Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, NH 03301

REQUESTED ACTION

The New Hampshire Department of Labor, Office of the Commissioner, is in receipt of a petition seeking compensation pursuant to RSA 281-A:32-a for Group II retirement system member [REDACTED]. Following the Department's review and revision of this petition as the administrator of the workers' compensation statute, the claimant requests a warrant be drawn to disburse \$125,000.00 to him as compensation for partial permanent impairment to [REDACTED] at less than 100% maximum medical improvement, as a result of an injury sustained in the line of duty on [REDACTED]. Said funding is effective upon Governor and Council approval. Source of funding is 100% General Funds not otherwise appropriated.

EXPLANATION

[REDACTED] sustained an occupationally-related traumatic [REDACTED] injury in the line of duty. More specifically, [REDACTED] was involved in a [REDACTED] in the course of his employment. [REDACTED] received workers' compensation benefits for the injuries arising out of this accident in accordance with RSA 281-A.

This request is to fund and disburse additional monetary benefit to [REDACTED] as authorized by RSA 281-A:32-a, which added the First Responder's Critical Injury Fund to the Workers' Compensation Law and provides for additional compensation to any Group II retirement system member for specified, critical work-related injuries. The statute states, in relevant part:

"In addition to other payments made under RSA 281-A, a group II retirement system member may request additional compensation under this section. If the impairment to a group II retirement system member resulting from an injury is partial, with a determination by the department of labor that the employee has reached maximum medical improvement and that such maximum medical improvement is less than 100 percent, the governor may draw a warrant, with approval by the executive council, from funds not otherwise appropriated for payments in addition to benefits payable under this chapter for an award to be paid to such employees in amounts provided by RSA 281-A:28.... for the number of weeks set forth in this section for permanent bodily loss or impairment."

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
Page 2 of 2

██████████ is a Group II retirement system member with a compensable injury resultant in ██████████. ██████████ was placed at maximum medical improvement of less than 100% for permanent bodily loss and impairment by ██████████ as a result of his work-related injury. ██████████ therefore meets statutory criteria for additional compensation pursuant to RSA 281-A:32-a.

The statute sets forth the appropriate number of weeks of compensation for permanent loss of impairment of: (a) heart, lung or brain (2) other internal organs or (3) speech, touch taste or smell. ██████████ sustained a compensable injury resulting in ██████████, for which RSA 281-A:32-a (I)(c) proscribes 104 weeks of compensation loss. This calculates to a compensation rate of \$180,172.72 (104 weeks x \$1,732.43). However, total compensation for additional compensation awarded under RSA 281-A:32-a may not exceed \$125,000 per RSA 281-A:32-a(II). On this basis, ██████████ is entitled to additional compensation in the amount of \$125,000.00 upon the approval of the Governor and Council.

Sincerely,

Ken Merrifield
Commissioner
Department of Labor
