FY 2027

030-014-16510000-034-500161 CAPITAL PROJECTS

034-500161 – Contract	\$ 1,132,700
034-500161 – Contingency	\$ 125,000
034-500161 – DPW Fees	\$ 45,000

Project Total \$ 1,302,700

EXPLANATION

The project involves the repair of state facility parking lots at various locations in the City of Concord. The work includes: 1) the replacement of asphalt surfaces; 2) installation and/or repair of stormwater management systems; 3) restriping of parking spaces, replacement of the associated signage; 4) installation of new lighting. The parking lots are located at 20 Park Street, 19 Pillsbury Street, 64 South Street, 95 Pleasant Street, and 109 Pleasant Street.

The existing conditions of the parking lots have deteriorated over time. The parking lot surfaces are suffering from cracking and heaving. The damage to the asphalt surfaces has progressed to such an extent that routine maintenance is unable to meaningfully extend the operational life of the parking lots. Without the repairs, the condition of the asphalt will continue to deteriorate rendering parking spaces unusable. In addition, the individual sites require modification to their parking layout, stormwater management systems, and lighting systems in order to extend their functionality.

A public bid opening was held on May 13, 2026. One (1) bid proposal was received and the contract was awarded to the lowest qualified bidder. The low bid is approximately 10% under the Department Estimate. The lowest qualified bidder submitted four (4) line items at a lower amount than the Department Estimate, accounting for the difference.

The agreement has been approved by the Attorney General as to form and execution; and the Department of Administrative Services has certified that the necessary funds are available. Copies of the fully executed agreement are on file at the Secretary of State's Office and the Department of Administrative Services – Division of Public Works Design and Construction.

Respectfully submitted,

Charles M. Arlinghaus,
Commissioner
