Denis Goulet, *Commissioner*

June 17, 2026

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Executive Council
State House
Concord, NH 03301

REQUESTED ACTION

Authorize the Department of Information Technology, on behalf of the Department of Safety, Division of Motor Vehicles, to enter into a **sole source** amendment to an existing contract with Coforge Inc. (VC #165248), Princeton, NJ, for DMV Municipal Agent Automation Platform (MAAP) and Justice Information Bureau (JIB) Consulting Development Services, by increasing the price limitation by \$570,860.00 from \$12,297,375.00 to \$12,868,235.00, with no change to the contract completion date of August 31, 2027, effective upon Governor and Executive Council approval. The original contract was approved by Governor and Executive Council on August 17, 2022, Item #27, and amended by on September 21, 2022, Item #39, March 22, 2023, Item #38, September 20, 2023, Item #66, January 10, 2024, Item #27, April 23, 2025, Item #38, December 17, 2025, Item #25, and March 4, 2026, Item #23. Funding Source:100% Capital Funds.

Funds are available in the following account for State Fiscal Year 2027, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified.

CAT#-DEPT#-AGENCY#-ACTIVITY#-ACCTG UNIT#-DEPT NAME- AGENCY NAME-ACCTG UNIT NAME	SFY 2027
02-23-23-230030-13430000, 19-146:2IB - DMV Online Portal, 034-500099 Capital Projects	\$570,860.00

EXPLANATION

This request is **sole source** because the Department is amending the scope of services and increasing the price limitation of an existing contract to add development resources and implementation services directly tied to the Department's existing Municipal Agent Automation Platform (MAAP) and Justice Information Bureau (JIB) Development Services contract. The additional work must be performed within the existing MAAP architecture, development environment, integration framework, security model, and project governance structure. Coforge Inc. is the incumbent contractor responsible for the current MAAP and JIB consulting development services and is already embedded in the design, development, testing, and implementation work for this platform. Procuring a separate vendor for this discrete integration effort would create unnecessary technical, operational, and schedule risk, including duplicated onboarding, loss of project continuity, interface coordination issues, and divided accountability for system performance and delivery.

The purpose of this amendment is to procure two additional development resources to design, build, test, and implement bidirectional communication capabilities between the Department's Municipal Agent Automation Platform and the State's e-Lien Program. These capabilities will support electronic notifications of lien perfection on vehicle titles without the issuance of a paper title, electronic notification of lien releases for the printing of paper titles, and electronic status updates for pending title applications associated with onboarded lien providers.

The e-Lien integration work will support the State's broader modernization efforts by reducing reliance on paper-based title processes, improving the timeliness and reliability of lien-related transactions, and strengthening the electronic exchange of title and lien information between the State and participating lien providers. This amendment will allow the Department to continue executing the MAAP modernization roadmap while maintaining a single accountable development team for the related system interfaces and workflows.

Deliverables under this amendment include development of bidirectional electronic messaging services for lien perfection notifications, lien release notifications, and title application status updates; creation or enhancement of APIs, integration endpoints, or service interfaces consistent with the Department's architecture and security standards; implementation of automated workflows to initiate paper title printing upon receipt of electronic lien releases; real-time or near-real-time communication services with auditing and error handling; and updated technical documentation, interface diagrams, and testing artifacts.

The Department of Information Technology, on behalf of the Department of Safety, Division of Motor Vehicles, respectfully requests approval of this contract amendment.

Respectfully Submitted,

Denis Goulet
CIO / Commissioner
Department of Information Technology

Robert L. Quinn

AMENDMENT H

AMENDMENT TO DMV MAAP AND JIB CONSULTING DEVELOPMENT SERVICES

DOS 2022-036/DolT 2022-036

AMENDMENT H

This Amendment (the "Amendment") is entered into by and between the State of New Hampshire, acting through its Department of Information Technology on behalf of its Department of Safety (the "Department") and Coforge Inc. (Contractor #165248) ("Contractor"). The Department and Contractor are sometimes referred to herein singularly as a "Party" and collectively as the "Parties."

WHEREAS, the Parties entered into that certain Agreement approved by Governor and Council, as a result of RFP DOS 2022-036, on August 17, 2022, Item #27, and amended by Amendment A on September 21, 2022, Item #39, Amendment B on March 22, 2023, Item #38, Amendment C on September 20, 2023, Item #66, Amendment D on January 10, 2024, Item #27, Amendment E on April 23, 2025, Item #38, Amendment F on December 17, 2025, Item #25, and Amendment G on March 4, 2026, Item #23 (hereinafter referred to as the "Agreement"), wherein Contractor agreed to provide, and the Department agreed to purchase, DMV MAAP and JIB consulting development services in accordance with the terms and conditions set forth therein; and

WHEREAS, pursuant to Paragraph 17 of the Agreement, the Parties wish to amend the Agreement as further specified herein; and

WHEREAS, the Department wishes to increase the contract price in the amount of \$570,860.00, from a contract amount of \$12,297,375.00 to a total contract amount of \$12,868,235.00. The purpose of the Amendment is to procure two additional development resources that will develop and implement bidirectional communication with the e-Lien Program for electronic notifications of the perfection of liens on vehicle titles without the issuance of a paper title, as well as receiving electronic notification of lien releases for the printing of paper titles and status updates on pending title applications for the onboarded lien providers in the e-Lien Program; and

NOW, THEREFORE, for good and valuable consideration exchanged, the receipt and sufficiency of which is hereby conclusively acknowledged, the Parties hereby agree to amend the Agreement as follows:

1. Amend Section 1.8 of the State of New Hampshire P-37 General Provisions by increasing the Price Limitation by \$570,860.00 from \$12,297,375.00 to \$12,868,235.00.
2. Amend Exhibit B, Statement of Work, by adding Section 1.11 as follows:

Amendment H increases the price limitation of the Agreement to fund two additional development resources who will design, build, and implement bidirectional communication capabilities between the Department's Municipal Agent Automation Platform (MAAP)

AMENDMENT H

and the State's e-Lien Program. The purpose of this effort is to support electronic perfection and release of liens on vehicle titles and to provide electronic status updates on pending title applications for onboarded lien providers in support of the State's Electronic Lien and Title Program. Deliverables under this section shall include, but are not limited to, the following:

- Development of bidirectional electronic messaging services enabling the exchange of lien perfection notifications, lien release notifications, and title-application status updates.
- Creation or enhancement of APIs, integration endpoints, or service interfaces consistent with the Department's architecture and security standards.
- Implementation of automated workflows to initiate printing of paper titles upon receipt of electronic lien releases.
- All communication services must support real-time or near-real-time processing, with auditing and error-handling.
- Delivery of updated technical documentation, interface diagrams, and testing artifacts.

3. Amend Exhibit C, Price and Payment Schedule, Section 9.3 Contractor Annual Total Cost Worksheet, by updating the annual total cost worksheet as set forth below.

Section 9.3 Contractor Annual Total Cost Worksheet

The table is hereby updated to include two new resources in support of the State's e-Title Program.
