REQUESTED ACTION

Authorize the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) to **retroactively** amend an existing grant agreement awarded to the Town of Tuftonboro (VC#159967-B001) to improve drainage conditions on Curtis Road by extending the completion date from May 2, 2026, to May 2, 2027, with no change to the price limitation of \$131,811.30, effective upon Governor and Council approval. The original grant agreement was approved by Governor and Council on September 25, 2024, item #165. No additional funds are being requested. **100% Federal Funds.**

EXPLANATION

This request is **retroactive** due to delays in the federal award process that affected the timely execution of the grant agreement. The purpose of this amendment is to extend the project completion date to May 2, 2027, providing the Town of Tuftonboro with sufficient time to complete the approved hazard mitigation project.

This project will enhance the Town of Tuftonboro's ability to reduce the risk of future damage from natural hazards, improve community resilience, and protect public infrastructure and property. Completion of the project will help mitigate the impacts of future disaster events, reduce the potential for costly damages, and support the Town's long-term emergency preparedness and recovery efforts.

Approving this amendment will allow the Town to complete the federally funded project while preserving the availability of funding through the FEMA Hazard Mitigation Grant Program (HMGP). HSEM has coordinated this request with the Federal Emergency Management Agency (FEMA) and has received confirmation that this adjustment will not impact the availability or eligibility of federal funding.

The Hazard Mitigation Grant Program (HMGP) is 90% Federally funded by FEMA with a 10% match requirement supplied by the sub-recipient. The sub-recipient acknowledges their match obligation as part of Exhibits B and C to their grant agreement.

In the event that HMGP funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

To make New Hampshire the safest state in the Nation with the highest quality of life for all.
