State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Safety, Division of Homeland Security and Emergency Management to award a grant to the Town of Ossipee (VC#177456-B002) in the amount of \$11,250 to update the Town's Hazard Mitigation Plan, effective upon Governor and Council approval through September 22, 2028. **100% Federal Funds.**

Funding is available in account, Hazard Mitigation Grant Program, as follows:

02-23-23-236010-29200000-072-500574 - Grants to Local Gov't – Federal	<u>FY 2027</u> \$11,250
---	----------------------------

EXPLANATION

The purpose of this grant is to provide funding for the Town of Ossipee to update the Town's Hazard Mitigation Plan. Hazard Mitigation Plans are essential planning documents that identify natural hazards, assess community vulnerabilities, and establish strategies to reduce the long-term risk to people, property, critical infrastructure, and the environment. Periodic updates ensure the plan reflects current conditions, incorporates changes in development and infrastructure, evaluates completed mitigation actions, and identifies future mitigation priorities.

This grant is funded through the Federal Emergency Management Agency's (FEMA) Hazard Mitigation Grant Program (HMGP) and awarded to the New Hampshire Department of Safety, Division of Homeland Security and Emergency Management (HSEM). HMGP provides financial assistance to eligible subrecipients for cost-effective hazard mitigation activities that support comprehensive, long-term mitigation efforts. FEMA awards HMGP funding to states, which in turn provide subgrants to local communities for activities including hazard mitigation planning and the implementation of projects identified through the evaluation of natural hazards.

Updating the Town's Hazard Mitigation Plan will help ensure continued eligibility for certain FEMA hazard mitigation assistance programs and other federal disaster-related funding opportunities. Maintaining a current, FEMA-approved plan strengthens the Town's ability to pursue future mitigation funding, enhances emergency preparedness, and supports efforts to reduce the impacts of future natural disasters on the community.

HMGP is 75% Federally funded by FEMA with a 25% match requirement supplied by the sub-recipient. The sub-recipient acknowledges their match obligation as part of Exhibits B and C to their grant agreement.

To make New Hampshire the safest state in the Nation with the highest quality of life for all.

Her Excellency, Governor Kelly A. Ayotte

And the Honorable Council

Page 2 of 2

In the event that HMGP funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

GRANT AGREEMENT

The State of New Hampshire and the Sub-Recipient hereby
Mutually agree as follows:
GENERAL PROVISIONS

1. IDENTIFICATION AND DEFINITIONS

1.1. State Agency Name NH Department of Safety, Homeland Security and Emergency Management		1.2. State Agency Address 33 Hazen Drive Concord, NH 03305	
1.3. Sub-Recipient Name Town of Ossipee (177456-B002)		1.4. Sub-Recipient Address PO Box 67, Ctr Ossipee, NH 03814	
1.5 Sub-Recipient Tel. # 603-539-4181	1.6. Account Number AU #29200000	1.7. Completion Date September 22, 2028	1.8. Grant Limitation \$11,250.00
1.9. Grant Officer for State Agency Austin Brown, Chief of Mitigation & Recovery		1.10. State Agency Telephone Number (603) 271-2231	
"By signing this form we certify that we have complied with any public meeting requirement for acceptance of this grant, including if applicable RSA 31:95-b."			
1.11. Sub-Recipient Signature 1 		1.12. Name & Title of Sub-Recipient Signor 1 Matt Sawyer - Town Admin	
Sub-Recipient Signature 2		Name & Title of Sub-Recipient Signor 2	
Sub-Recipient Signature 3		Name & Title of Sub-Recipient Signor 3	
1.13. State Agency Signature(s) By:  On: 6/26/26		1.14. Name & Title of State Agency Signor(s) Amy Newbury, Director of Administration	
1.15. Approval by the N.H. Department of Administration, Division of Personnel (if applicable) By: _____ Director, On: / /			
1.16. Approval by Attorney General (Form, Substance and Execution) (if G & C approval required) By: /s/ Colin Carroll Esq. Assistant Attorney General, On: 07/10/2026			
1.17. Approval by Governor and Council (if applicable) By: _____ On: / /			

2. SERVICES TO BE PERFORMED. The State of New Hampshire, acting through the agency identified in block 1.1 ("State"), engages contractor identified in block 1.3 ("Contractor") to perform, and the Contractor shall perform, the work or sale of goods, or both, identified and more particularly

described in the attached EXHIBIT B which is incorporated herein by reference ("Services").

Sub-Recipient Initials: 1.)  2.) _____

3.) _____

Date: 6/12/26

3. EFFECTIVE DATE/COMPLETION OF SERVICES.

3.1 Notwithstanding any provision of this Agreement to the contrary, and subject to the approval of the Governor and Executive Council of the State of New Hampshire, if applicable, this Agreement, and all obligations of the parties hereunder, shall become effective on the date the Governor and Executive Council approve this Agreement as indicated in block 1.17, unless no such approval is required, in which case the Agreement shall become effective on the date the Agreement is signed by the State Agency as shown in block 1.13 ("Effective Date").

3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds affected by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provided in EXHIBIT B, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. The State shall not be required to transfer funds from any other account or source to the Account identified in block 1.6 in the event funds in that Account are reduced or unavailable.

5. CONTRACT PRICE/PRICE LIMITATION/PAYMENT.

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT C which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no

event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. In addition, if this Agreement is funded in any part by monies of the United States, the Contractor shall comply with all federal executive orders, rules, regulations and statutes, and with any rules, regulations and guidelines as the State or the United States issue to implement these regulations. The Contractor shall also comply with all applicable intellectual property laws.

6.2 During the term of this Agreement, the Contractor shall not discriminate against employees or applicants for employment because of race, color, religion, creed, age, sex, handicap, sexual orientation, or national origin and will take affirmative action to prevent such discrimination.

6.3. The Contractor agrees to permit the State or United States access to any of the Contractor's books, records and accounts for the purpose of ascertaining compliance with all rules, regulations and orders, and the covenants, terms and conditions of this Agreement.

7. PERSONNEL.

7.1 The Contractor shall at its own expense provide all personnel necessary to perform the Services. The Contractor warrants that all personnel engaged in the Services shall be qualified to perform the Services, and shall be properly licensed and otherwise authorized to do so under all applicable laws.

7.2 Unless otherwise authorized in writing, during the term of this Agreement, and for a period of six (6) months after the Completion Date in block 1.7, the Contractor shall not hire, and shall not permit any subcontractor or other person, firm or corporation with whom it is engaged in a combined effort to perform the Services to hire, any person who is a State employee or official, who is materially involved in the procurement, administration or performance of this Agreement. This provision shall survive termination of this Agreement.

7.3 The Contracting Officer specified in block 1.9, or his or her successor, shall be the State's representative. In the event of any dispute concerning the interpretation of this Agreement, the Contracting Officer's decision shall be final for the State.

8. EVENT OF DEFAULT/REMEDIES.

8.1 Any one or more of the following acts or omissions of the Contractor shall constitute an event of default hereunder ("Event of Default"):

8.1.1 failure to perform the Services satisfactorily or on schedule;

8.1.2 failure to submit any report required hereunder; and/or

8.1.3 failure to perform any other covenant, term or condition of this Agreement.

Sub-Recipient Initials: 1.)

1476

2.)

3.)

Date:

6/2/26

8.2 Upon the occurrence of any Event of Default, the State may take any one, or more, or all, of the following actions:

8.2.1 give the Contractor a written notice specifying the Event of Default and requiring it to be remedied within, in the absence of a greater or lesser specification of time, thirty (30) days from the date of the notice; and if the Event of Default is not timely cured, terminate this Agreement, effective two (2) days after giving the Contractor notice of termination;

8.2.2 give the Contractor a written notice specifying the Event of Default and suspending all payments to be made under this Agreement and ordering that the portion of the contract price which would otherwise accrue to the Contractor during the period from the date of such notice until such time as the State determines that the Contractor has cured the Event of Default shall never be paid to the Contractor;

8.2.3 give the Contractor a written notice specifying the Event of Default and set off against any other obligations the State may owe to the Contractor any damages the State suffers by reason of any Event of Default; and/or

8.2.4 give the Contractor a written notice specifying the Event of Default, treat the Agreement as breached, terminate the Agreement and pursue any of its remedies at law or in equity, or both.

8.3. No failure by the State to enforce any provisions hereof after any Event of Default shall be deemed a waiver of its rights with regard to that Event of Default, or any subsequent Event of Default. No express failure to enforce any Event of Default shall be deemed a waiver of the right of the State to enforce each and all of the provisions hereof upon any further or other Event of Default on the part of the Contractor.

9. TERMINATION.

9.1 Notwithstanding paragraph 8, the State may, at its sole discretion, terminate the Agreement for any reason, in whole or in part, by thirty (30) days written notice to the Contractor that the State is exercising its option to terminate the Agreement.

9.2 In the event of an early termination of this Agreement for any reason other than the completion of the Services, the Contractor shall, at the State's discretion, deliver to the Contracting Officer, not later than fifteen (15) days after the date of termination, a report ("Termination Report") describing in detail all Services performed, and the contract price earned, to and including the date of termination. The form, subject matter, content, and number of copies of the Termination Report shall be identical to those of any Final Report described in the attached EXHIBIT B. In addition, at the State's discretion, the Contractor shall, within 15 days of notice of early termination, develop and submit to the State a Transition Plan for services under the Agreement.

10. DATA/ACCESS/CONFIDENTIALITY/PRESERVATION.

10.1 As used in this Agreement, the word "data" shall mean all information and things developed or obtained during the performance of, or acquired or developed by reason of, this Agreement, including, but not limited to, all studies, reports, files, formulae, surveys, maps, charts, sound recordings, video recordings, pictorial reproductions, drawings, analyses, graphic representations, computer programs, computer printouts, notes,

letters, memoranda, papers, and documents, all whether finished or unfinished.

10.2 All data and any property which has been received from the State or purchased with funds provided for that purpose under this Agreement, shall be the property of the State, and shall be returned to the State upon demand or upon termination of this Agreement for any reason.

10.3 Confidentiality of data shall be governed by N.H. RSA chapter 91-A or other existing law. Disclosure of data requires prior written approval of the State.

11. CONTRACTOR'S RELATION TO THE STATE. In the performance of this Agreement the Contractor is in all respects an independent contractor, and is neither an agent nor an employee of the State. Neither the Contractor nor any of its officers, employees, agents or members shall have authority to bind the State or receive any benefits, workers' compensation or other emoluments provided by the State to its employees.

12. ASSIGNMENT/DELEGATION/SUBCONTRACTS.

12.1 The Contractor shall not assign, or otherwise transfer any interest in this Agreement without the prior written notice, which shall be provided to the State at least fifteen (15) days prior to the assignment, and a written consent of the State. For purposes of this paragraph, a Change of Control shall constitute assignment. "Change of Control" means (a) merger, consolidation, or a transaction or series of related transactions in which a third party, together with its affiliates, becomes the direct or indirect owner of fifty percent (50%) or more of the voting shares or similar equity interests, or combined voting power of the Contractor, or (b) the sale of all or substantially all of the assets of the Contractor.

12.2 None of the Services shall be subcontracted by the Contractor without prior written notice and consent of the State. The State is entitled to copies of all subcontracts and assignment agreements and shall not be bound by any provisions contained in a subcontract or an assignment agreement to which it is not a party.

13. INDEMNIFICATION. Unless otherwise exempted by law, the Contractor shall indemnify and hold harmless the State, its officers and employees, from and against any and all claims, liabilities and costs for any personal injury or property damages, patent or copyright infringement, or other claims asserted against the State, its officers or employees, which arise out of (or which may be claimed to arise out of) the acts or omission of the Contractor, or subcontractors, including but not limited to the negligence, reckless or intentional conduct. The State shall not be liable for any costs incurred by the Contractor arising under this paragraph 13. Notwithstanding the foregoing, nothing herein contained shall be deemed to constitute a waiver of the sovereign immunity of the State, which immunity is hereby reserved to the State. This covenant in paragraph 13 shall survive the termination of this Agreement.

14. INSURANCE.

14.1 The Contractor shall, at its sole expense, obtain and continuously maintain in force, and shall require any

Sub-Recipient Initials: 1.)

2475

2.)

3.)

Date:

6/2/26

subcontractor or assignee to obtain and maintain in force, the following insurance:

14.1.1 commercial general liability insurance against all claims of bodily injury, death or property damage, in amounts of not less than \$1,000,000 per occurrence and \$2,000,000 aggregate or excess; and

14.1.2 special cause of loss coverage form covering all property subject to subparagraph 10.2 herein, in an amount not less than 80% of the whole replacement value of the property.

14.2 The policies described in subparagraph 14.1 herein shall be on policy forms and endorsements approved for use in the State of New Hampshire by the N.H. Department of Insurance, and issued by insurers licensed in the State of New Hampshire.

14.3 The Contractor shall furnish to the Contracting Officer identified in block 1.9, or his or her successor, a certificate(s) of insurance for all insurance required under this Agreement. Contractor shall also furnish to the Contracting Officer identified in block 1.9, or his or her successor, certificate(s) of insurance for all renewal(s) of insurance required under this Agreement no later than ten (10) days prior to the expiration date of each insurance policy. The certificate(s) of insurance and any renewals thereof shall be attached and are incorporated herein by reference.

15. WORKERS' COMPENSATION.

15.1 By signing this agreement, the Contractor agrees, certifies and warrants that the Contractor is in compliance with or exempt from, the requirements of N.H. RSA chapter 281-A ("*Workers' Compensation*").

15.2 To the extent the Contractor is subject to the requirements of N.H. RSA chapter 281-A, Contractor shall maintain, and require any subcontractor or assignee to secure and maintain, payment of Workers' Compensation in connection with activities which the person proposes to undertake pursuant to this Agreement. The Contractor shall furnish the Contracting Officer identified in block 1.9, or his or her successor, proof of Workers' Compensation in the manner described in N.H. RSA chapter 281-A and any applicable renewal(s) thereof, which shall be attached and are incorporated herein by reference. The State shall not be responsible for payment of any Workers' Compensation premiums or for any other claim or benefit for Contractor, or any subcontractor or employee of Contractor, which might arise under applicable State of New Hampshire Workers' Compensation laws in connection with the performance of the Services under this Agreement.

16. **NOTICE.** Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by certified mail, postage prepaid, in a United States Post Office addressed to the parties at the addresses given in blocks 1.2 and 1.4, herein.

17. **AMENDMENT.** This Agreement may be amended, waived or discharged only by an instrument in writing signed by the parties hereto and only after approval of such amendment, waiver or discharge by the Governor and Executive Council of the State of New Hampshire unless no such approval is required under the circumstances pursuant to State law, rule or policy.

18. **CHOICE OF LAW AND FORUM.** This Agreement shall be governed, interpreted and construed in accordance with the laws of the State of New Hampshire, and is binding upon and inures to the benefit of the parties and their respective successors and assigns. The wording used in this Agreement is the wording chosen by the parties to express their mutual intent, and no rule of construction shall be applied against or in favor of any party. Any actions arising out of this Agreement shall be brought and maintained in New Hampshire Superior Court which shall have exclusive jurisdiction thereof.

19. **CONFLICTING TERMS.** In the event of a conflict between the terms of this P-37 form (as modified in EXHIBIT A) and/or attachments and amendment thereof, the terms of the P-37 (as modified in EXHIBIT A) shall control.

20. **THIRD PARTIES.** The parties hereto do not intend to benefit any third parties and this Agreement shall not be construed to confer any such benefit.

21. **HEADINGS.** The headings throughout the Agreement are for reference purposes only, and the words contained therein shall in no way be held to explain, modify, amplify or aid in the interpretation, construction or meaning of the provisions of this Agreement.

22. **SPECIAL PROVISIONS.** Additional or modifying provisions set forth in the attached EXHIBIT A are incorporated herein by reference.

23. **SEVERABILITY.** In the event any of the provisions of this Agreement are held by a court of competent jurisdiction to be contrary to any state or federal law, the remaining provisions of this Agreement will remain in full force and effect.

24. **ENTIRE AGREEMENT.** This Agreement, which may be executed in a number of counterparts, each of which shall be deemed an original, constitutes the entire agreement and understanding between the parties, and supersedes all prior agreements and understandings with respect to the subject matter hereof.

EXHIBIT A

Special Provisions

1. This grant agreement may be terminated upon thirty (30) days written notice by either party.
2. Any funds advanced to "The Sub-Recipient" must be returned to "The State" if the grant agreement is terminated for any reason other than completion of the project.
3. Any funds advanced to "The Sub-Recipient" must be expended within thirty (30) days of receiving the advanced funds.
4. "The Sub-Recipient" agrees to have an audit conducted in compliance with OMB Circular 2 CFR 200, if applicable. If a compliance audit is not required, at the end of each audit period "the Sub-Recipient" will certify in writing that they have not expended the amount of federal funds that would require a compliance audit (\$750,000). If required, they will forward for review and clearance a copy of the completed audit(s) to "The State".

Additionally, "The Sub-Recipient" has or will notify their auditor of the above requirements prior to performance of the audit. "The Sub-Recipient" will also ensure that, if required, the entire grant period will be covered by a compliance audit, which in some cases will mean more than one audit must be submitted. "The Sub-Recipient" will advise the auditor to cite specifically that the audit was done in accordance with OMB Circular 2 CFR 200. "The Sub-Recipient" will also ensure that all records concerning this grant will be kept on file for a minimum of three (3) years from the end of this audit period.

5. "The Sub-Recipient" will be required to provide the formally approved Local Hazard Mitigation Plan electronically at the completion of the project.

Sub-Recipient Initials: 1.)

2.)

3.)

Date:

EXHIBIT B

Scope of Work, Project Tasks & Deliverables, and Project Review & Conditions

1. SCOPE OF WORK

The Department of Safety, Division of Homeland Security and Emergency Management (hereinafter referred to as “The State”) is awarding the **Town of Ossipee** (hereinafter referred to as “The Sub-Recipient”) **\$11,250.00** within the DR 4812 Hazard Mitigation Grant Program (HMGP).

“The Sub-Recipient” shall utilize the above referenced funding to update the hazard mitigation plans for the Town of Ossipee in accordance with 44 CFR Part 201.

“The Sub-Recipient” agrees that the period of performance ends on September 22, 2028 and by that date the aforementioned hazard mitigation plans must be completed and have received formal approval by New Hampshire Homeland Security and Emergency Management (NH HSEM). All completed invoices must be sent to “The State” by October 22, 2028, thirty (30) days after the period of performance ends and a final performance and expenditure report will be sent to “The State” by October 22, 2028 .

2. PROJECT TASKS AND DELIVERABLES – UPDATE LOCAL HAZARD MITIGATION PLAN

Project tasks and deliverables within this section are to be referenced for the reimbursement process. Per the Scope of Work, “The Sub-Recipient” is required to develop/update the community’s local hazard mitigation plan in accordance with 44 CFR Part 201 to ensure formal approval.

“The Sub-Recipient” will prepare a Local Hazard Mitigation Plan Update in accordance with FEMA guidelines for Hazard Mitigation Planning. “The Sub-Recipient” may be assisted, by a vendor of their choice, for this scope of work. “The Sub-Recipient’s” updated plan will address mitigation of multiple natural hazards that may affect the community, including Avalanche, Coastal Flooding, Inland Flooding, Drought, Earthquake, Extreme Temperatures, High Wind Events, Landslide, Lightning, Severe Winter Weather, Solar Storms and Space Weather, Tropical and Post-Tropical Cyclones, and Wildfires.

The planning process will include the following actions and elements:

Task 1-3

1. Grant Award and Contracting:

The community will procure services to facilitate this planning process update

- Official Notification of Award
- Provide Contractor Selection to NH HSEM
- Execute a contract

2. Select and Hire a Vendor:

The vendor will document the process used to develop the updated plan, including but not limited to:

Sub-Recipient Initials: 1.) 

2.) 

3.) 

Date: 

- How the plan update was prepared
- Who was involved in this process
- How the public was involved (i.e., Community outreach, local planning team participation)

3. Convene a local Hazard Mitigation Planning Committee:

“The Sub-Recipient” will convene a local Hazard Mitigation Planning Team. Members should include a cross-section of the community, such as residents, government officials, community leaders and business owners. This team will serve as a liaison to the vendor and assist in the plan update by providing access to relevant local data, facilitating community input on plan recommendations and priorities, reviewing draft products, and assisting with outreach to community stakeholders. With the vendor’s facilitation and technical assistance, “The Sub-Recipient” Hazard Mitigation Planning Team will:

- Develop a mission statement
- Assign roles and responsibilities
- Develop a specific timeline for planning activities
- Hold a minimum of two community public meetings during the planning process update, one during the production of the plan update, and one during the review of the draft plan update,
- Solicit input from key stakeholders in the community, including business associations, local or regional institutions, local NGO’s, and residents.
- Conduct local outreach to stakeholders through postings on the municipal web site, outreach to local print and/or online press, and use of local access cable TV where available. Outreach to neighboring communities will also be conducted.
- Provide input regarding the feasibility and prioritization of mitigation measures
- Review the draft plan update and its goals and proposed mitigation projects
- Oversee the implementation, maintenance and updating of the plan update

Task 4. Revisit the Hazard Profiles for each Hazard that impacts the community:

- Using the best available existing data, the vendor will update a map of areas affected by multiple natural hazards for “The Sub-Recipient”. A set of hazard maps will be included within the updated Hazard Mitigation plan, and GIS files will be made available to “The Sub-Recipient” for integration with their other community plans. These maps will be the basis for the communities known hazards. The hazard identification update will include an assessment of the community’s risks that summarizes the vulnerability of each hazard based on the location, extent, probability, and severity of the hazards. A vulnerability analysis will be conducted; your vendor may consider using FEMA’s HAZUS-MH, as well as, a GIS map analysis to delineate those critical facilities that are located within mapped hazard areas.
- “The Sub-Recipient” will update the description and prioritization of the natural hazards that have occurred within the community since the last plan update.

Sub-Recipient Initials: 1.)

DTL

2.)

3.)

Date:

6/2/26

Task 5. Facility Inventory:

“The Sub-Recipient” will prepare an updated inventory of facilities and explain how these facilities intersect with the known hazards for the community. This task will be based on input from the community and the best available state and local information. This data may be used to develop updated GIS maps of the following items:

- Critical facilities, including the following, if they exist in the community:
 - Emergency operations centers
 - City or town offices
 - Water and wastewater treatment plants
 - Sewage pumping stations
 - Police or fire stations
 - Schools
 - Hospitals
 - Day-care facilities
 - Public works garages
 - Nursing homes/elderly housing
 - Emergency shelters
- Economic Drivers:
 - Large Businesses
 - Large Employers
 - Historical or Cultural sites
- All repetitive flood loss structures and structures which have incurred substantial damage, if they exist, as defined by FEMA. These buildings(s) must be analyzed by type (Commercial / Residential), number, and general location as it relates to the known hazard areas. The addresses and associated data will be provided, upon request to, the community by the State NFIP Coordinator.
- Land use maps that depict the location of developed land uses, delineated by categories based on use (e.g., residential, commercial, industrial, institutional, other public use, etc.) and how it intersects with known hazards.
- Anticipated future land use areas and how they intersect with known hazards.

Task 6: Vulnerability:

Based on the previous information from Task 5, “The Sub-Recipient” will update the overview of each of the specific hazards and the community’s vulnerability to those specific hazards. This vulnerability assessment, if possible, will include:

- Problem Statements: These will summarize the biggest issues for the community in terms of; Types and numbers of buildings, infrastructure, and critical facilities located in the hazard areas.
- All existing multiple hazard protection measures within the community, including protective measures under the National Flood Insurance Program (NFIP).
- A description of each measure, the method of enforcement, and/or the point of contact responsible for implementation of each measure.
- Historical performance of each measure and a description of improvements or changes needed.
- General description of land uses and development trends to incorporate future land use decisions.

Task 7. Mitigation Goals:

Sub-Recipient Initials: 1.)

MRS

2.)

3.)

Date:

6/2/26

“The Sub-Recipient”, with vendor support, will update the mitigation strategies specific to the community’s exposure to and impacts from identified natural hazards. The strategy will include:

- Create, edit, or delete goals as needed
- Obtain public input
- Analyze existing capabilities
- Review mitigation actions in the previous plan and identify progress implementing those actions (include current status along with reasons why there may have been little or no progress)
- Describe how the community’s priorities have changed since the previous Hazard Mitigation Plan
- Include a description of the NFIP program and how the community will continue compliance over the next five years
- Update a list of mitigation goal statements that focus on reducing the risks from the identified natural hazards. The goal development and project prioritization will be conducted by the Hazard Mitigation Planning Team. An example of a goal statement and an objective would be:
 - GOAL: Increase coordination between Federal, state, municipal, and private resources in pre-disaster planning, post-disaster recovery, and continuous hazard mitigation implementation.
 - OBJECTIVE: Identify the availability of additional private and public sector financial incentives for homeowners, businesses and municipalities that will allow the development and implementation of cost-effective hazard mitigation measures in high-risk areas.

Task 8. Actions:

A section that identifies and analyzes a comprehensive range of specific mitigation actions and projects being considered to reduce the effects of each hazard, with particular emphasis on new and existing buildings and infrastructure. This section will include a list of prioritized hazard mitigation projects that best meet the communities’ needs for multiple hazard damage reduction:

- These projects may be non-structural (e.g., planning, regulatory measures, property acquisition, retrofitting, elevation) or structural (e.g., seawalls, dams, dikes) solutions.
- At a minimum, this list of prioritized projects will be based on a process that results in identification of cost-effective hazard mitigation projects with public input, including:
 - An analysis of proposed mitigation projects focused on several key areas, including but not limited to economic (including benefits and costs), engineering, technical, legal, environmental, social, and political feasibility. Selected options will best fit the community’s needs and meet most or all aspects of the feasibility analysis.
 - Coordination with relevant Federal and state agencies for input and technical assistance.
- Revise and update the mitigation action plan.
- Identify integration opportunities throughout the community, as well as, how the data and information from the previous plan was integrated into other mechanisms over the last five years

Task 9. Plan Review, Evaluation, and Implementation

In order to continue to be an effective representation of the jurisdiction’s overall strategy for reducing its risks from natural hazards, the mitigation plan must reflect current conditions. This will require an assessment of the current development patterns and development pressures as well as an evaluation of any new hazard or risk information.

- The plan must describe changes in development that have occurred in hazard prone areas and increased or decreased the vulnerability of each jurisdiction since the last plan was approved.

Sub-Recipient Initials: 1.)

ATC

2.)

3.)

Date:

6/2/20

- The plan must describe the status of the hazard mitigation actions in the previous plan by identifying those that have been completed or not completed. For actions that have not been completed, the plan must either describe whether the action is no longer relevant or be included as part of the updated action plan.
- The plan must describe if and how any priorities changed since the plan was previously approved. If no changes in priorities are necessary, plan updates may validate the information in the previously approved plan.

Task 10. Maintenance:

- “The Sub-Recipient” in conjunction with the planning team will monitor, evaluate, and update the plan.
- The Planning Team will assist “The Sub-Recipient” in the implementation and incorporation of the plan’s goals into other local planning processes, such as a Comprehensive Plan, or other local by-laws and ordinances.
- The completed plan update will include an implementation schedule with procedures for ensuring the plan’s implementation, updating and revision every five years.

Task 11. Public Review of Draft:

- The Planning Team will work with the community for continued public involvement to include public review of the draft plan.

Task 12. Review and Approval:

- Submit the plan update to NH HSEM /FEMA for review; revised based on NH HSEM/FEMA comments; submit revised plan update for approval pending adoption.
- When APA is received, the plan update will be brought before the City Council or Board of Selectmen in the community for adoption.
- Send the final adopted plan update to NH HSEM/FEMA, Receive approval by FEMA.
- Non-regulatory Grant Closeout

3. PROJECT REVIEW AND CONDITIONS

“The Sub-Recipient” shall submit quarterly progress reports, drafts, and final updated local hazard mitigation plans for aforementioned communities. Quarterly reporting shall begin in the quarter in which this grant agreement is approved, shall be submitted within fifteen (15) days after the end of a quarter, and shall continue until the project is completed. “The Sub-Recipient” shall use these to report progress and deviations from the approved scope of work, work schedule, or budget. No changes shall be made without prior written approval from NH HSEM and/or FEMA, who will issue formal determinations in writing.

“The Sub-Recipient” shall notify NH HSEM in writing at least 120 days before the end of the project completion if a time extension is necessary.

“The Sub-Recipient” agrees to submit draft plans to NH HSEM, electronically, for review and comment. Upon notification of Approvable Pending Adoption (APA) the Sub-Recipient shall obtain community adoption of the plan no later than twelve months from APA and

Sub-Recipient Initials: 1.)  2.)  3.)  Date: 

submit electronic copies of the adoption documentation and the final plan for Formal Approval.

“The Sub-Recipient” further agrees to promptly address all required revisions arising from NH HSEM reviews, and resubmit revised draft plan(s) to NH HSEM.

“The Sub-Recipient” agrees to provide copies of the formally approved plans to NH HSEM in electronic format upon receipt of the FEMA’s approval letter.

“The Sub-Recipient” agrees to comply with all applicable federal terms and conditions, statutes, regulations, Executive Orders, and FEMA guidance, as well as relevant state and local requirements.

“The Sub-Recipient” agrees to comply with the FEMA Record of Environmental Considerations.

“The Sub-Recipient” shall maintain financial records, supporting documents, and all other pertinent records for a period of three (3) years from the grant period end date as identified in NH HSEM’s closeout letter. In these records, “The Sub-Recipient” shall maintain documentation of the 25% cost share required by this grant.

EXHIBIT C

Grant Amount and Payment Schedule

1. GRANT AMOUNT

	Sub-Applicant	Grant	
	Share	(Federal Share)	Cost Totals
Project Cost	\$3,750.00	\$11,250.00	\$15,000.00
Project Cost is 75% Federal Funds, 25% Applicant Share			
Awarding Agency: Federal Emergency Management Agency (FEMA)			
Award Title & #: Hazard Mitigation Grant Program (HMGP) 4812DRNHP00000045			
Assistance Listings Number: 97.039			
Applicant's Unique Entity Identifier (UEI): EJK1PULDDFJ4			

2. PAYMENT SCHEDULE

- a. "The Sub-Recipient" agrees the total payment by "The State" under this grant agreement shall be up to **\$11,250.00** and allocated to individual plan development as follows:

Jurisdiction	Federal Share	Sub-Applicant Share
Ossipee	\$11,250.00	\$3,750.00

Nothing in this allocation shall affect "The Sub-Recipient's" obligation to maintain financial records including documentation of the 25% cost share required by this grant.

- b. All services shall be performed to the satisfaction of "The State" before payment is made. All payments shall be made upon receipt and approval of stated tasks and upon receipt of associated reimbursement request(s). Documentation of completed deliverables and match committed shall be provided with each payment request. The amount per community is limited to the amounts stated in paragraph "a" above. Payment shall be made in accordance with the following schedule based upon completion of specific tasks and deliverables described in Exhibit B:

Task Completed	% of Individual Plan Cost to be Billed
Task 1. Document the Planning Process - Grant Award and Contracting - Select and Hire a Vendor - Convene a Local Hazard Mitigation Planning Committee	20%
Task 2. Conduct a Hazard Identification and Risk Assessment - Revisit the Hazard Profiles - Facility Inventory - Vulnerability Assessment	20%
Task 3. Identify Mitigation Actions Mitigation Goals	20%
Task 4. Prioritize Mitigation Actions	20%

Sub-Recipient Initials: 1.)

ATC

2.)

3.)

Date:

6/2/24

• Mitigation Actions	
Task 5. Submit completed plan for review, revisions, and receive APA status • Plan Review, Evaluation, and Implementation • Plan Maintenance • Public Review of Draft	15%
Task 6. Submit Adopted Plan and receive Formal Approval • Review and Approval	5%

- c. Upon Governor and Executive Council Approval, allowable match may be incurred for this project from the start of the federal period of performance of this grant, August 20, 2024, to the identified completion date (block 1.7).

Sub-Recipient Initials: 1.) AAZ 2.) 3.) Date: 6/2/26

Town of Ossipee

CERTIFICATE OF AUTHORITY

June 1, 2026

I, Jonathan Smith, Chairman of the Board of Selectmen of Ossipee, NH, hereby certify that Matt Sawyer, Town Administrator, had authority to sign and enter into a grant agreement with the State of NH Division of Homeland Security and Emergency Management on 6-1-26, 2026, for the Town of Ossipee, and, further, hereby authorize Matt Sawyer to execute any and all contract and agreements related to the Hazard Mitigation Grant Program (HMGP) Agreement.

I further attest that Matt Sawyer was granted authority prior to the day the grant agreement was signed and it has not been amended or repealed as of the day the contract was signed.

A True Copy of the Record,

ATTEST:

Jonathan H. Smith
Chair, Board of Selectmen

State: New Hampshire

County:

On this 2 day of June 2026, before me, Kellie Skehan (notary/JP's name), the undersigned officer, personally appeared Jonathan Smith known to me to be the person whose name is signed on the foregoing document and acknowledged to me that he signed voluntarily for its stated purpose and that it was his free act and deed.

In witness thereof, I hereunto set my hand and official seal.

Justice of the Peace/Notary
Commission Expires: 11-22-26

Selectmen's Meeting Minutes

Monday, June 1, 2026

These minutes were taken by Angela Eldridge, Secretary. Selectman Jonathan H. Smith was in attendance, Selectman Kyle Copeland was in attendance, Selectman James Rines was in attendance, Selectman Wendy Ryder arrived late, and Selectman Dallas Emery Jr. was in attendance. Matthew Sawyer Jr., Town Administrator, was in attendance. T.J. Eldridge, Public Works Director, was in attendance. Neil Eldridge, Assistant Public Works Director, was in attendance. Selectmen's meeting was held in the upstairs conference room at Town Hall.

Selectman Jonathan Smith called the meeting to order at 5:30 PM.

Roll Call was taken. Kyle Copeland is present, Jonathan Smith is present, James Rines is present, Dallas Emery Jr. is present, and Wendy Ryder was late arriving at 5:40PM.

The Pledge of Allegiance was recited by all in attendance.

Public Input:

None presented.

Discussion:

T.J. Eldridge advised that NHDES has reached out. They completed an inspection last week on the Mill Pond. They request that the Mill Pond be immediately drained to examine the sinkhole. T.J. made it clear that draining it now does not mean it will remain that way permanently but noted the outcome is uncertain but the sinkhole may be repairable with hydraulic cement under emergency permits. It could also require full engineering and have a longer timeline. T.J. said the worst-case scenario is that Mill Pond will have to stay drained. He also said the town's engineer will be brought in, but DES would proceed with or without their input. There was discussion about timing and logistics with T.J. confirming it would take 2-3 days to drain and 2 days to refill. **Rines made a motion to drain the Mill Pond so the State can do their inspection.** Emery seconded the motion. Wendy Ryder arrived. Emery asked if they would need to get someone in after the inspections or if the State would make that decision. Consensus is that it will depend on what the state says. Discussion ensued. Wendy said just to clarify, the dam needs to be drained in order to do the inspection and asked for a timeline. T.J. said they are in a hurry to get this done. Discussion ensued. All were in favor. **Motion passed.**

Wendy asked T.J. to elaborate so it is known to the public that the dam side is closed but the other side is still open to swimming. Smith said by the fire hydrants. She asked if people could jump off the bridge on that side. Smith said they can't sanction someone jumping off the bridge. Discussion ensued. T.J. showed the Board his folder for the last 7 years with letters of deficiencies from DES including fines of up to \$2000 per violation. Smith made it clear that this was all from previous

boards. T.J. and Neil have completed all required engineering to determine risk and maintained weekly monitoring as mandated. He showed the dam failure map showing potential downstream impacts for flooding and possible impacts to the Shutter Mill Dam as well. T.J. spoke about getting the town in compliance with the dams. Discussion ensued. T.J. mentioned funding and an email chain between himself, the federal government and the state government. It states that there is no such loan or grant by DHHS. FEMA has one for highly hazard dams and Danhole River Dam is classified as significant, so it does not qualify. He also discussed an email with Homeland Security Emergency Management in which he asked them if there is anything that qualifies us. Holly Evans is going to look into it for us. Discussion ensued. He discussed that there is no law prohibiting swimming at dams, but DES strongly recommend against swimming near the dam, inlet, or under the bridge due to liability. He said that just because it has always been a "swimming hole" doesn't mean it should be. Discussion ensued. Ryder said they are doing everything they can to get it back up and running, but it is a dam and not a swimming hole even though it has been used that way for years. T.J.'s vision for this is that it gets drained, the inspection gets done, they fill the sinkhole, they leave the signs up there for no swimming, and they don't put up a fence. He said this would be best case scenario. They will know more after the inspection what DES will require them to do. Smith said they will also probably have to do a Warrant Article for the additional engineering. Discussion ensued over the dam itself breaking as well but T.J. advised that the inspector said it wasn't a huge concern of his even though it could break at any time. Copeland also mentioned the people that live on Mill Pond as be affected parties as well. He cited higher tax assessments because they are on waterfront, but they have no choice due to safety. Emery said he hopes they can continue to have water in it. It was also mentioned that it is also the location of the annual fishing derby. Discussion ensued.

Non-public:

At 5:45 PM, Smith made a motion to go into a non-public session under RSA 91-A:3 II (b). Rines seconded. Emery mentioned that he was asked if we could put the non-public sessions at the end of the meeting. Roll call vote was taken. Emery said yes. Ryder said yes. Rines said yes. Copeland said yes. Smith said yes. **Motion passed.** Smith stated for the record that his job as chair is to organize this meeting and keep everything on track, and we have personnel that are part of it. We have to do this when it is appropriate for the other person as well. Routine non-publics are done towards the end.

At 7:41PM, Smith made a motion to re-enter the public meeting. Rines seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

Smith made a motion to seal the minutes from session 1 under RSA 91-A:3 II (b). All were in favor. Ryder was absent. **Motion passed.**

Meeting Minutes:

None presented.

Review of Red Folder:

The Board received the Hazard Mitigation Grant Program that is required to be completed every 5 years. It is for \$11,250 with a town match of \$3,750 for a total of \$15,000 for updating local hazard mitigation plan via consultant and FEMA forms. Rines asked if this is money the town gets or has to expend. Matt said both. They hire the consultant who sits down with them and helps with the required forms from FEMA and we get reimbursed. Smith made a motion to accept the terms of the Hazard Mitigation Grant Program as presented in the amount of \$11,250 for updating the local hazard mitigation plan with the total cost being \$15,000 and town is responsible for a 25% match which is \$3,750 and the Town Administrator is authorized to sign all documents related to the grant. Rines seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

The Board discussed the sewer pumps that broke down at the pump station on 16B. They required emergency pumping of 113,750 gallons at the cost of \$14,787.50. It was discussed that the temporary pumps broke as well. Rines made a motion to expend \$14,787.50 from Sewer CRF. Copeland seconded the motion. Emery asked for confirmation that these were the temporary pumps while we were waiting for the other pumps that were supposed to be coming in. Smith told Emery to talk to T.J. about that for confirmation. All were in favor. Ryder was absent. **Motion passed.**

The Board received a Veterans Credit request, but it didn't meet the deadline. The assessor recommends denying this. This is for 9 Main St. Smith made a motion to deny this as being untimely. Rines seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

The Board received a request for an abatement that is recommended to be denied by the assessor. Map 035. Lot 020. Smith made a motion to deny. Copeland seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

The Board received a request for an abatement that is recommended to be denied by the assessor. Map 091. Lot 036. Smith made a motion to deny. Copeland seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

It was discussed that the first half outside agency checks is released in June and the second half goes out in December. Smith mentioned withholding the funding for the Way Station of \$10,000 as he believes it is a waste of resources and there is lack of accountability, no budget process and no financial records. Emery made the motion to withhold Way Station funds of \$10,000. Smith seconded the motion. Rines said he thought it wasn't approved at Town Meeting. Smith said they did get approved. Discussion ensued over the voters approving it but the Board saying no to funding it. Smith said it is a similar situation to the Main St. program. Way Station gives out sleeping bags, gas cards, etc. Smith said he believes there is no accountability for this program and they don't come through the budget process. Smith said if this gets voted down then \$10,000 can be used for the recreation program which is going to cost an extra \$10,000-\$12,000 this year. Discussion ensued. Copeland is not comfortable going against what the voters voted for. Rines agreed with Copeland.

Smith and Emery were in favor. Rines and Copeland were opposed. Ryder was absent. **Motion failed.**

Smith mentioned the scanner that was discussed prior for the Freight House. It is a large format scanner capable of printing 36 inches wide for digitizing Planning, Zoning, Building and other records. It is \$10,000 from Porter Office and would reduce paper storage. Rines said they are very handy. Discussion ensued over making revenue from this machine as well. Copeland asked if there would be a fee schedule. Smith said yes and it is needed anyway. Discussion ensued. Copeland made a motion to purchase the large format scanner. Rines seconded the motion. All were in favor. Ryder was absent. **Motion passed.**

Matt Sawye Jr., Town Administrator, advised that the NHDES Invasive Species grant he applied for was approved for up to \$34,000. Ossipee was one of only two towns to receive this. Funds will support summer milfoil diving/pulling and herbicide treatment to protect Ossipee Lake.

Rines questioned the early year budget reports that show over expenditures and noted those as being red flags. Example is Planning Board is negative 121%, Financial Administration is negative 15%, etc. Matt explained that it is a onetime payment for insurance, there was salary posting errors for Planning as it should be under the Selectmen's Office budget. Rines mentioned Audit recommendations and that the new finance person has addressed several issues. Smith said some of those are recurring simple things that are just recommendations. Rines mentioned journal entries with no documentation. Smith said the new finance person remedied some of those issues. Discussion ensued. Rines asked for more frequent monthly reports.

Other Business:

2nd Public Input

Gloria Villari of Ossipee Lake Alliance announced a community hike organized by Chris Elliot taking place on June 8th at 1PM at Constitution Park.

Villari discussed the proposed expansion of the Pine River Boat Launch siting that most residents on the lake do not go out on weekends due to it being unsafe, the excessive drinking, illegal parking, and partying in areas not permitted and the absence of Marine Patrol. She urged the Board to refuse further parking at the launch. She specifically referenced Long Sand, where No passing is clearly marked yet a seaplane lands and takes off creating dangerous conflicts. Villari mentioned that residents around the lake are miserable and pay a lot of taxes. She suggests implementing a toll or use fee of \$25 per boat as a way to generate revenue using the highway tolls as an example. Discussion ensued. She thanked the Town Administrator for obtaining the invasive species grant.

Ed Comeau of Brookfield and Governmentoversite.com addressed the Board regarding oversight and he expressed his concerns with the Budget Committee as well. He stated he was hearing a lot on non-oversight regarding outside agency funding, citing an earlier vote regarding Way Station. He asked who is checking to make sure all of these agencies are following State Law. He expressed that he believes it is the Budget Committee but that he didn't get a clear feeling that they knew what their

responsibility was to check out these agencies. He questioned who verified that the organization is collecting the right information or units of service and who ensures that taxpayer money is being spent legally and appropriately before checks are issued. He emphasized that simply sending a check even after town meeting approval requires verification. Smith said if it is appropriated at town meeting, it can be legally spent because that is the will of the voters. Smith said the budget committee is supposed to vet those applications that come in through the budget process to ensure it is satisfying a basic level of stewardship to the taxpayers of Ossipee. Ed said he didn't hear or see anyone looking at the data and validating the service units. Ed highlighted that Way Station bypassed the budget process and went to town meeting, creating what he viewed as a gap in oversight. He asked if anyone follows up with the organization after its representative offered information at Town Meeting. Ed asked if they are legally able to give money if no one checked and Smith reiterated that town meeting approval authorizes the expenditure and the person testified at Town Meeting and the public agreed with him. Discussion ensued over his suggestion last year to have a form or process be required for all outside agency applications and service data submitted up front. Matt said he personally verified Way Station nonprofit status and has done the same for other agencies. Comeau asked what the process would be if Matt were not in that role. Discussion ensued over a more transparent procedure and Comeau stated the residents would want assurance that the money is going to the right place and the right people. Discussion ensued.

Adjournment:

Rines made a motion to Adjourn. Smith seconded the motion. All were in favor. Ryder was absent.

Motion passed.

Adjourned at 7:19 PM

Jonathan H. Smith, Chairman

Kyle Copeland

James Rines

Wendy Ryder

Dallas Emery Jr.

CERTIFICATE OF COVERAGE

The New Hampshire Public Risk Management Exchange (Primex³) is organized under the New Hampshire Revised Statutes Annotated, Chapter 5-B, Pooled Risk Management Programs. In accordance with those statutes, its Trust Agreement and bylaws, Primex³ is authorized to provide pooled risk management programs established for the benefit of political subdivisions in the State of New Hampshire.

Each member of Primex³ is entitled to the categories of coverage set forth below. In addition, Primex³ may extend the same coverage to non-members. However, any coverage extended to a non-member is subject to all of the terms, conditions, exclusions, amendments, rules, policies and procedures that are applicable to the members of Primex³, including but not limited to the final and binding resolution of all claims and coverage disputes before the Primex³ Board of Trustees. The Additional Covered Party's per occurrence limit shall be deemed included in the Member's per occurrence limit, and therefore shall reduce the Member's limit of liability as set forth by the Coverage Documents and Declarations. The limit shown may have been reduced by claims paid on behalf of the member. General Liability coverage is limited to Coverage A (Personal Injury Liability) and Coverage B (Property Damage Liability) only. Coverage's C (Public Officials Errors and Omissions), D (Unfair Employment Practices), E (Employee Benefit Liability) and F (Educator's Legal Liability Claims-Made Coverage) are excluded from this provision of coverage.

The below named entity is a member in good standing of the New Hampshire Public Risk Management Exchange. The coverage provided may, however, be revised at any time by the actions of Primex³. As of the date this certificate is issued, the information set out below accurately reflects the categories of coverage established for the current coverage year.

This Certificate is issued as a matter of information only and confers no rights upon the certificate holder. This certificate does not amend, extend, or alter the coverage afforded by the coverage categories listed below.

Participating Member: Town of Ossipee 55 Main Street PO Box 67 Center Ossipee, NH 03814		Member Number: 265	Company Affording Coverage: NH Public Risk Management Exchange - Primex ³ PO Box 23 Hooksett, NH 03106-9716
