financial viability.

The United Way has board designated net assets of $14,734 and $13,609 for endowment at June 30, 2025 and 2024, respectively.

Net assets with donor/ time restrictions: Net assets with donor restrictions consist of assets whose use is limited by donor-imposed, time and/or purpose restrictions.

The United Way reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the United Way to expend the income generated by the assets in accordance with the provisions of additional donor imposed stipulations or a Board approved spending policy.

Contributions receivable: Campaign pledge contributions are generally paid within one year. The United Way provides an allowance for uncollectible pledges at the time campaign results are recorded. Provisions for uncollectible pledges have been recorded in the amount of $217,751 and $217,951 for the campaign periods ended June 30, 2025 and 2024, respectively. The provision for uncollectible pledges was calculated at 4.5% of the total pledges for both of the years ended June 30, 2025 and 2024.

Investments: The United Way's investments in marketable equity securities and all debt securities are reported at their fair value based upon quoted market prices in the accompanying statement of financial position. Unrealized gains and losses are included in the changes in net assets in the accompanying statement of activities. The United Way's investments do not have a significant concentration of credit risk within any industry, geographic location, or specific location.

Revenue recognition - contributions: The United Way recognizes contributions received and made, including unconditional promises to give, as revenue in the period received or made. Contributions received are reported as either revenues without donor restrictions or revenues with donor restrictions.

Contributions with donor restrictions that are used for the purposes specified by the donor in the same year as the contribution is received are recognized as revenues with donor restrictions and are reclassified as net assets released from restrictions in the same year. Promises to contribute that stipulate conditions to be met before the contribution is made are not recorded until the conditions are met. There were no conditional promises to give as of June 30, 2025.

Functional allocation of expenses: The statement of functional expenses presents expenses by function and natural classification. Expenses directly attributable to a specific functional area of the United Way are reported as expenses of those functional areas. A portion of general and administrative costs that benefit multiple functional areas (indirect costs) have been allocated across programs and other supporting services based on estimates of time and effort.

Property and equipment: Property and equipment are carried at cost, if purchased and fair value if contributed. Maintenance, repairs, and minor renewals are expensed as incurred, and major renewals and betterments are capitalized. The United Way capitalizes additions of property and equipment in excess of $2,500.

Depreciation of property and equipment is computed using the straight-line method over the following useful lives:

	Years
Building and building improvements	5-31½
Leasehold improvements	15
Furniture and equipment	3-10

Operating measure: The United Way has presented the statement of activities and changes in net assets based on an intermediate measure of operations. The measure of operations includes all revenues and expenses that are an integral part of the United Way's programs and supporting activities and net assets released from restrictions to support operating activities. Non-operating activities are limited to resources outside of those programs and services and are comprised of investment return, the changes in fair value of the beneficial interest in trusts, and gains and losses on sales and dispositions of assets.

Concentrations of credit risk: Financial instruments which potentially subject the United Way to concentrations of credit risk, consist primarily of contributions receivable, substantially all of which are from individuals, businesses, or not-for-profit organizations. Concentrations of credit risk are limited due to the large number of donors comprising the United Way's donor base. As a result, at June 30, 2025, the United Way does not consider itself to have any significant concentrations of credit risk with respect to contributions receivable.

In addition, the United Way maintains cash accounts with several financial institutions insured by the Federal Deposit Insurance Corporation up to $250,000. At June 30, 2025, there was $75,000 in excess of federally insured limits.

Income taxes: The United Way is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The United Way is also exempt from state income taxes by virtue of its ongoing exemption from federal income taxes. Accordingly, no provision for income taxes has been recorded in the accompanying financial statements.

The United Way has adopted the provisions of FASB ASC 740 Accounting for Uncertainty in Income Taxes. Accordingly, management has evaluated the United Way's tax positions and concluded the United Way had maintained its tax-exempt status, does not have any significant unrelated business income and had taken no uncertain tax positions that require adjustment or disclosure in the financial statements.

With few exceptions, the United Way is no longer subject to income tax examinations by the U.S. Federal or State tax authorities for tax years before 2022.

Leases: The United Way recognizes right-of-use (ROU) assets and lease liabilities on the statements of financial positions for all material operating and financing leases greater than one year. Factors contributing to the amount of asset and liability recorded are the determination of the lease term, discount rate used and the inclusion or exclusion of certain lease and non-lease components.

The United Way includes lease extension and termination options in the lease term if, after considering relevant economic factors, it is reasonably certain the United Way will exercise the option. In addition, the United Way has elected to account for any non-lease components in its real estate leases as part of the associated lease component. The United Way has also elected not to recognize leases with original lease terms of 12 months or less (short-term leases) on the United Way's statement of financial position.

For leases with a lease term greater than one year, the United Way recognizes a lease asset for its right to use the underlying leased asset and a lease liability for the corresponding lease obligation. The United Way determines whether an arrangement is or contains a lease at contract inception. Operating lease right-of-use assets and operating lease liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. In determining the present value of lease payments, the United Way uses its incremental borrowing rate for a period comparable with that of the lease term. The United Way considers the lease term to be the noncancelable period that it has the right to use the underlying asset, including all periods covered by an option to (1) extend the lease if the United Way is reasonably certain to exercise the option, (2) terminate the lease if the United Way is reasonably certain not to exercise that option, and (3) extend, or not to terminate, the lease in which exercise of the option is controlled by the lessor.

The operating lease right-of-use assets also include any lease payments made and exclude lease incentives received or receivable. Lease expense is recognized on a straight-line basis over the expected lease term. Variable lease expenses are recorded when incurred.

Note 3. Fair Value Measurements

The Fair Value Measurements Topic of the FASB Accounting Standards Codification (FASB ASC 820-10) establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

- Level 1 – inputs are unadjusted, quoted prices in active markets for identical assets at the measurement date. The types of assets carried at Level 1 fair value generally are securities listed in active markets. The United Way has valued their investments listed on national exchanges at the last sales price as of the day of valuation.

- Level 2 – inputs are based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

- Level 3 – inputs are generally unobservable and typically reflect management's estimates of assumptions that market participants would use in pricing the asset or liability. The fair values are therefore determined using model-based techniques that include option-pricing models, discounted cash flow models, and similar techniques.

Financial assets carried at fair value on a recurring basis consist of the following at June 30, 2025:

	Level 1	Level 2	Level 3
Money market funds	$ 32,393	$ 29,318	$ -
Mutual funds:			
Domestic equity	99,482	-	-
Fixed income	89,543	-	-

Beneficial interest in assets held by others	-	-	3,045,064
Total	$ 678,488	$ 190,249	$ 3,045,064

Financial assets carried at fair value on a recurring basis consist of the following at June 30, 2024:

	Level 1	Level 2	Level 3
Money market funds	$ 28,439	$ 22,954	$ -
Mutual funds:			
Domestic equity	98,645	-	-
Fixed income	85,838	-	-

Fixed income funds	488,737	-	-

Beneficial interest in assets held by others	-	-	2,845,719
Total	$ 713,385	$ 173,837	$ 2,845,719

All assets have been valued using a market approach, except for the beneficial interest in assets held by others, and have been consistently applied. The market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets. Prices may be indicated by pricing guides, sales transactions, market trades, or other sources.

The beneficial interest in assets held by others is valued using the income approach. The value is determined by calculating the present value of future distributions expected to be received, which approximates the value of the trust's assets at June 30, 2025 and 2024.

GAAP requires disclosure of an estimate of fair value for certain financial instruments. The United Way's significant financial instruments include cash and other short-term assets and liabilities. For these financial instruments, carrying values approximate fair value.

Note 5. Endowment Funds Held by Others

Agency endowed funds: The United Way is a beneficiary of various agency endowment funds at The New Hampshire Charitable Foundation. Pursuant to the terms of the resolution establishing these funds, property contributed to The New Hampshire Charitable Foundation is held as separate funds designated for the benefit of the United Way.

In accordance with its spending policy, the Foundation may make distributions from the funds to the United Way. The New Hampshire Charitable Foundation's charitable distribution rate is currently 4% of the fund's average market value of the trailing 20 calendar quarters.

The estimated value of the future distributions from the funds is included in these financial statements as required by FASB ASC 958-605, however, all property in the fund was contributed to The New Hampshire Charitable Foundation to be held and administered for the benefit of the United Way. The United Way received $99,311 and $97,837 from the agency endowed funds during the years ended June 30, 2025 and 2024, respectively.

Designated funds: The United Way is also a beneficiary of eight designated funds at The New Hampshire Charitable Foundation. Pursuant to the terms of the resolution establishing these funds, property contributed to The New Hampshire Charitable Foundation is held as a separate fund designated for the benefit of the United Way.

In accordance with its spending policy, the Foundation makes distributions from the funds to the United Way. The New Hampshire Charitable Foundation's charitable distribution rate is currently 4% of the fund's average market value of the trailing 20 calendar quarters.

These funds are not included in these financial statements, since although all property in these funds was contributed to The New Hampshire Charitable Foundation to be held and administered for the benefit of the United Way, The New Hampshire Charitable Foundation may redirect funds to another organization.

The United Way received $29,765 and $29,533 from the designated funds during the years ended June 30, 2025 and 2024, respectively. The market value of these funds' assets amounted to approximately $910,000 and $852,000 at June 30, 2025 and 2024, respectively.

Note 8. Endowment Funds

The United Way's endowment consists of nine individual funds established for youth programs, Whole Village Resource Center, and general operating support. Its endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments.

As required by GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law: The United Way is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the Board of Directors appropriates such amounts for expenditures.

Most of those net assets are also subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. The Board of Directors of the United Way has interpreted UPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund unless a donor stipulates the contrary.

As a result of this interpretation, when reviewing its donor-restricted endowment funds, the United Way considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument.

The United Way has interpreted UPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law.

Additionally, in accordance with UPMIFA, the United Way considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purposes of the organization and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the organization, and (7) the investment policies of the United Way.

Underwater Endowment Funds: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the United Way to retain as a fund of perpetual duration. The United Way did not have any funds with deficiencies of this nature as of June 30, 2025 and 2024.

Investment Return Objectives, Risk Parameters and Strategies: The United Way has adopted investment policies, approved by the Board of Directors, for endowment assets for the long-term. The United Way seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable level of risk. Investment risk is measured in terms of the total endowment fund; investment assets and allocations between asset classes and strategies are managed to not expose the fund to unacceptable level of risk.

Spending Policy: The United Way does not currently have a spending policy for distributions each year as they strive to operate within a budget of their current Campaign's income. To date there have been no distributions from the endowment fund.

Endowment net asset composition by type of fund as of June 30, 2025 is as follows:

Liquidity Management

The United Way maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due. To help manage unanticipated liquidity needs the United Way has committed a line of credit of $250,000, which it could draw upon. Additionally, the United Way has board designated net assets without donor restrictions that, while the United Way does not intend to spend these for purposes other than those identified, the amounts could be made available for current operations, if necessary.

Note 11. Pension Fund

Note 13. Contributed Nonfinancial Assets

For the years ended June 30, 2025 and 2024, contributed nonfinancial assets recognized within the statement of activities and changes in net assets included:

June 30,		**2025**		**2024**
Services	$	9,000	$	9,185
Office Space		48,000		48,000
Supplies		5,734		1,855
Total	**$**	**62,734**	**$**	**59,040**

The Organization recognized contributed nonfinancial assets within revenue. Unless otherwise noted, contributed nonfinancial assets did not have donor-imposed restrictions.

Contributed services are recognized when the services received would typically need to be purchased if they had not been provided by donation or require specialized skills and are provided by individuals possessing those skills.

A substantial number of volunteers have donated significant amounts of their time in United Way's program services; however, the value of this contributed time is not reflected in the accompanying financial statements since the volunteers' time does not meet the criteria for recognition.

Contributed services consist of audit and consulting services provided. The estimated fair value is based on the market value of the services provided.

Contributed office space consists of office space for the 211 New Hampshire program. The estimated fair value is based on rent of similar spaces.

Note 14. Payment to Affiliated Organizations and Related Party

The United Way pays dues to United Way Worldwide. The United Way's dues paid to this affiliated organization aggregated $133,691 and $104,311 for the years ended June 30, 2025 and 2024, respectively.

Note 15. Self-Insured Health Plan

The United Way has a self-insured health plan for all its employees. The United Way has purchased stop-loss insurance in order to limit its exposure, which will reimburse the Organization for individual claims in excess of $40,000 annually or aggregate claims exceeding $1,000,000 annually. Self-insurance losses are accrued based on the Organization's estimates of the aggregate liability for uninsured claims incurred using certain actuarial assumptions followed in the insurance industry.

Note 16. Subsequent Events

The United Way has evaluated subsequent events through November 13, 2025, the date which the financial statements were available to be issued and have not evaluated subsequent events after that date. Subsequent to year end, a grant agreement was entered into between Granite United Way and the state of New Hampshire Department of Health and Human Services in the amount of $10,000,000 to develop, implement, publicize and promote, and administer a statewide Opioid Abatement Community Grants Program. This grant begins in the year ended June 30, 2026 and runs through June 30, 2027. There were no other subsequent events that would require disclosure in the financial statements for the year ended June 30, 2025.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Granite United Way
Manchester, New Hampshire 03101

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Granite United Way, which comprise of the statements of financial position as of June 30, 2025, and the related statements of activities and changes in net assets and cash flows the year then ended, and the related notes to the financial statements and have issued our report thereon dated November 13, 2025.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Granite United Way's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Granite United Way's internal control. Accordingly, we do not express an opinion on the effectiveness of Granite United Way's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any additional deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Granite United Way's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards

Opinion

We have audited the accompanying schedule of expenditures of federal awards of Granite United Way for the year ended June 30, 2025 and the related notes (the financial statement).

In our opinion, the accompanying schedule of expenditures of federal awards presents fairly, in all material respects, the expenditures of federal awards of Granite United Way for the year ended June 30, 2025, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States *(Government Auditing Standards)*; and the audit requirements of Title 2 *U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Schedule section of our report.

We are required to be independent of Granite United Way and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Schedule

Management is responsible for the preparation and fair presentation of the schedule in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the schedule.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedule, whether due to fraud, or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the United Way's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the schedule.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The accompanying notes are an integral part of this schedule.

Note 1. Basis of Presentation

The Schedule of Expenditures of Federal Awards ("the Schedule") includes the federal grant activity of Granite United Way ("the United Way"), under programs of the federal government for the year ended June 30, 2025. The information in this schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) *Uniform Guidance*. Because the schedule presents only a selected portion of the operations of the United Way, it is not intended to and does not present the financial position, changes in net assets, or cash flows of the United Way.

Note 2. Basis of Accounting

This schedule is prepared on the same basis of accounting as the United Way's financial statements. The United Way uses the accrual basis of accounting. Expenditures represent only the federally funded portions of the program. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

Note 3. Program Costs

The amounts shown as current year expenditures represent only the federal grant portion of the program costs. Entire program costs could be more than shown. Such expenditures are recognized following, as applicable, either the cost principles in the OMB Circular A-122, Cost Principles for Non-Profit Organizations, or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 4. Major Programs

In accordance with OMB Uniform Guidance, major programs are determined using a risk-based approach. Programs in the accompanying Schedule are determined by the independent auditor to be major programs.

Note 5. Indirect Cost Rate

Indirect costs are calculated based on the specific indirect cost rate agreements established for each grant. Granite United Way applies varying indirect costs rates as stipulated in individual grant agreements with federal and non-federal awarding agencies. These rates, which may include negotiated rate or the de minimis rate of 10% of Modified Total Direct Costs (MTDC) are applied to the applicable direct cost base in accordance with each grant's terms.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Granite United Way
Manchester, New Hampshire 03101

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Granite United Way's compliance with the types of compliance requirements identified in the *OMB Compliance Supplement* that could have a direct and material effect on each of Granite United Way's major federal programs for year ended June 30, 2025. Granite United Way's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Granite United Way complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2025.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards);* and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (*Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Granite United Way and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Granite United Way's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Granite United Way's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Granite United Way's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Granite United Way's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards,* and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud, or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Granite United Way's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Granite United Way's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the United Way's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is

less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

AUDIT FINDING for Fiscal Year Ended June 30, 2024

Finding Reference Number: 2024-001

Description of Finding: Funds were expended in the fiscal year on transactions with future obligation dates that fell outside of the award's designated timeframe.

Finding Status:

Granite United Way established additional policies and procedures regarding the review of obligation dates to ensure that they are within the permitted timeframes of contracts. The Chief Impact Officer and Chief Financial Officer reviewed any vendor expenses submitted by program staff for implementation dates and would have gotten written approval from the grantor in advance of payment if the dates were outside of the contract end date, which there were none in the 2025 fiscal year.

Granite United Way does not anticipate this scenario to present itself again as this finding was related to a pilot program developed in partnership with the New Hampshire Department of Health and Human Services (NH DHHS), with funding from the Child Care Development Block Grant (ARPA Child Care Supplemental Discretionary Funds). The transaction in question was erroneously approved in advance by NH DHHS, reimbursed to GUW following NH DHHS review of all relevant backup documentation, and then rescinded. The transaction provided for a pool of funds set up in advance with an approved vendor and made available to employees of the participating pilot program businesses to draw on for applicable childcare expenses.

-NON-SUPPLANTING CERTIFICATION –

Supplanting defined

Federal funds must be used to supplement existing funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting shall be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the Subrecipient or grantee will be required to supply documentation demonstrating that the reduction in non-Federal resources occurred for reasons other than the receipt or expected receipt of Federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that Federal funds will not be used to supplant State or local funds. See the OJP Financial Guide (Part II, Chapter 3) Archived | OJP Grants Financial Guide | II. Preaward requirements | Office of Justice Programs

Supplanting and job retention

A recipient or subrecipient may use federal funds to retain jobs that, without the use of the federal money, would be lost. If the grantee is planning on using federal funds to retain jobs, it must be able to substantiate that, without the funds, the jobs would be lost. Substantiation can be, but is not limited to, one of the following forms: an official memorandum, official minutes of a county or municipal board meeting or any documentation, that is usual and customarily produced when making determinations about employment. The documentation must describe the terminated positions and that the termination is because of lack of the availability of State or local funds.

Claremont Police Department (Subrecipient) certifies that any funds awarded through this federal award shall be used to supplement existing funds for program activities and will not replace (supplant) nonfederal funds that have been appropriated for the purposes and goals of the grant.

Claremont Police Department (Subrecipient) understands that supplanting violations may result in a range of penalties, including but not limited to suspension of future funds under this program, suspension or debarment from federal grants, recoupment of monies provided under this grant, and civil and/or criminal penalties.
