19 - 11/10/26

The State of New Hampshire
Department of Transportation

David Rodrigue, P.E.
Commissioner

Susan M. Klasen, P.E.
Assistant Commissioner

Michelle L. Winters
Deputy Commissioner

Her Excellency, Governor Kelly A. Ayotte
and the Honorable Council
State House
Concord, New Hampshire 03301

Bureau of Construction
October 21, 2026

Requested Action

1. Authorize the Bureau of Construction to enter into a contract with E.D. Swett, Inc. (Vendor 154176) of Concord, NH on the basis of a low bid of $1,389,380.00 for culvert replacement in Wolfeboro to convey an unnamed stream under NH 28 (Project: Wolfeboro #44455), from the date of Governor and Council approval through June 2, 2028, unless amended by the Department in accordance with the Standard Specifications. **80% Federal Funds, 20% Highway Funds**.

Funds are available in the following account for Fiscal Year 2027, and are anticipated to be available in Fiscal Year 2028, with the authority to adjust encumbrances between fiscal years within the price limitation through the Budget Office, if needed and justified:

Funding is available as follows:	**FY 2027**	**FY 2028**	**Total**
04-96-96-963515-3054 Consolidated Federal Aid 400-500870 Highway Contract Payments	$565,856.56	$545,647.44	$1,111,504.00
04-96-96-963015-3049 Non-Participating Construction 400-500870 Highway Contract Payments	$141,464.14	$136,411.86	$277,876.00
		Total	$1,389,380.00

2. Further authorize that a contingency in the amount of $138,938 be approved for payment of latent conditions, which may appear during the construction of the project. The contingency requested is 10% of the contract amount.

Funding is available as follows:	**FY 2028**
04-96-96-963515-3054 Consolidated Federal Aid 400-500870 Highway Contract Payments	$111,150.40
04-96-96-963015-3049 Non-Participating Construction 400-500870 Highway Contract Payments	$27,787.60
Total	$138,938.00

Explanation

This project is a result of emergency repairs by District 3 from a July 16, 2023, intense rain event. Replacement of an existing 80 ft. long 60" diameter Corrugated Metal Pipe under NH 28 with a 9 ft wide x 6.5 ft high pre-cast concrete box culvert and wing walls. The culvert is located 825' north of Oakwood Road. Roadwork includes replacement of guardrail and bituminous curbing.

This project will result in a 9 ft wide concrete box culvert to convey a no-name stream under NH 28. This culvert project will increase flood resiliency while addressing environmental resource functions and values, such as wildlife passage and wetland connectivity, thereby balancing the built infrastructure with ecological resilience.

The proposed contingency amount is 10% of the contract amount. This is to account for the risks associated with culvert excavation and foundation conditions, unanticipated traffic control needs, and potential risk of over-runs in minor Items such as pavement repair and erosion control.

The Contractor has been prequalified by this Department. The Contract has been approved by the Attorney General as to form and execution, and the Department has certified that the necessary funds are available and the bid reasonably conforms to the engineer's estimate in accordance with State procedure. Copies of the fully executed contract are on file at the Secretary of State's Office and the Department of Administrative Service's Office, and subsequent to Governor and Council approval, will be on file at the Department of Transportation.

This project funding is: 80% (FHWA Emergency Funds); 20% Highway Funds.

A copy of the Tabulation of Bids received for this project is attached along with the Contract Supplemental Sheet and a map indicating the location of the project.

Your approval of this resolution is respectfully requested. The Department of Transportation has determined that the vendor is in good standing with the Secretary of State's Office, has secured the required levels of insurance, and has provided evidence of authority to execute and be bound by the contract.

Sincerely,

David M. Rodrigue, P.E.
Commissioner

DMR/pcj

Department Estimate:	$1,509,202.50
Contract Amount:	$1,389,380.00
Under Estimate:	**$ 119,822.50**

SUPPLEMENTAL PROJECT INFORMATION SHEET

DESCRIPTION: Replacement of an existing 80 ft. long 60" dia. CMP under NH 28 with a 9 ft wide x 6.5 ft high pre-cast concrete box culvert and wing walls. The culvert is located 825' north of Oakwood Road. Roadwork includes replacement of guardrail and bituminous curbing.

FEDERAL FUNDING: 80% (FHWA Emergency Funds); 20% NHDOT Operating Budget funds

CONTINGENCY: The proposed contingency amount is 10% of the contract amount. This is to account for the risks associated with culvert excavation and foundation conditions, unanticipated traffic control needs, and potential risk of over-runs in minor Items such as pavement repair and erosion control.

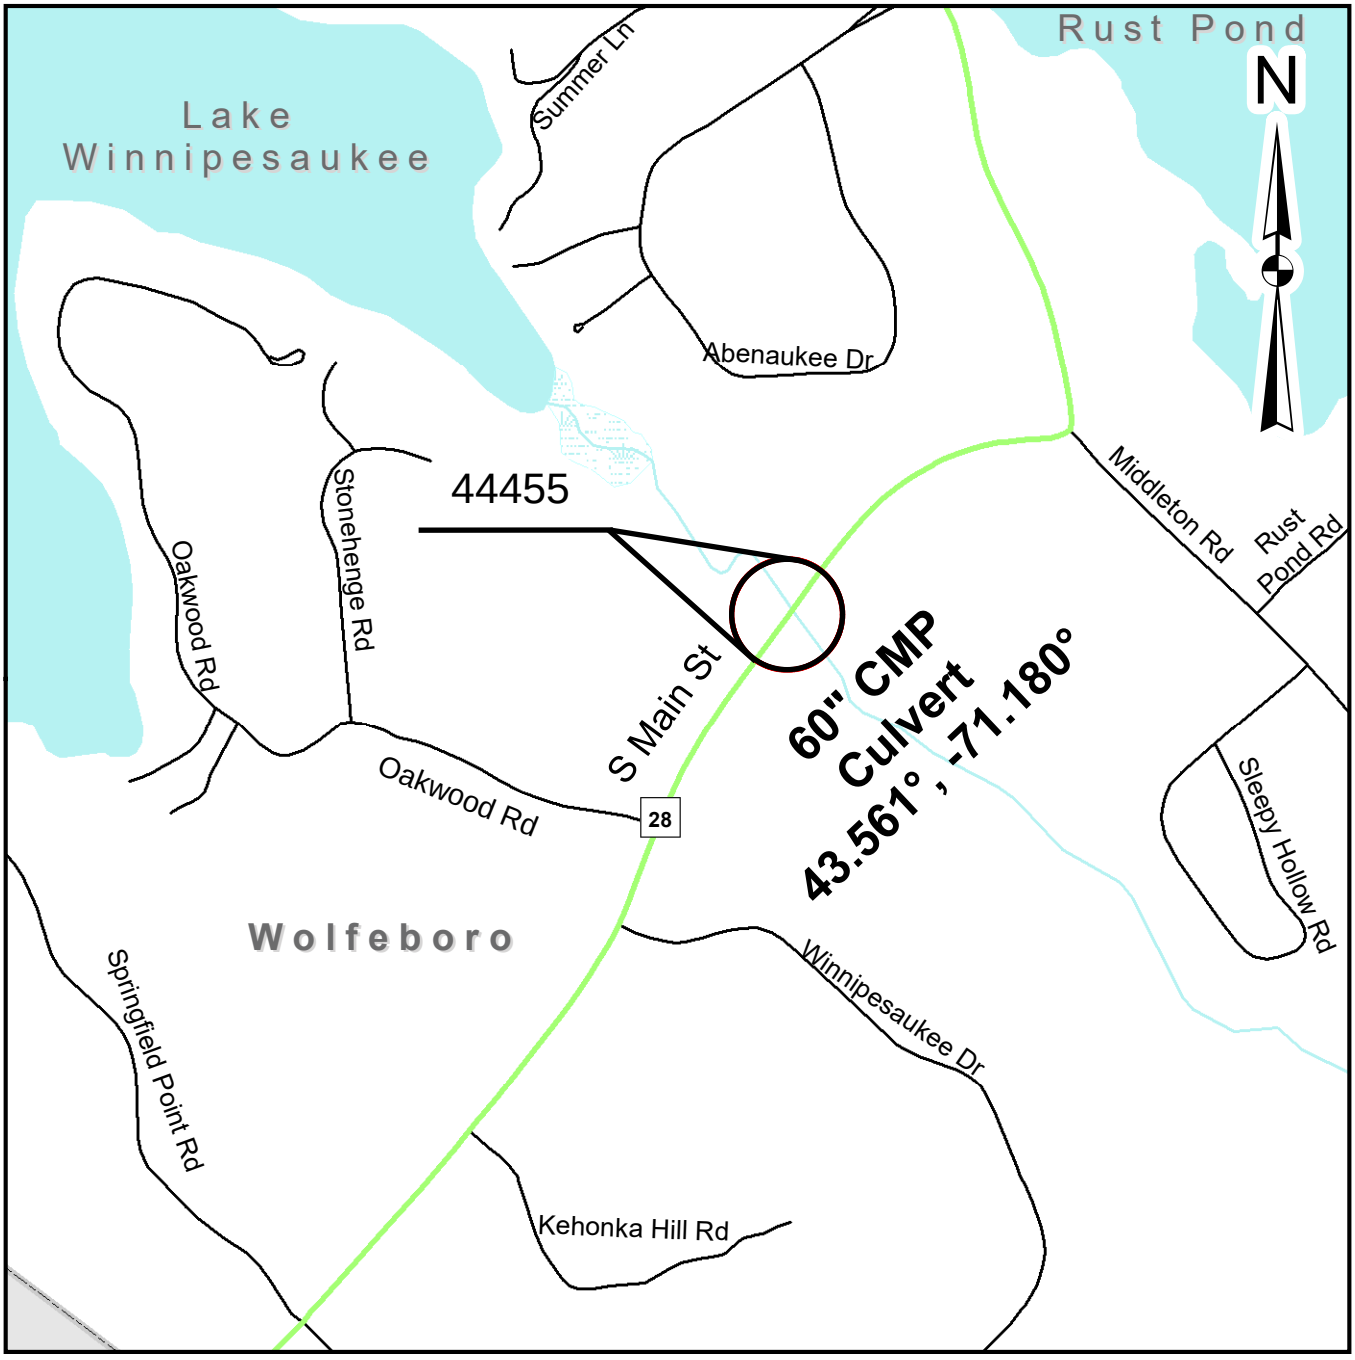

PROJECT INITIATED: As a result of emergency repairs by District 3 from a July 16, 2023 intense rain event.

PROJECT EXPLANATION: This project will result in a 9 ft wide concrete box culvert to convey a no-name stream under NH 28. This culvert project will increase flood resiliency while addressing environmental resource functions and values, such as wildlife passage and wetland connectivity, thereby balancing the built infrastructure with ecological resilience.

TRAFFIC IMPLICATION: The state detour route would be 42 miles in lieu of the proposed alternating one-way traffic. Closure of NH 28 and the detour would be a significant hardship for the travelling public. Therefore, alternating one-way traffic will be maintained with the use of temporary traffic signals to control traffic. Two-phase construction using this alternating one-way traffic operation will be implemented.

COMPLETION DATE: Friday, June 2, 2028
