EXPLANATION

The Northern Border Regional Commission (NBRC), a federal-state partnership for economic and community development in New Hampshire, Maine, Vermont, and New York, was created by federal legislation in 2008. New Hampshire has willingly participated because this partnership provides access to funds and opportunities that benefit the state and businesses in key regions and industries as the NBRC provides federal funds for critical economic and community development projects for many of our rural communities each year. The authorizing statute (40 U.S.C Subtitle V) not only dictates what states shall comprise the NBRC, it also determines what communities in New Hampshire can participate in NBRC programming (seven counties).

The NBRC is an entity unlike other partnerships or programs in which the State participates. Federal statute concribes participants, operations, and costs. As part of NBRC programming, BEA leads award rounds, hosts workshops and webinars, conducts significant outreach, advocates for, and works with awardees to advance their projects, and assists awardees in meeting regulatory requirements associated with their awards. To meet the NBRC funding round application deadlines, individualized specialized capacity building technical assistance for municipalities and nonprofit NBRC candidates is essential.

The Department of Business and Economic Affairs (BEA) administers NBRC funding allocated to the State for grant programs. In 2025 alone, BEA administered NBRC grants totaling \$14.5 million in funding, awarded to projects in New Hampshire Counties that comprise the State's Northern Border Region (Coos, Grafton, Carroll, Belknap, Sullivan, Cheshire, and Merrimack).

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Executive Council

The purpose of this contract is to provide specialized capacity building support to municipalities and nonprofit entities in rural parts of New Hampshire aimed at identifying potential projects and funding sources that will advance the eco-system that leads to job creation and retention and, in general, improve economic opportunities. The contractor will provide customized technical assistance with pre-development strategies such as conducting feasibility research, developing project plans and budgets, identifying all funding opportunities, and curating data to form a strong case for support for successfully developed applications for funding to NBRC and other federal and state sources.

BEA issued a Request for Proposals (RFP) for a Rural Economic Development Capacity Contractor, and one vendor submitted a formal written proposal. A selection committee comprised of BEA staff reviewed the proposal, and selected Arnett Development Group, LCC (ADG) to receive the contract with BEA. To ensure continuity between each project round, ADG's selection will allow applicants to receive consistent support across program years as they have done so over the past few years.

ADG, based in Concord, NH has a strong background in providing technical assistance for communities and nonprofits in rural New Hampshire for over 19 years, helping them obtain funding and create smart planning and development solutions. That experience and skill set were key factors in ADG scoring highly. Moreover, ADG demonstrated in-depth knowledge of the NBRC and other federal and state funding resources as well as an ability to provide in-person local expertise. ADG brings a high level of continuity in providing technical assistance, which is essential because this program has a very tight timeline for applications submissions which occur in the Spring and Fall each year.

In the event that Federal Funds are no longer available, General Funds will not be requested.

The Attorney General's Office has approved this contract agreement as to form, substance, and execution.

Respectfully submitted,

Lucy Lange
Commissioner

The Grantee (aka "Contractor") identified in Section 1.3 of the General Provisions agrees to comply with the provisions of Executive Office of the President, Executive Order 12529 and 45 CFR Part 76 regarding Debarment, Suspension, and Other Responsibility Matters, and further agrees to have the Grantee's representative, as identified in Sections 1.11 and 1.12 of the General Provisions execute the following Certification:

CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER RESPONSIBILITY MATTERS - PRIMARY COVERED TRANSACTIONS

Instructions for Certification

- (1) By signing and submitting this Contract, the Grantee is providing the certification set out below.
- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the Grantee shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the State determination whether to enter into this transaction. However, failure of the Grantee to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when the State determined to enter into this transaction. If it is later determined that the Grantee knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, State may terminate this transaction for cause or default.
- (4) The Grantee shall provide immediate written notice to State, to whom this Contract is submitted if at any time the Grantee learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- (5) The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549: 45 CFR Part 76.
- (6) The Grantee agrees by submitting this Contract that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the State.
- (7) The Grantee further agrees by submitting this Contract that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by State, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
- (8) A Grantee in a covered transaction may rely upon a certification of Grantee in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A Grantee may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Non-procurement List (of excluded parties).
- (9) Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a Grantee is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
- (10) Except for transactions authorized under paragraph 6 of these instructions, if a Grantee in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, State may terminate this transaction for cause or default.
