and the Honorable Council
State House
Concord, New Hampshire 03301

REQUESTED ACTION

Authorize the Department of Administrative Services to enter into a contract with Allied Equipment, LLC (VC#315370), Hartland, ME in an amount up to and not to exceed \$2,800,000.00 for spreader parts with the option to extend up to an additional two years, effective upon Governor and Executive Council approval through July 31, 2031.

Funding shall be provided through individual agency expenditures, none of which shall be permitted unless there are sufficient appropriated funds to cover the expenditure.

EXPLANATION

Spreader parts are used for maintenance and repair of salt and sand spreading equipment installed on DOT and other agencies trucks to perform winter maintenance activities. Agencies require immediate access to replacement parts to ensure equipment is operational 24/7 to maintain safe road surfaces during winter storms. DOT operates a fleet of 381 trucks with spreaders varying in age that commonly require repair through the course of normal operations.

The Department of Administrative Services, through the Bureau of Purchase and Property, issued request for bid (RFB) 3141-27 for Spreader Parts on July 20, 2026, with responses due on August 8, 2026. The RFB reached 196 vendors through sourcing efforts, resulting in 3 highly competitive and compliant responses with the lowest cost in total being from Allied Equipment, LLC.

Upon approval the contract will allow DOT and other statewide agencies direct access to spreader parts to fulfill immediate needs of the agencies. This requested contract reflects a 6% overall cost decrease as shown in Allied Equipment, LLC's bid response when compared to the expiring contract. Allied Equipment, LLC was the lowest bidder in total compared to the next lowest bidder Viking Cives USA by 61%.

The requested price limitation of \$2,800,000.00 will cover the full 5-year term of the contract and has been calculated from actual expenditures gathered from internal spending reporting from fiscal years 2021-2025 as well as agency projections and regional coverage throughout the state. The price limitation includes a contingency of approximately 35%, for large projects and unforeseen expenditures under the contract's balance of product line.

The following table represents a summary of the amount necessary to accommodate the requested five-year term for Allied Equipment, LLC. The detailed bid tabulation is attached for reference.

Estimated annual spend	\$411,971.40
Term spend (5-years)	\$2,059,857.00

Based on the foregoing, I am respectfully recommending approval of the contract with Allied Equipment, LLC.

Respectfully submitted,

Charles M. Arlinghaus
Commissioner
