

15 - 9/2/26

The State of New Hampshire
Department of Transportation

David Rodrigue, P.E.
Commissioner

Susan M. Klasen, P.E.
Assistant Commissioner

Michelle L. Winters
Deputy Commissioner

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, NH 03301

Bureau of Highway Maintenance
August 14, 2026

Informational Item

In accordance with the requirements approved by Governor and Council June 30, 2021 (Item #60) the Department of Transportation is to submit on an annual basis a summary of contracts with various private contractors to assist with winter maintenance activities, emergency repair of infrastructure due to flooding or other unexpected natural disasters, along with highway and bridge maintenance efforts. Attached, please find detailed reporting for the fiscal year ending June 30, 2026.

Explanation

The total for all the rented equipment associated with private contractors is \$22,583,552.22 (see attached list).

Since its creation, the Department of Transportation (Department) has rented privately owned equipment, with funding provided by the Legislature, to assist with the maintenance of the State's roadway system. Over the years, the Department has operated under various versions of its administrative rules, each of which has included provisions similar to current TRA 102.05(b)(3), stating that the Department's Bureau of Mechanical Services "shall be responsible for the setting of rental rates and approval of private equipment rental by this or any other department." The Department's most recent published equipment rental rates were established in 1999, with an update in 2021 to the rates for plow trucks. The approved FY24-25 budget included a 15% increase in equipment rental rates, effectively beginning in fiscal year 2024. Any rental rate that exceeds the Department's currently published rates, or any rate required for equipment not included in the current published rates, must be approved at the Director of Operations or Commissioner level.

The Department of Transportation has met with representatives from the Department of Administrative Services to discuss the rental of privately owned equipment. As a result of these discussions, both Departments agreed that the Department of Transportation should seek approval from the Governor and Executive Council for the continued use of equipment rental contracts. Under the agreed-upon process, the Department of Transportation will submit an informational item to the Governor and Executive Council on an annual basis detailing the rental contracts entered into and utilized during the fiscal year.

It is respectfully requested that this item be accepted.

Sincerely,

David M. Rodrigue, P.E.
Commissioner
