Governor

June 15, 2026

Her Excellency, Governor Kelly A. Ayotte,  
and the Honorable Council  
State House  
Concord, New Hampshire 03301

### REQUESTED ACTION

For consideration on the consent calendar, pursuant to RSA 4:8, Gifts to the State, authorize the New Hampshire Liquor Commission to accept a donation of ten (10) electric walkie pallet jacks, with an estimated fair market value of \$5,000, from DHL Supply Chain, 1403 Route 3A, Bow, New Hampshire 03304, effective upon Governor and Council approval.

### EXPLANATION

The pallet jacks will be used in the Concord warehouse and at various retail outlet locations. The Liquor Commission is committed to enhancing productivity, improving safety, reducing injuries, and mitigating risk. The generous donation from DHL will enable faster, more efficient movement of pallets, supporting warehouse logistics and retail stocking operations. It will reduce manual lifting and handling of heavy loads, decreasing ergonomic strain on staff, and lowering the potential for back injuries and repetitive strain incidents, ultimately promoting a safer workplace and reducing workers' compensation exposure.

Your favorable action on this request would be appreciated.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "J. Mollica".

Thank you for your patience while we worked through this. We would estimate the fair market value of these 10 units at \$500 per unit, for a total value of \$5,000. These are Raymond units model number 102T-F45L. They include the batteries, and the chargers are built into the units, so they only need a regular 110 outlet for charging. We are pleased that these units will find continued usefulness with the NHL. Below is the list of serial #s that would be included.
