REQUESTED ACTION

Pursuant to RSA 14:30-a, VI, authorize the Department of Safety, Division of Homeland Security and Emergency Management (HSEM) to **retroactively** amend an accept and expend of Homeland Security Grant Program (HSGP) funds, awarded from the Department of Safety, Office of the Commissioner, to enhance community preparedness and resilience in the State of New Hampshire, by changing the end date to match the period of performance (POP) date of August 31, 2027, with no change to the price limitation of \$268,989.00, effective upon Fiscal Committee and Governor and Council approval for the period of August 31, 2026 to August 31, 2027. The original request was approved on May 15, 2026, FIS #26-089, following Governor and Council approval on May 20, 2026, item # 124. **100% Intra-Agency Transfers.** This item is contingent on the approval of the Fiscal Committee at their October 23rd, 2026 meeting.

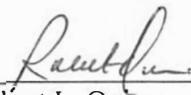

EXPLANATION

This amendment is **retroactive** due to delays in the Federal extension approval process. The extension will allow HSEM and vendors sufficient time to coordinate, execute, and finalize transactions necessary to support initiatives that meet the funding eligibility requirements specified in the Notice of Funding Opportunity for HSGP.

The Federal Emergency Management Agency (FEMA) has extended the POP date to August 31, 2027, and confirmed that Federal funding will not be impacted.

In the event that Federal funds are no longer available, General Funds and/or Highway funds will not be requested to support this program.

Respectfully submitted,

Robert L. Quinn
Commissioner of Safety
