EXPLANATION

The purpose of this request is for the Contractor to provide Task Force Commander services to support the statewide MMRS volunteer medical task force. The MMRS program provides health and medical support to New Hampshire residents, visitors, public health agencies, and healthcare facilities during disasters and public health emergencies. The MMRS task force is a self-contained unit of volunteer doctors, nurses, pharmacists, paramedics, emergency medical technicians (EMTs), mental health professionals, and non-medical personnel who are available to respond statewide.

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
Page 2 of 2

The Contractor will oversee the MMRS volunteer team by coordinating deployments, managing volunteer credentialing and training, maintaining medical equipment, and ensuring timely communication and availability to support emergency response operations. These services are essential to having a trained, credentialed, and deployable volunteer medical task force capable of supporting New Hampshire's public health and healthcare systems during disasters and public health emergencies. In 2025, MMRS volunteers supported multiple community-based Tuberculosis (TB) testing clinics for vulnerable populations serving over 125 individuals who otherwise would not have access to these services, among other activities.

The Department will monitor services by:

- Reviewing quarterly reports, including after-action improvement planning recommendations, volunteer recruitment and retention data, and volunteer training satisfaction and outcomes
- Participating in monthly contract monitoring calls with the Contractor.
- Reviewing quality assurance data following deployments.
- Reviewing an annual statewide volunteer availability report.

The Department selected the Contractor through a competitive bid process using a Request for Applications (RFA) that was posted on the Department's website from March 10, 2026 through April 7, 2026. The Department received one (1) response that was reviewed and scored by a team of qualified individuals. The Scoring Sheet is attached.

As referenced in Exhibit A of the attached agreement, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties, and Governor and Council approval.

Should the Governor and Council not authorize this request, the MMRS will not have the required volunteer workforce, training, coordination, and oversight needed to ensure timely and effective medical volunteer support across the state during disasters and public health emergencies.

Area served: Statewide.

Summary/Explanation to Independent Contractor Justification Form

SS-2026-DPHS-04-TASKF-01

1. Describe the services that the individual will perform for your agency.

Answer: The Metropolitan Medical Response System (MMRS) is a statewide volunteer medical team that deploys across New Hampshire to support medical surge events, public health emergencies, and mass casualty incidents.

Aaron McIntire is a licensed paramedic who can deploy and lead a team of medical experts at large-scale, complex public health or healthcare emergencies and render emergency medical care. Additional requirements for this position include being a certified CPR instructor and unit leader for MMRS – a non-transporting EMS agency. His responsibilities include ensuring all volunteers maintain their medical licenses and credentials – a requirement to be part of MMRS.

As a retired fire chief, and current National Incident Director for Red Cross, he has the skills and experience to manage on-scene, complex medical operations involving multiple government, non-profit, and private agencies. The state's volunteer management coordinator does not have clinical certifications, licensure, or expertise which necessitates a contract with an individual who can fulfill the requirements of the MMRS commander position.

2. Will the Agency exercise authority over the means by which the services is rendered by:

Answer:

- e. Computer, Phone, disposable medical goods.
- f. yes.

3. Will the individual perform the services exclusively for the agency?

Answer: Mr. McIntire is the only individual who will be performing for the Metropolitan Medical Response System (MMRS) for DHHS. He is a full time employee at the Red Cross. MMRS is only established through Department of Health and Human Services(DHHS) so it's not possible to provide this service outside of DHHS.

5. Does the individual hold himself or herself out to be in business for himself or herself, including by being registered with the state as a business and having continuing or recurring business liabilities or obligations?

Answer: Mr. McIntire has an Established LLC and is listed as Sole Proprietor

9. Are the services the individual will provide an independently established trade, occupation, profession, or business?

Answer: The MMRS is only established through the NH DHHS. This is a unique position that requires licenses in the area of emergency response, which Mr. McIntire can easily provide to DHHS.

Subject: RFA-2027-DPH-03-TASKF-01 (Task Force Commander-Metropolitan Medical Response System)

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this Agreement, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this Agreement is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76. See <https://www.govinfo.gov/app/details/CFR-2004-title45-vol1/CFR-2004-title45-vol1-part76/context>.
6. The prospective primary participant agrees by submitting this Agreement that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by DHHS.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties) <https://www.ecfr.gov/current/title-22/chapter-V/part-513>.

New Hampshire Department of Health and Human Services

Exhibit D – Federal Requirements

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, DHHS may terminate this transaction for cause or default.

A reference in the Agreement, as amended to include this Exhibit F, to a Section in HIPAA or 42 Part 2, means the Section as in effect or as amended.

- e. Segregation. If any term or condition of this BAA or the application thereof to any person(s) or circumstance is held invalid, such invalidity shall not affect other terms or conditions which can be given effect without the invalid term or condition; to this end the terms and conditions of this BAA are declared severable.
- f. Survival. Provisions in this BAA regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the BAA in section (3) n.l., the defense and indemnification provisions of section (3) g. and Paragraph 13 of the General Provisions (P-37) of the Agreement, shall survive the termination of the BAA.
