EQUAL OPPORTUNITY EMPLOYER- EQUAL EDUCATIONAL OPPORTUNITIES

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council

The New Hampshire Department of Education (NHED) is requesting to proceed with a **sole source** contract because the vendor provides specialized services and experience that are uniquely aligned with the requirements of the State Personnel Development Grant (SPDG), State Systemic Improvement Plan (SSIP), and IDEA requirements that cannot be readily duplicated by alternative providers. Moving forward without a competitive bid process ensures continuity of existing work, prevents disruption to established timelines, and supports the efficient completion of activities already in progress. Proceeding sole source ensures the state can maintain momentum on essential activities, uphold quality standards, and fulfill obligations efficiently and responsibly.

The department will be increasing the number of participating schools by an additional 20 schools during the upcoming project period. This expansion more than doubles the number of schools receiving support through SPDG and SSIP. PLACE, LLC has served as the project evaluator since June 2023 when they were awarded the contract following a competitive procurement process conducted through a Request for Proposal (RFP). They have developed specialized evaluative methods, tools, and resources aligned with federal and grant-funded requirements. Maintaining this vendor is critical to:

- **Consistency in Evaluation:** The established methodologies and frameworks ensure reliable data collection, analysis, and reporting across multiple grant cycles.
- **Compliance with Federal Requirements:** The SSIP and SPDG require rigorous evaluation and reporting; PLACE, LLC's expertise and historical knowledge of the department's initiatives are essential for meeting these obligations.
- **Efficiency and Sustainability:** Transitioning to a new evaluator would result in significant delays, duplication of effort, and potential risk to grant compliance. PLACE, LLC's familiarity with the state's priorities and existing partnerships enables seamless integration and continued progress toward state and federal goals.

In addition, the Evaluator will support the department's monitoring, implementation and data collection related to Secondary Transition (Indicator 13) to inform the development of statewide secondary transition State Education Agency (SEA) recommended practices and procedures. Indicator 13 is a compliance indicator that measures the percentage of students with Individualized Education Programs (IEPs) who have transition plans that meet the requirements of the Individuals with Disabilities Education Act (IDEA). The Evaluator will develop and implement evaluation tools and resources to support the implementation of Secondary Transition planning and will review, analyze, and disaggregate data for Indicator 13.

PLACE, LLC is committed to conducting program evaluations that connect implementation and evaluation and result in continuous project improvement. The staff are experts and expert practitioners in the field of special education and program evaluation. Their evaluations are of high quality and grounded in research and practice. Their mixed methods combine qualitative and quantitative data to understand implementation and its impact on outcomes. Their content knowledge expertise coupled with their experience in developing professional learning and training opportunities for adult learners and translating complex information for a variety of audiences are imperative to fulfilling the requirements of the scope of services in this contract.

Respectfully Submitted,

Caitlin D. Davis
Commissioner of Education

Notice: This agreement and all of its attachments shall become public upon submission to Governor and Executive Council for approval. Any information that is private, confidential or proprietary must be clearly identified to the agency and agreed to in writing prior to signing the contract.
