To Her Excellency, the Governor, and the Honorable Executive Council:

I, David M. Under RSA 230:14, attached is a petition for a hearing for the proposed addressing of the poor pavement and drainage conditions by reconstructing the roadway and removing the existing concrete slab, improving closed drainage and constructing water quality best management practices, as well as widening the shoulder to accommodate bicyclists and reconstructing the sidewalks of Route 28 (South Main Street). The project begins approximately five hundred feet south of the intersection with Pleasant Valley Road and continues 1.4 miles to the intersection with Route 109 (Center Street), known locally as Pickering Corner.

Wherefore I, David M. Rodrigue, Commissioner of the New Hampshire Department of Transportation, under RSA 230:14, propose the reconstruction of poor pavement and drainage conditions along Route 28 (South Main Street) between Pleasant Valley Road and Route 109 (Center Street), locally known as Pickering Corner.
