Re: PETITION FOR HEARING – Kensington #45179

Under RSA 230:14, attached is a petition for a hearing to replace the culvert carrying Winkley Brook under NH Route 150, located just south of Pine Lane in Kensington, New Hampshire. The project will replace the existing eight-foot diameter corrugated metal pipe with a nine and a half foot wide by six foot high precast concrete box. The proposed location of the box is at the same location as the existing pipe.

As this petition is not for the limitation or control of access, a Commission of Three Persons should be appointed by the Governor with the advice of the Executive Council to hold a hearing as prescribed by RSA 230:14. The Commission of Three Persons shall determine whether there is an occasion for the project.

Recommended Commission members:

Joseph Titone – Seabrook
Joseph Giuffre – Seabrook
Glenn Coppelman – Kingston

Respectfully,

A handwritten signature in blue ink, appearing to read "DR", followed by a long horizontal line.
