Re: Petition for Hearing – Lebanon #44776

Under RSA 230:14, attached is a petition for a hearing to replace the culvert carrying an unnamed stream under NH Route 10, located a half mile south of Wilder Dam in Lebanon, New Hampshire. The project will replace the existing four-foot-wide by three-and-a-half foot-high by forty-four-foot-long concrete box culvert with an eight-foot-wide by five-foot-high by forty-five-foot-long precast concrete box culvert. In addition, the proposed improvements will improve hydraulics, address inlet and outlet scour, and increase the width between guardrail runs on each side of the culvert.

As this petition is not for the limitation or control of access, a Commission of Three Persons should be appointed by the Governor with the advice of the Executive Council to hold a hearing as prescribed by RSA 230:14. The Commission of Three Persons shall determine whether there is an occasion for the project.

Recommended Commission members:

Wendy Piper – Enfield
Devin Wilkie – Lebanon
Vicky Mishcon – Andover

Respectfully,

David M. Rodrigue, P.E.
Commissioner

DMR/dwh
Attachment: Petition

- PETITION -

To Her Excellency, the Governor, and the Honorable Executive Council:

I, David M. Rodrigue, Commissioner of the New Hampshire Department of Transportation, under RSA 230:14, propose to replace the culvert carrying an unnamed stream under NH Route 10, located a half mile south of Wilder Dam in Lebanon.

LEBANON #44776

Under RSA 230:14, attached is a petition for a hearing for the proposed replacement of the culvert carrying an unnamed stream under NH Route 10, located a half mile south of Wilder Dam in Lebanon, New Hampshire. The project will replace the existing four-foot-wide by three-and-a-half foot-high by forty-four-foot-long concrete box culvert with an eight-foot-wide by five-foot-high by forty-five-foot-long precast concrete box culvert. In addition, the proposed improvements will improve hydraulics, address inlet and outlet scour, and increase the width between guardrail runs on each side of the culvert.

Wherefore I, David M. Rodrigue, Commissioner of the New Hampshire Department of Transportation, under RSA 230:14, propose to replace the culvert carrying an unnamed stream under NH Route 10, located a half mile south of Wilder Dam in Lebanon.

DATED: July 9, 2026

David M. Rodrigue, P.E.
Commissioner
