Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Administrative Services to enter into a contract (Contract# 8003806) with David White dba David White Trucking (VC #151930), Lemington, VT, for equipment rental with operator services with a requested price limitation in an amount up to and not to exceed \$200,000.00 effective upon approval by the Governor and Executive Council through February 28, 2027.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

The purpose of this requested contract is to expand statewide coverage for agencies to access equipment rental and operator services to augment state owned assets and staff expertise. The establishment of additional contracts and expanded price limitations are designed to prevent any overage risk as realized under existing contracts. The Department of Administrative Services (DAS), through the Bureau of Purchase and Property (BoPP) issued request for bid mid contract term to solve for the issues identified. RFB 3065-26 reached sixty-five (65) vendors through sourcing. Bid responses were received from the following vendors:

Cloutier Sand & Gravel Company, Inc.	CTSG LLC
David White dba David White Trucking	Dirt Designs By Johnston Brothers
Jason Sterling Environmental Designs LLC	JML Trucking and Excavating, LLC
Romik Developers LLC	

It is the agency intent that RFB 3065-26 result in a multi-award contract scenario. Upon approval 5 new contract providers will be added to the list of 23 active service providers covering all or a portion of the state. These recommended contracts are intended to co-terminate with the active contracts and the entire suite of statewide equipment rental contracts will be rebid August 2026 to ensure full statewide coverage is established well in advance of the February 2027 expiration date.

The requested price limitation of \$200,000.00 is based on active contract spend analysis and is adequate to cover the remaining contract term. Prior to RFB issuance, comprehensive assessment was performed between DAS and end using agencies, primarily the Department of Natural and Cultural Resources (DNCR), Bureau of Trails, to determine contract support for both ongoing and future project needs. Consistent with the current contract portfolio structure agencies engaging with contracted vendors are required to obtain quotes based on specific equipment needs and develop a project scope prior to beginning work. By approving this contract, it will allow the services and equipment necessary to complete vital earthwork and repairs to existing infrastructure in a timely manner, within budget restraints, and without an interruption to public access and enjoyment to roads, trails, and other state owned property.

Based on the foregoing, I am respectfully recommending approval of the contract with David White dba David White Trucking.

Respectfully submitted,

Charles M. Arlinghaus
Commissioner
