EXHIBIT A

SPECIAL PROVISIONS

1. In accordance with the provisions of RFP 2026-002, the contract term may be extended for up to three-year additional years to conduct the same or similar work and the not-to-exceed amount and hourly rates may be renegotiated, all at the sole option of the State, contingent upon satisfactory contractor performance, projected requirements for similar consulting services, and Governor and Executive Council approval.
2. The Contractor agrees to maintain confidential all information to which it has access until such time as it is instructed otherwise by the Department. The Contractor must document similar agreement with any employee, subcontractor, or subcontractor employee.
3. Paragraph 12.4 of the General Provisions is amended to add "Without limiting the foregoing, a determination by the Department that the Grantee or Contractor is boycotting Israel shall be grounds for termination by the Department in accordance with New Hampshire Executive Order No. 2023-05, which termination may be immediate."
4. Prohibition on Boycotting Israel

For the purposes of this Section, the terms shall be defined as follows:

"Boycotting Israel" means engaging in refusals to deal, terminating business activities, or other similar commercial actions intended to limit commercial relations with persons doing business in Israel or in Israeli-controlled territories when the actions are taken (1) in compliance with or adherence to calls for a boycott of Israel other than those boycotts to which Pub. L. No. 96- 78, § 8, 93 Stat. 522 (1979) applies; or (2) in a manner that discriminates on the basis of nationality, national origin, or religion that is not based on a legitimate business reason.

If the State receives evidence that the Contractor is Boycotting Israel, the State shall determine whether the Contractor is Boycotting Israel. A statement indicating that the Contractor engaged in an action of Boycotting Israel or has taken any action of Boycotting Israel at the request, in compliance with, or in furtherance of calls to boycott Israel, may be considered as one type of evidence that the Contractor is, or has been, participating in act of Boycotting Israel. An expressive activity, alone, directed at a specific person or a governmental action may not be considered evidence of an action of Boycotting Israel.

A determination by the State that the Contractor is engaged in an action of Boycotting Israel constitutes an Event of Default.

EXHIBIT B

- Preparation and submission of direct, and, if needed, rebuttal testimony,
- Preparation of responses to interrogatories, and

In the process of preparing each deliverable, the Contractor will work closely with Department personnel in order to facilitate effective knowledge transfer of each issue. The work of the Contractor will be subject to an evaluation of progress achieved against the above-mentioned scope and tasks to take place after completion of the key deliverables identified during the meeting to discuss the scope of the project.

The Department conducts its meetings with Contractors virtually via Microsoft Teams, and the current practice is to conduct technical sessions virtually as well. The current PUC practice is to allow for remote participation at hearings, including for oral testimony, upon request and
