---	----------------------------

EXPLANATION

The purpose of this request is for the Department of Safety, Division of Homeland Security and Emergency Management (HSEM), to enter into a grant agreement with the Town of Auburn using Federal Fiscal Year (FFY) 2023 Emergency Management Performance Grant (EMPG) funds. The grant will provide funding for the purchase and installation of a backup generator at the Town's Emergency Operations Center (EOC), ensuring the facility remains operational during power outages and can continue to support emergency response, coordination, and continuity of operations during disasters and other emergency events.

The backup generator is a critical component of the Town of Auburn's emergency preparedness and continuity of operations. It will ensure the EOC remains operational during commercial power outages, enabling local officials to coordinate emergency response, maintain critical communications, support first responders, and continue essential government functions during disasters and other emergencies.

The FFY 2023 Emergency Management Performance Grant (EMPG) was awarded by the Federal Emergency Management Agency (FEMA) to the Department of Safety, HSEM. EMPG funding is intended to measurably improve all-hazard planning and preparedness capabilities, including mitigation, preparedness, response, and recovery activities at both the state and local levels.

EMPG grant opportunities are made available to all Emergency Management Directors and other eligible organizations throughout the State. Applications submitted by sub-recipients are reviewed by the HSEM EMPG Program Manager, EMPG Program Coordinator, Stakeholder Liaisons, and approved by the HSEM Director. Funding recommendations are based on compliance with current grant guidance and the documented needs of the local jurisdiction.

To make New Hampshire the safest state in the Nation with the highest quality of life for all.

Her Excellency, Governor Kelly A. Ayotte
And the Honorable Council
Page 2 of 2

EMPG is 50% Federally funded by FEMA with a 50% match requirement supplied by the sub-recipient. The sub-recipient acknowledges their match obligation as part of Exhibits B and C to their grant agreement.

In the event that Federal Funds are no longer available, General Funds and/or Highway Funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety

3.2 If the Contractor commences the Services prior to the Effective Date, all Services performed by the Contractor prior to the Effective Date shall be performed at the sole risk of the Contractor, and in the event that this Agreement does not become effective, the State shall have no liability to the Contractor, including without limitation, any obligation to pay the Contractor for any costs incurred or Services performed. Contractor must complete all Services by the Completion Date specified in block 1.7.

4. CONDITIONAL NATURE OF AGREEMENT.

Notwithstanding any provision of this Agreement to the contrary, all obligations of the State hereunder, including, without limitation, the continuance of payments hereunder, are contingent upon the availability and continued appropriation of funds affected by any state or federal legislative or executive action that reduces, eliminates or otherwise modifies the appropriation or availability of funding for this Agreement and the Scope for Services provided in EXHIBIT B, in whole or in part. In no event shall the State be liable for any payments hereunder in excess of such available appropriated funds. In the event of a reduction or termination of appropriated funds, the State shall have the right to withhold payment until such funds become available, if ever, and shall have the right to reduce or terminate the Services under this Agreement immediately upon giving the Contractor notice of such reduction or termination. 5. CONTRACT PRICE/PRICE LIMITATION/ PAYMENT.

5.1 The contract price, method of payment, and terms of payment are identified and more particularly described in EXHIBIT C which is incorporated herein by reference.

5.2 The payment by the State of the contract price shall be the only and the complete reimbursement to the Contractor for all expenses, of whatever nature incurred by the Contractor in the performance hereof, and shall be the only and the complete

compensation to the Contractor for the Services. The State shall have no liability to the Contractor other than the contract price.

5.3 The State reserves the right to offset from any amounts otherwise payable to the Contractor under this Agreement those liquidated amounts required or permitted by N.H. RSA 80:7 through RSA 80:7-c or any other provision of law.

5.4 Notwithstanding any provision in this Agreement to the contrary, and notwithstanding unexpected circumstances, in no event shall the total of all payments authorized, or actually made hereunder, exceed the Price Limitation set forth in block 1.8.

6. COMPLIANCE BY CONTRACTOR WITH LAWS AND REGULATIONS/ EQUAL EMPLOYMENT OPPORTUNITY.

6.1 In connection with the performance of the Services, the Contractor shall comply with all applicable statutes, laws, regulations, and orders of federal, state, county or municipal authorities which impose any obligation or duty upon the Contractor, including, but not limited to, civil rights and equal employment opportunity laws. Each reimbursement request may be mailed in or made electronically via the EMPG Reimbursement Request Form located on our HSEM EMPG page, found here: EMPG Reimbursement Request Form. Payments will be made after receipt of required reporting forms and other supporting documentation as requested. Supporting documentation may include accounting records, payroll records, travel receipts, invoices or other receipts. This documentation will be reviewed during HSEM's processing of the Subrecipient's reimbursement request. A lack of documentation for the statutory requirements may result in the Subrecipient being designated high-risk, placed on a corrective action plan, or the recovery of disallowed costs.

- A narrative detailing how planning and/or training goals and objectives for the EMPG award were achieved during a specific performance period.

A brief description of any issues or delays, such as severe weather and forest fires, that impact the Subrecipient's ability to utilize or administer its EMPG award. 11. Changes to the Approved Application and Budget (prior approval actions)

The approved budget for the Federal award summarizes the financial aspects of the project or program as approved during the Federal award process. It must be related to performance for program evaluation purposes whenever appropriate. Subrecipients are required to report deviations from budget or project scope or objective, and request prior approvals from the HSEM EMPG Program Manager for budget and program plan revisions, in accordance with this section.

Recipients must request prior approvals from the HSEM EMPG Program Manager for the following program or budget-related reasons:

- Change in the scope or the objective of the project or program (even if there is no associated budget revision requiring prior written approval).
- Request for approval to engage in programmatic activities that were not detailed in the Subrecipient's application, budget narrative and project narrative.
- Change in a key person specified in the application or the Federal award (the Subrecipient Project Director).
- The disengagement from the project for more than three months by the approved Subrecipient Project Director.
- Unless described in the application and funded in the approved award, the subawarding, transferring or contracting out of any work under a federal award, including fixed amount subawards as described in 2 CFR §200.333 - Fixed Amount Subawards. This provision does not apply to the acquisition of supplies, material, equipment or general support services.
- A request for a one-time extension of the period of performance by up to 12 months. For one-time extensions, the Subrecipient must notify the HSEM EMPG Program Manager in writing with the supporting reasons, the amount of funds unobligated and revised period of performance, at least 90 calendar days before the end of the period of performance specified in the Federal award (shown in Block 1.7 of the executed Grant Agreement). A *Grant Change Request Form* must be used to request an extension and must be signed or endorsed by an official with authority, the Subrecipient Project Director as well as their Financial Officer within the Subrecipient organization. This one-time extension may not be exercised merely for the purpose of using unobligated balances - there needs to be

extenuating circumstances to justify approval for an extension to utilize unobligated balances. Extensions require explicit prior approval from HSEM. Requests for extension may be submitted through HSEM's EMPG page here: Change Request Form.

12. Title to Equipment

Title to equipment purchased or fabricated under this award vests in the Subrecipients, respectively, unless otherwise specified under 2 CFR §200.313 - Equipment or the special terms and conditions of the grant award.

13. Copyrights

USDHS/FEMA reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal government purposes;

- The copyright in any work developed under a subaward, or a contract under a subaward; and
- Any rights of copyright to which a Subrecipient purchases ownership with grant support.

14. Texting While Driving

In accordance with Executive Order, 13513, Subrecipients and their contractors are encouraged to adopt and enforce policies that ban text messaging while driving company- owned or rented vehicles or government-owned vehicles, or while driving personally owned vehicles when on official Government business or when performing any work for or on behalf of the Government. These efforts may include conducting education, awareness, and other outreach for employees about the safety risks associated with texting while driving and should encourage voluntary compliance with the entity's text messaging policy while off duty.

15. Required Use of American Iron, Steel, Manufactured Products, and Construction Materials

Subrecipients must comply with the "Build America, Buy America" provisions of the Infrastructure Investment and Jobs Act and E.O. 14005. Recipients of an award of Federal financial assistance from a program for infrastructure are hereby notified that none of the funds provided under this award may be used for a project for infrastructure unless:

- all iron and steel used in the project are produced in the United States--this means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States;
- all manufactured products used in the project are produced in the United States? This means the manufactured product was manufactured in the United States; and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation; and
- all construction materials are manufactured in the United States--this means that all manufacturing processes for the construction material occurred in the United States. The Buy America preference only applies to articles, materials, and supplies that are consumed in, incorporated into, or affixed to an infrastructure project. As such, it does not apply to tools, equipment, and supplies, such as temporary scaffolding, brought to the construction site and removed at or before the completion of the infrastructure project. Nor does a Buy America preference apply to equipment and furnishings, such as movable chairs, desks, and portable computer equipment, that are used at or within the finished infrastructure project but are not an integral part of the structure or permanently affixed to the infrastructure project.

Waivers

When necessary, recipients may apply for, and the agency may grant, a waiver from these requirements. Information on the process for requesting a waiver from these requirements is on the website below.

- When the Federal agency has made a determination that one of the following exceptions applies, the awarding official may waive the application of the domestic content procurement preference in any case in which the agency determines that:
 - applying the domestic content procurement preference would be inconsistent with the public interest;
 - the types of iron, steel, manufactured products, or construction materials are not produced in the United States in sufficient and reasonably available quantities or of a satisfactory quality; or
 - the inclusion of iron, steel, manufactured products, or construction materials produced in the United States will increase the cost of the overall project by more than 25 percent.

A request to waive the application of the domestic content procurement preference must be in writing. The agency will provide instructions on the format, contents, and supporting materials required for any waiver request. Waiver requests are subject to public comment periods of no less than 15 days and must be reviewed by the Made in America Office. There may be instances

where an award qualifies, in whole or in part, for an existing waiver described at "[Buy America](#)" Preference in FEMA Financial Assistance Programs for Infrastructure | [FEMA.gov](#). The awarding Component may provide specific instructions to Recipients of awards from infrastructure programs that are subject to the "Build America, Buy America" provisions. Recipients should refer to the Notice of Funding Opportunity for further information on the Buy America preference and waiver process.

16. Environmental Planning and Historic Preservation (EHP) Review

DHS/FEMA funded activities that may require an Environmental Planning and Historic Preservation (EHP) review are subject to the FEMA EHP review process. This review does not address all federal, state, and local requirements. Acceptance of federal funding requires the recipient to comply with all federal, state and local laws. DHS/FEMA is required to consider the potential impacts to natural and cultural resources of all projects funded by DHS/FEMA grant funds, through its EHP review process, as mandated by: the National Environmental Policy Act; National Historic Preservation Act of 1966, as amended; National Flood Insurance Program regulations; and any other applicable laws and executive orders. General guidance for FEMA's EHP process is available on the DHS/FEMA Website. Specific applicant guidance on how to submit information for EHP review depends on the individual grant program and applicants should contact their grant Program Officer to be put into contact with EHP staff responsible for assisting their specific grant program. The EHP review process must be completed before funds are released to carry out the proposed project; otherwise, DHS/FEMA may not be able to fund the project due to noncompliance with EHP laws, executive orders, regulations, and policies. If ground disturbing activities occur during construction, applicant will monitor ground disturbance, and if any potential archaeological resources are discovered the applicant will immediately cease work in that area and notify the pass-through entity, if applicable, and DHS/FEMA.

**Town of Auburn
Board of Selectmen
Stritch Meeting Room
Town Hall
February 9, 2026
7 PM
Draft Minutes**

Selectmen Present: Keith Leclair, Tom Carroll, and Michael Rolfe

Others Present: Fire Chief Michael Williams, Yasamin Safarzadeh, Carol Peterson, Michael DiPietro, Town Administrator Chris Sterndale, and Nancy Hoijer, Recording Secretary

I. Call to Order

Mr. Leclair called the meeting to order at 7 PM and led the Pledge of Allegiance.

II. Public Comments

Mrs. Safarzadeh expressed concerns comparing a request to pay an employee more money who works at town hall, which was denied, while the police department hired an additional full-time officer and whether this was related to immigration enforcement actions by ICE and indicated she did not feel safe in the community as she identifies as a person of color. Mr. Leclair indicated that the request for more salary for the existing position at town hall was weighed in its merit as a position and description, not based on an individual. Mr. Leclair explained that the Police Chief does not report to the Selectmen but to the Police Commission and Town Administrator Sterndale will be happy to connect her with the Commission. He noted the request for a full-time officer was to alleviate overtime which had been accumulating for months.

Mrs. Peterson raised concerns about ICE detainees in Berlin. Mr. Leclair clarified that this is not in the purview of the Board of Selectmen.

III. Consent Agenda

Mr. Leclair read out loud and offered for inspection the Consent Agenda dated February 9, 2026 which consisted of step increases for full-time police officers and appointments to the 2026 Duck-Race-Committee.

Mr. Rolfe motioned to approve the Consent Agenda dated February 9, 2026. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

IV. New Business

A. Public Hearing – Safety Complex generator replacement

Mr. Leclair opened the public hearing at 7:05 PM.

Town Administrator Sterndale explained that the revenue from the grant can be accepted by the Board as unanticipated revenue.

Chief Williams noted the existing generator was aged, and an item identified on the walk through with the Selectmen last year after being tested and water was found in the oil, and he applied successfully for a 50% matching grant to replace the diesel generator with propane. He obtained three quotes.

Mr. Leclair asked how often the Safety Complex lost power and Chief Williams indicated approximately two-three times per month. Mr. Leclair asked if the tank would be buried because the cost would be \$7,000 different. Mr. Rolfe noted he could do the excavation work for free. He recommended marking the location for snow removal.

Town Administrator Sterndale advised that the town would need to match the grant with \$31,000.

Mr. Leclair asked when they had until to approve. Chief Williams will call and find out. Mr. Leclair recommended waiting until after March 10th to see if it will be appropriated.

Mr. Rolfe motioned that the Selectmen accept the terms of the Emergency Management Performance Grant as presented in the amount of \$31,000 for the EOC Generator Project. Furthermore, the Board acknowledges that the total cost of this project will be \$62,000 in which the town will be responsible for a 50% match (\$31,000). Chief Michael Williams is authorized to sign all documents related to the grant. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

B. Fire Department S.O.P. approval

Fire Chief Williams presented SOP #118 for EMS Mayday.

Mr. Rolfe motioned to approve SOP #118 EMS Mayday as presented. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

C. Waste Management request

Town Administrator Sterndale reported that he had met with Bob's replacement and things are going reasonably well. The state has imposed a solid waste surcharge fee per ton to be collected by the landfill and then reimbursed to the municipality. It amounts to a couple of thousand dollars per quarter.

Mr. Leclair expressed concerns that the state will eventually renegotiate the revenue later on. Mr. Sterndale agreed it was a legitimate concern, for example the state could change reimbursement later to only cents on the dollar.

Mr. DiPietro indicated the contract was worthy of being extended.

V. Old Business

VI. Committee Reports

Mr. Carroll reported that Parks & Recreation is quiet.

VII. Town Administrator Updates

Mr. Sterndale discussed the town report going out to print on Thursday.

Mr. Sterndale reported that Hoyle Tanner has been engaged as an engineer for the Griffin Mill Bridge project and that the market for contractors is tight.

Mr. Sterndale reported that interviews are happening for the posted land use administrator position.

Mr. Sterndale reported that registration for Camp Adventure opened this morning and was quickly filled.

VIII. Minutes

A. January 26, 2026

Mr. Rolfe motioned to approve the January 26, 2026 meeting minutes. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

B. Consideration of unsealing non-public minutes: April 16 & 23, 2012

Mr. Rolfe motioned to unseal the non-public minutes of April 16, 2012 and April 23, 2012. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

IX. Adjournment

Mr. Rolfe motioned to adjourn the meeting at 7:29 PM. Mr. Carroll seconded the motion. A vote was taken, all were in favor, the motion passed unanimously.

Respectfully submitted,
Nancy Hoijer, Recording Secretary
